

Workers and War

Lucy E. Parsons

February 12, 1917

The anti-military spirit which is developing among the masses of Europe will tell the governments of the Earth that the workers have no trouble that needs to be settled by cruel war; and if the rulers have trouble, they can settle them by fighting it out among themselves. The working class wants to enjoy the fruits of their toil, the short time they journey this Earth. But we are told that kind of talk is unpatriotic, that every man ought to be willing to fight for his country. What country belongs to the wage class?
