

Guess That Mega-Ritual!

These Hunger Games are REAL.

Welcome to *Guess That Mega-Ritual*, the most fun you can have with your pants zipped! If you really want to understand what's going on here, read these two books first:

Otherwise, try to keep up and

Clue #1:

As discussed in *Most Dangerous: A True Story*, 2013 was the 50th anniversary, or Golden Jubilee, of the Kennedy assassination. So what? Let's see, that year brought: the Boston Bombings; ricin letters to President Obama and Senator Roger Wicker; massive explosions in West, Texas, and Mobile, Alabama;

and so much more. Still don't understand? That's why I went to the trouble of writing a 400-page book to explain it. (Oh, and 2015 was the Year 50 Anno Satanas, which witnessed all sorts of diabolical mischievousness, but that's the subject of my next book so I'm not going to give anything away.) 2016 is a Biblical Jubilee and has been declared a Special Jubilee of Mercy by Pope Francis, but that's not the Jubilee you should be paying attention to. Keep going.

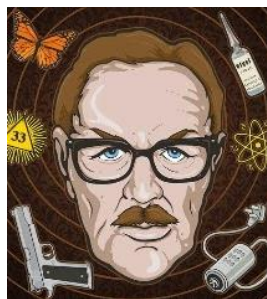

Clue #2:

On April 19, 2016, two exact replicas—twins (that's for later)—of the 50-foot arch that stood at the entrance to the Temple of Baal will be erected in Times Square in New York City and Trafalgar Square in London. The original archway stood for centuries in Palmyra, Syria, until it was blown to bits in 2015, ostensibly by ISIS acting on their own accord. While these recreated arches won't open a stargate or portal to Hell, their reconstruction on April 19th will mark the start of a 13-day countdown to May 1st, which you'll read more about in a moment. And while both the Branch Davidian Massacre in Waco, Texas, and the Oklahoma City Bombing both occurred on April 19th, don't expect any fireworks on this date this year.

Hint: Baal - Ba'al Zəbûb - Beezlebug

Clue #3:

“Beal onomatology is rendered thus: El-Bel-Baal-Be al-Beal-Beale.”

--*King Kill 33* by James Shelby Downard and Michael A. Hoffman II

(Onomatology is the study of the origin, history, and use of proper names.)

Clue #4:

Beale Street Music Festival, Memphis, TN – April 30 and May 1, 2016

Clue #5:

May 1 - Beltane

Hint: *Là Bealltainn* (Scottish Gaelic)

Hint #2: "Fire of Bel"

(also, May 1st, 1776, was the Founding of the Illuminati)

Clue #6:

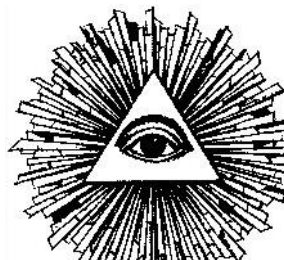

Memphis, Egypt, was an ancient center of Baal worship.

(I know Baal wasn't originally an Egyptian deity. Do your own damn research if you doubt me on this.)

Clue #7:

The Memphis Pyramid overlooks Tom Lee Park, where the Beale Street Music Festival is held.

I rest my case.

Bonus: Oh, there's this, too. Another shot of Tom Lee Park—which sits on the banks of the Mighty Mississippi, the “Nile of the New World”—looking in the opposite direction. For future reference, be sure to note the I-55 bridge in the background behind the phallus of Osiris.

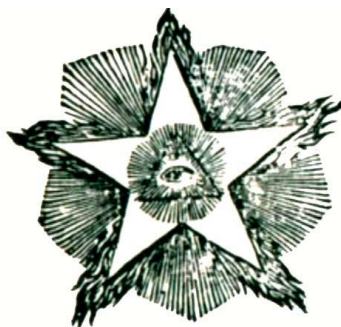

Clue #8:

May Day = Mayday!

Hint: 9/11 = 9-1-1

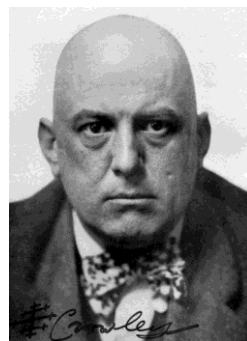

Clue #9:

May 1st marks the heliacal setting of Sirius the Dog Star, the abode of Lucifer and the Blazing Star of the Freemasons, as well as the Silver Star of Aleister “The Godfather of Modern Satanism” Crowley (pictured next clue)

Hint: 9/11 = Thout 1, New Year’s Day on the Egyptian Coptic calendar, which marks the observed heliacal rising of Sirius. *We mourn thy departing, oh Sirius. We welcome thy return, oh Sirius.*

Clue #10:

May 1 = 5.1

“51. ... pain.”

--Aleister Crowley, *Gematria*

Precedent: The 9/11 Mega-Ritual incorporated multiple numbers of significance to Crowley: 11, 77, 93 and 175 (as in flight numbers).

Bonus factoid: 2016 is the Year 51 Anno Satanas (the Age of Satan). So, May 1 is actually 5.1.51 A.S. By the way, the sides of the Great Pyramid of Giza are angled precisely at 51 degrees, 51 minutes.

Clue #11:

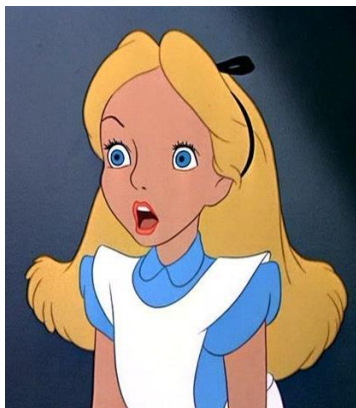

U.S. Route 51 runs through downtown Memphis, right past Beale Street.

Hint:

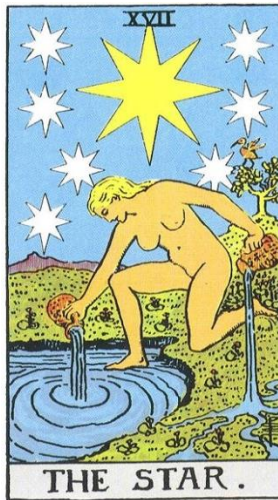

“Mystical toponomy ... [is] part of a process which hinges on a marriage between action in time (or recorded history) and physical locations on the earth regarded as ‘places of power’ by the cryptocracy’s magical-geographical vision of the earth as a giant chess board, symbolized by the tessellated floor of Solomon’s Temple and the masonic lodge, and Alice’s vision of the world in Lewis Carroll’s Wonderland ‘fantasy.’ ... Beale is a significant symbol-name in the masonic chess game which is played with word, number, sign, symbol and destination across the face of *America mystica*.”

--Michael A. Hoffman II, *Secret Societies and Psychological Warfare*

(For those who didn’t follow that, it means that, yes, in some—but certainly not all—cases, objects that we interact with every day are labeled or tagged with names or numbers that have a deeper, intentional meaning to the people who run this planet. The shorter version: it may not be coincidence that U.S. Route 51 runs through Memphis.)

Clue #12:

Warning: don't try this at home. This operation should only be performed by professionals.
51 = 3 x 17, triple 17, and the 17th card in the tarot is The Star, which represents none other than Sirius.

The I-55 Bridge, Memphis

Bonus: Sirius the Police Dog, Badge #17, was the only animal to die in the line of duty on 9/11.

Clue #13:

National Security Presidential Directive 51

Provides the authority to execute procedures for continuity of the federal government in the event of a "catastrophic emergency". Such an emergency is construed as "any incident, regardless of location, that results in extraordinary levels of mass casualties, damage, or disruption severely affecting the U.S. population, infrastructure, environment, economy, or government functions."

Clue #14:

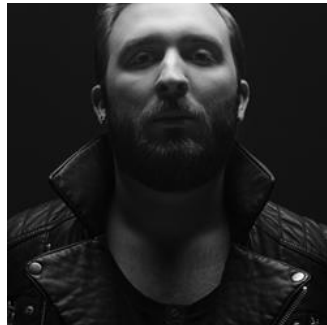

Festival performers include:

Paul "Bridge Over Troubled Water" (or "Sound of Silence") Simon

Cypress Hill, whose albums include "Skull & Bones".
(Oh, yes, 322. The attack in Brussels was on March 22nd, wasn't it?)

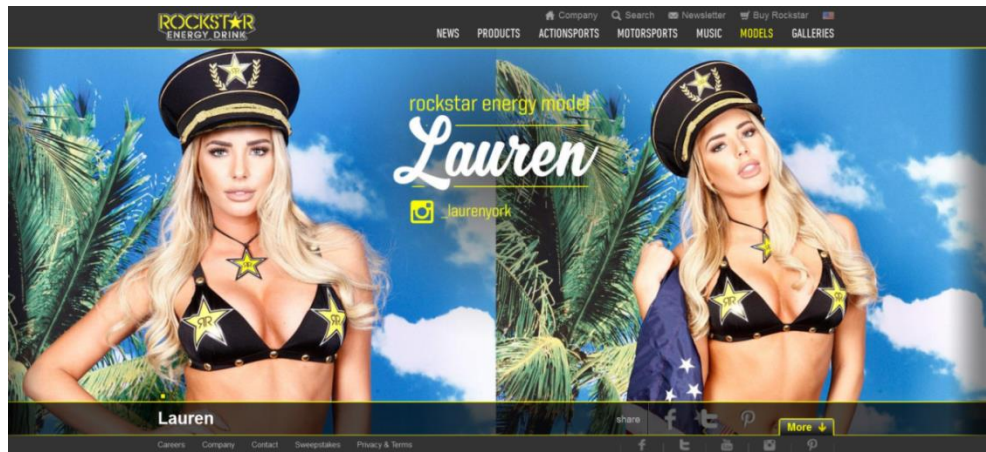

Coleman Hell (supposedly his real name) from Thunder Bay, Ontario.
Interestingly enough, Baal is a God of Thunder.

Coleman Hell

Clue #15:

Festival sponsors include Rockstar Energy Drink:

I didn't really need to include the image on the right ... but it does help get the point across.

Hint:

Another festival sponsor:

If you really need a hint with this one, I'd be very disappointed, but here:

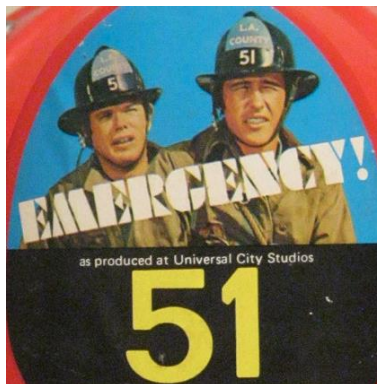

Clue #16:

And there's always the obligatory radical Muslim/jihadi (ie. scapegoat) cover story. Pick-a-patsy:

Last Clue:

Okay, this isn't really a clue, it's just my favorite childhood TV show, although, I suppose there's always the possibility that this is an early example of the type of pre-programming we saw with 9/11. If you don't know what I'm talking about, Google it, or, better yet, read my books.

P.S.

Okay, contestants, that completes Round One. If you don't know where this Mega-Ritual is going to happen, or when, or why...

Everyone else, let's move on to the Round Two.

Clue # 1:

Playing in Minneapolis, Minnesota, on Sunday, May 1, 2016!

Another 50th, another Golden Jubilee ...

Keep in mind which 50th we're really celebrating, though.

Clue # 2:

TARGET CENTER

And The Who is playing at, drumroll please -- the Target Center!

Clue # 3:

Bullseye.

And, Bull's Eye. Symbol of Baal: the bull.

Bonus: May 1 Zodiac sign? Taurus.

Clue #3:

Oh, yeah, there's this.

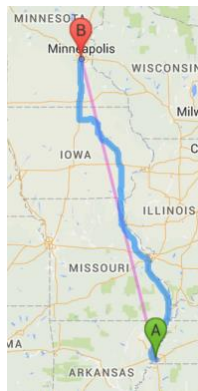

Hint:

Clue #4:

Double Bull's Eye?

Twin Attacks?

Located in the Twin City of Minneapolis, the Target Center sits less than a mile from the Mississippi River and directly across from Target Field, home of the Minnesota Twins.

Hint:

The Twin Towers. Or, the Twin Bombings at the Boston Marathon.
(More on the prolific use of the twin meme in false-flag terror attacks in my books.)

Clue # 5:

The Who—whose origins are in London, England, location of the 7/7 attacks and the home of Trafalgar Square—performs at 7:30 p.m. on Sunday, May 1. Paul Simon—whose origins are in New York City, site of attacks on 9/11 and home of Times Square—performs at 7:35 p.m. on Sunday, May 1.
(Yes, they're in the same time zone.)

Hint:

“Hello darkness, my old friend.”

Clue # 6:

Trafalgar Square. Times Square. Compass and _____ . Thank you.

That's it for Round Two. If your guess as to where this Mega-Ritual will occur is *on target*,

Now, get ready for the

In the bonus round, the task is "spot that foreshadowing". Here we go!

Clue #1:

Walpurgisnacht, April 30

Clue #2:

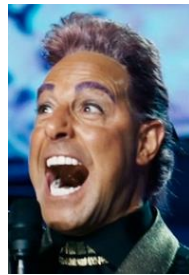

February 25, St. Walpurgis Day

Clue #3:

Sam Beall, proprietor of the renowned Blackberry Farm, a 4,200-acre luxury resort in Tennessee which was named No. 1 in the U.S. under his leadership: *Travel + Leisure's* Number 1 hotel in North America, *Bon Appetit's* #1 Hotel for Food Lovers, and three James Beard Awards.

Mr. Beall died in what was reportedly a tragic skiing accident in Vail, Colorado, leaving behind five children and wife Mary Celeste, on ... February 25. (You might want to talk to actor Randy Quaid about this one. He's got this whole star-whackers theory.)

Well, that's it boys and girls. Pretty easy, huh!
