## ALEISTER CROWLEY

Edward Alexander Crowley was born at 36 Clarendon Square in Leamington Spa, Warwickshire, England (exact coordinates 1W32:21 52N17:39), some say about half an hour before midnight Oct 12, 1875. Horoscope rectifies to 12:53 AM Wednesday October 13, 1875, on account of Uranus souljourn on the Gemini ascendant. Mars rules in Scorpio part of Fortune therein. Sun rules in Leo over Venus. Mercury rules in Virgo over Jupiter verily fallen therein, tail of the dragon debilitate. Saturn on the Sagittarian Descendant. Moon verily fallen in Capricorn. Head of the Dragon rules in Aquarius.

In all fairness, Aleister Crowley scored only 10 for 22—that's under 46% accuracy—in his proper identification of just 10 out of 22 major arcana trumps with their corresponding planet or planetary ensign. In so doing, the estimable Mr. Crowley misidentified the correspondences of wholly 12 of the planets/planetary ensigns in the 22 major arcana trump cards! The facts speak for themselves. The following chart compares the absolute identification on the left with Crowley's 10 hits and 12 misses on the right: That's not such a good track record for Mr. Crowley, as the following table plainly demonstrates:

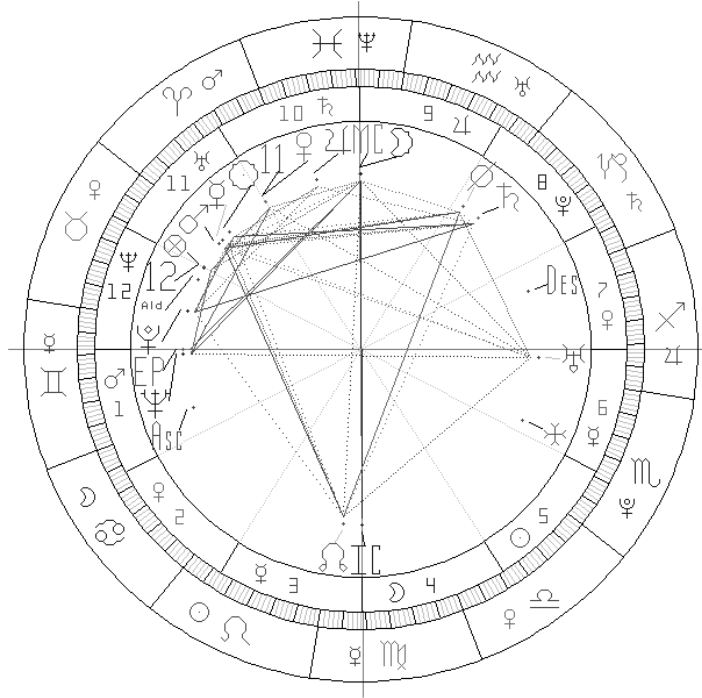

#	Tarot Major Arcana	Actual Planet & Sign	Aleister Crowley's Scorecard	Aleister Crowley's ID / misID
X	Fool	- Pluton	<i>Wrong</i>	- "Air"
IX	Hermit	- Neptune	<i>Wrong</i>	- "Virgo"
VIII	Star	- Uranus	<i>Wrong</i>	- "Aquarius"
VII	Judgment	- Saturn	<i>Wrong</i>	- "Fire"
VI	Emperor	- Jupiter	<i>Wrong</i>	- "Aries"
V	Tower	- Mars	<i>Right</i>	- "Mars"
IV	Sun	- Sun	<i>Right</i>	- "Sun"
III	Empress	- Venus	<i>Right</i>	- "Venus"
II	Magician	- Mercury	<i>Right</i>	- "Mercury"
I	Moon	- Moon	<i>Wrong</i>	- "Pisces"
12	Hanged Man	- Pisces	<i>Wrong</i>	- "Water"
11	Temperance	- Aquarius	<i>Wrong</i>	- "Sagittarius"
10	World	- Capricorn	<i>Wrong</i>	- "Saturn"
9	Fortune	- Sagittarius	<i>Wrong</i>	- "Jupiter"
8	Death	- Scorpio	<i>Right</i>	- "Scorpio"
7	Justice	- Libra	<i>Right</i>	- "Libra"
6	Priestess	- Virgo	<i>Wrong</i>	- "Moon"
5	Strength	- Leo	<i>Right</i>	- "Leo"
4	Chariot	- Cancer	<i>Right</i>	- "Cancer"
3	Lovers	- Gemini	<i>Right</i>	- "Gemini"
2	Hierophant	- Taurus	<i>Right</i>	- "Taurus"
1	Devil	- Aries	<i>Wrong</i>	- "Capricorn"

In conclusion, Aleister Crowley wasn't even half-right about the tarot and astrology, whereas he was more than half-wrong about it. So "do what thou wilt", fine, but be sure NOT to bear false witness, else "thou shalt" bear thine iniquity, be rest assured [Exo 20:16, Lev 5:17 *ibid*].

## WYATT EARP

Wyatt Berry Stapp Earp was born to Nicholas & Virginia Earp on Sunday, 19 March 1848 in Monmouth, Illinois. The actual address where Wyatt was born has long been in dispute with the local citizenry. There's a URL with an amazingly detailed account on how this poser remains definitively unsolved:

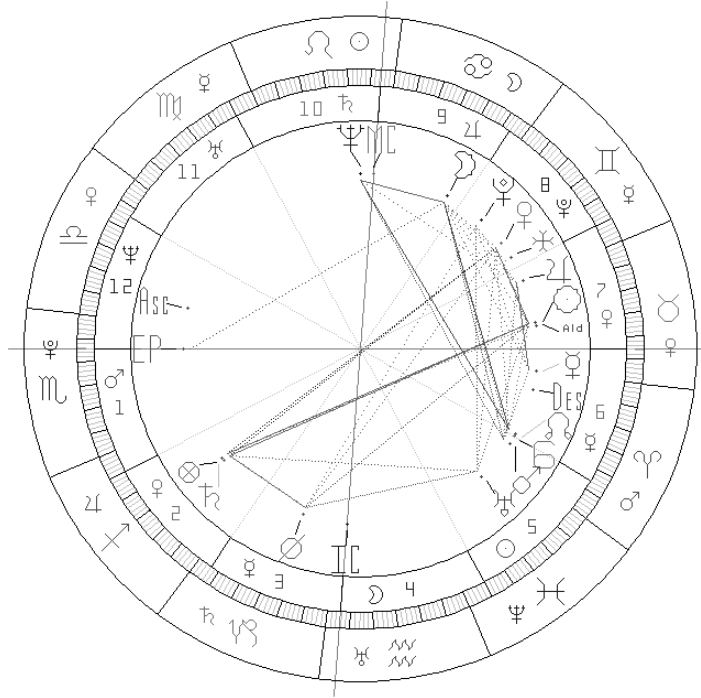

[http://department.monm.edu/history/urban/wyatt\\_earp/grounds\\_for\\_caution.htm](http://department.monm.edu/history/urban/wyatt_earp/grounds_for_caution.htm)

As this article's erudite reporter William Urban seems to favor where the house now at 913 South 6th was first built on 213 S. Third Street (since he speaks highly of Eckley), and the distances between sites is negligible in any case, then 213 S. 3rd St. is deemed the likely place at USGS coordinates 90W38:39 40N54:38.

I like Neptune's transit midheaven 9 about 10:25:00am LMT. Pluto souljourn 11. I have a great deal of respect for Mr. Earp & his family, & of course his awesome friend Doc Holiday.

## CLINT EASTWOOD

“A Man Has Got To Know His Limitations”

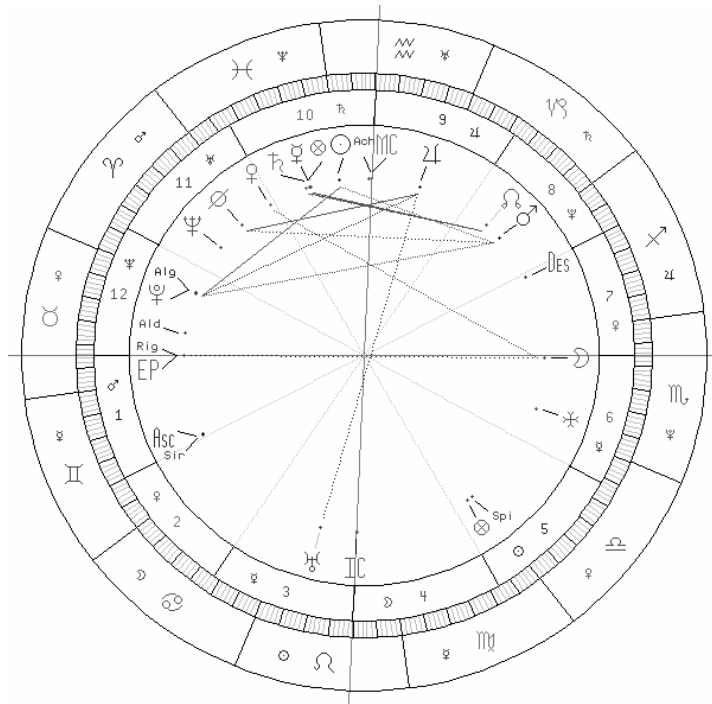

Clinton Eastwood Jr. was born to Clinton & Ruth Eastwood in San Francisco, California on Saturday 31 May 1930, at 5:35 PM, on account of neptune debilate upon the midheaven particularly by the head of the dragon transiting into the eleventh house of the horoscope which is fifth of zodiac. Albert Einstein was born to Hermann & Pauline Koch-Einstein at their residence in a 4-storey apartment building which was built in 1871 at Bahnhofstrasse B135 Ulm Baden-Wurtemberg (renumbered Bahnhofstrasse 20 in 1880), 89073 Deutschland, 11:30 AM LMT Friday, 14 March 1879 (exact coordinates 09E59:05 48N23:56). ## EDIE FALCO

Insufficient data. Personality indicates a Mars souljourn. She's one of my favorite actresses, because she's terse, abrasive, bold and fiery—e.g., a natural for Tony Soprano's better half.

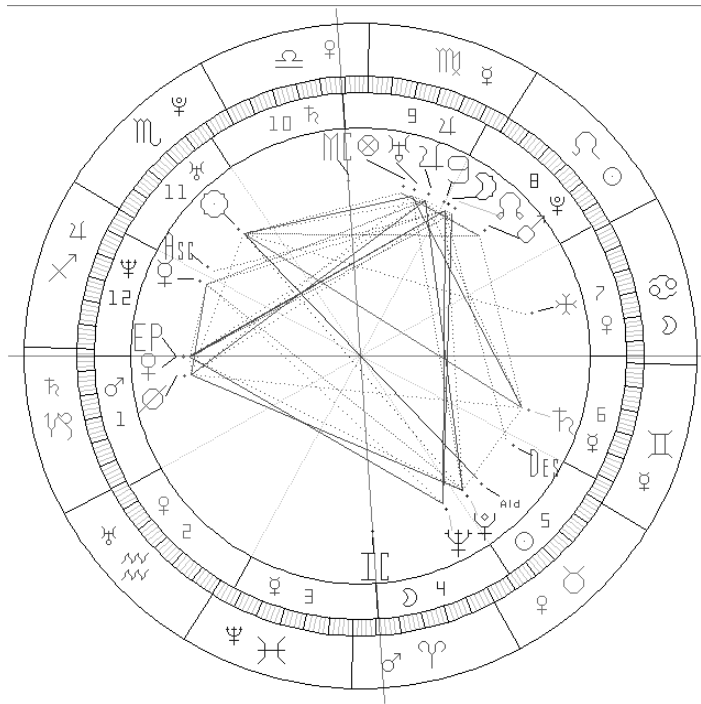

## JODIE FOSTER

Alicia Christian Foster was born to Evelyn “Brandy” Foster and absentee father Lucius Foster III on a Monday, 8:14 AM 19 November 1962 at the Los Angeles County General Hospital (118W15 34N03) on account of Neptune souljourn—fallen in the angle. ## OLIVER FOX

Oliver Fox was born at home on Seven Sisters Road, London, England, November 30th 1885 about 9:10 AM GMT. The source of this birth time was found by yours truly hand-written in an old, first-edition book by Fox on astral projection in my parents' at the time vast library on esoteric subjects. With Venus so near the cusp, I wondered if the original time wasn't "about an hour past sunrise". Were that the case, with sunrise about 7:50 AM that morning, then Venus would've been well before the cusp, so the Moon's transit would've been the "trigger" of the horoscope, putting the time of birth closer to 9:05 AM, for a difference of only five minutes. I suspect 9:05 is the correct time, but either way, the time given reveals a fallen Jupiter in Gemini, Mars souljourn fallen in Taurus, under Moon & Head of the Dragon therein (NOTE the lunar node is malefic for the Moon). Fortune is in Scorpio. Saturn debilitate in Aries. Spirit is fallen in Gemini with Jupiter. On the other side is Venus ruling in Libra over Tail of the Dragon therein, meaning Fox needed work in the house of Others. Mercury rules in Virgo. Sun rules in Leo aloft the Ascendant.

## BENJAMIN FRANKLIN

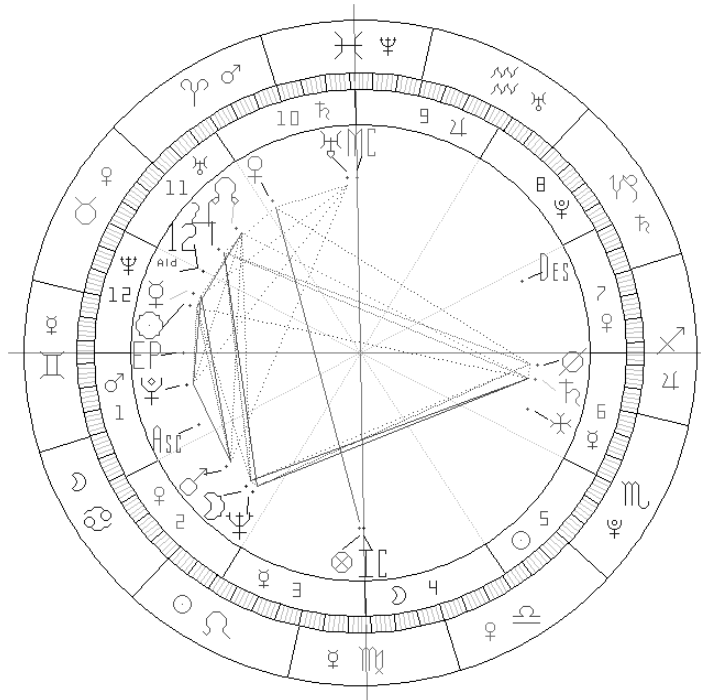

Benjamin Franklin was born to Josiah & Abiah Folger Franklin in Boston, on the 6th of January anno Domini 1706 by the old Julian calendar as recorded in the ‘City Registry of Boston’, Boston Birth records vol 5 pg 113; and also in the baptismal records of the ‘Clerk of the Old South Church, Boston: Colony of Massachusetts’. This date is January 17th by the new-style, modern Gregorian calendar. The original house was on Milk Street, just across from the old church which is still standing, and is located at USGS coordinates 42N21:27 & 71W03:24.

Time of birth is unknown. Rectification to 10 am LMT reveals that Benjamin had Mars-Venus-Mercury-Moon ruling 1234—a clean sweep! He would’ve had Jupiter 9, but for the horoscope Jupiter had thus transited the cusp verily into SCORPIO, clearing the way for that soul’s entry into his new-born body. Benjamin Franklin’s souljourn was therefore Neptune in ascendancy.

Galileo Galilei was born to Vincenzo & Giulia Ammannati-Galilei at a house owned at the time by the Ammannati family at Via Giusti, 24, Pisa 56127, Italia; exact map coordinates are 10E24:22 43N42:59. Galileo himself recorded the date and time of his advent 15 February 1564 22:30, counted by sunset the previous evening—i.e., by the local, liturgical reckoning.

The cosmic descendant for this exact latitude & longitude February 14 was 5:36:37 PM LMT (the Sun transited the 7<sup>th</sup> meridian-cusp 5:32:23 PM LMT, i.e. 6:00:00 PM LAT, but which method he used is unknown; and the mere 4-minute difference has none effect on the horoscope, apart from a Uranus transit on the 5<sup>th</sup> meridian-cusp); add the ~22:30 yields 4:06:37 PM LMT. The Sun was southing 12:13:53 LMT post meridiem, thus Galileo's birth was ~ III h. Mohandas “Bapuji” Karamchand Gandhi was born to Karamchand “Kaba” & Putalabai (Putlibai) Gandhi in what is now the run-down “Gandhi Smrutia”, a three-storey, 22-room, white-washed house in disrepair located right next to the main fish market in Porbandar, Gujarat; on the morning of Saturn’s day October 2nd, anno Domini 1869, at about 7:49 AM LMT on account of Sun’s transit to rule in the 5<sup>th</sup> house of the horoscope (Sun transited the cusp exactly 7:48:56 AM LMT). Moon rules 4<sup>th</sup> house, Mercury rules 6<sup>th</sup> house on the Ascendant. Venus rules in the 7<sup>th</sup> house Mars souljourn is fallen—i.e. “engraved”—thereunder.

## MEL GIBSON

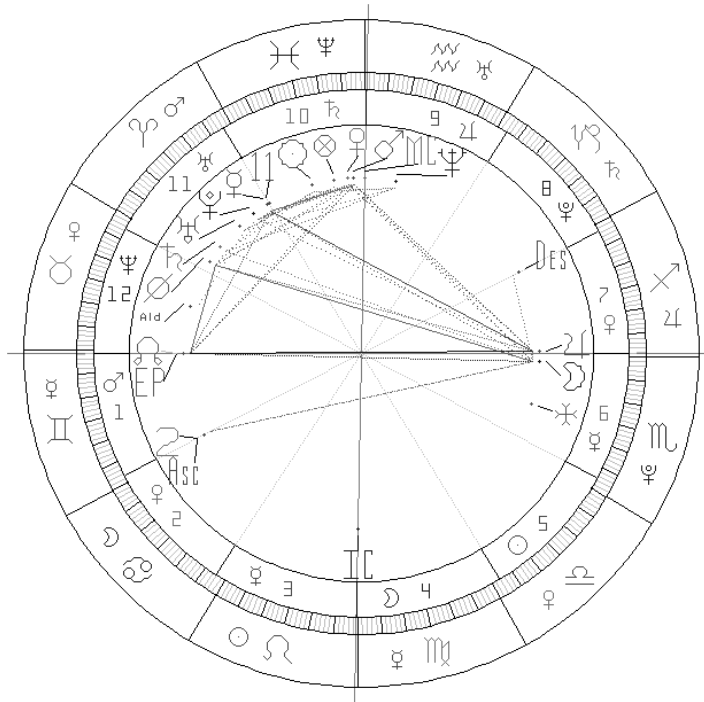

Mel Columcille Gerard Gibson was born to Hutton & Anne Gibson in Peekskill, NY on Tuesday 3 January 1956 about 4:45 PM EST according to his biographer, David Ragan.

Gibson is verily—ever-so-self-evidently—an EXTREME Uranus souljourn to the 12<sup>th</sup> house of the horoscope. Mercury rules in the 6<sup>th</sup> house. Sun rules in the 5<sup>th</sup> house. That such a talented and successful actor could be so passionately faithful unto our LORD & Saviour Jesus Christ, that's enough for me to name Mel Gibson as my favorite actor—even though he's not quite the most talented male actor of modern experience (I favor Chaplin, Hopkins, Olivier, Price, et al). Rather, it's that Gibson loves Jesus! NOTHING is of greater value, else more deserving of respect—save for Jesus' love of us. For *His* is the love of Jehovah God, the Emperor of heaven.

## STEPHEN HAWKING

I was looking at Stephen William Hawking's horoscope, born Thursday, January 8th, 1942 in Oxford England (1W15 51N46, time unavailable). Not surprisingly, he has his Sun with ruling Mercury in the sixth house, Venus ruling seventh house, tail of the dragon for Uranus is under ruling Saturn in the tenth house of the horoscope—Jupiter eleventh house, Moon is exalted second house conjunct Neptune, finds head of the dragon therein, Pluto first house, Mars ninth house. Venus is the nearest planet closing benefic at 0.345 AU, also Moon, Mercury, Neptune & Pluto closing the distance. Head of the dragon with Moon is verily malefic. Probable Uranus souljour. Highly intelligent (Mercury & Sun in Virgo oft-kick ass o' plenty). But Hawking is consistently *lacking* in imagination which is forever more important than intellect, i.q., or worldly knowledge. Lo, if only I were even so much as one-third as SMART as Hawking obviously is! But lo, I'm not anywhere near Hawking, neither to anyone of his caliber. I suppose that the world should say Amen. ## SADDAM HUSSEIN

Saddam Hussein al-Tikriti was born before sunrise yawm al-'arb`a' 16 Safar 1356 (Wednesday 28 April 1937) to Hussein & Subha al-Majid, near Tikrit in Al-Auja, Iraq, on account of Saturn transiting the cusp & cresting the Ascendant about 3:45 AM. Mars rules in the 1<sup>st</sup> house of the horoscope, Head of the Dragon, Moon afflicted thereby. Jupiter 10<sup>th</sup> house. Saturn soul-journ on the Ascendant 12<sup>th</sup> house in mutual reception with Jupiter. Venus 5<sup>th</sup> house of the horoscope. Mercury rules in the 6<sup>th</sup> house, Sun conjoined Uranus therein. Pluto 8<sup>th</sup> house. Tail of the dragon exalts in the 12<sup>th</sup> house. Fortune 11<sup>th</sup> house on account of Ascendant transiting the East Point (first meridian house-cusp) at the time of Saddam's birth.

All things considered, I'd rectify Saddam's time of birth to Jupiter's transit at 3:39 AM into the 2<sup>nd</sup> house from the 3<sup>rd</sup>, else Saddam's souljourn would've been Jupiter—not even a possibility in his case, since Zeus is the expansive Emperor of giving and dignity, even He is Jehovah God to the Judeo-Xians (in fact, Zeus is the heavenly father of Jesus). No way is that Saddam's soul-journ. Therefore, Saturn, Satan, spits him out on the Ascendant. That's no offense to Saturn, Kronos, Father Time, who is the heavenly father of Jehovah God. Rather, only the divine powers and principalities could tolerate such a cruel and heartless soul as that which is incarnate in the body of Saddam Hussein. Don't blame Satan for the hideous crimes of mere mortals.

John the Baptist was generated XIX MARTIVS, in Ain Karemjudah (map coordinates 35:10E 31:42N, approximately 4 miles west of Jerusalem), *in year four and twenty of Cæsar Augustus* on account of Solar transit antemidheaven to rule in the fifth house of the horoscope, Uranus & head of the Dragon are co-fallen therein. New Moon (hodesh ha-abib) yet with ruling Mercury six house which is fourth of zodiac. Saturn Pleiades (5 Taurus) exalts in the seventh house. Jupiter is ruling in the ninth house. Mars souljourn in ascendancy is fallen in the second house, Fortune on the Ascendant therein twelfth of zodiac. Neptune retrograde by head of Draco (17 Scorpio) is ruling in the twelfth house of the horoscope. Venus fourth house. Tail of the Dragon is with Pluto in the eleventh house of the horoscope.

John's Fortune was realized at the third hour, 9 AM, because of his first-cousin Jesus' baptism. I.e he, John, Mars, the self, must decrease, while God incarnate of Jupiter & Venus—the Emperor & Empress of heaven, the Prince of heaven incarnating upon the Earth—must increase.

The birthplace of Jesus is adorned by a 14-pointed star upon a marble stone. This is the site of the ancient grotto which holds the manger believed to be the actual trough where newborn Jesus was laid wrapped in swaddling clothes by his mother, Miryam. **HIS STAR AT ITS RISING**, an hour and a half before sunrise Bethlehemjudah 3:50 AM LMT for Saturn’s ingress into the tenth of zodiac (Twelfth of Horoscope) i.e., Augusti mensis die XI h. XV m. XLVIII post meridiem horologii Mathematici (local-angular, or sundial time).

Notably Mercury transits the cusp around 3:41 AM to reign in the third house, & Saturn transits the cusp about 3:49. Venus, the “bright and morning star” [Rev. 22:16], crests the Ascendant just as Mercury transits the cusp, and mighty Jupiter mounts the Ascendant within a minute of Venus, due to their close conjunction in both latitude and longitude:

Body	Courts	Latitu.	Rul.	Decans	Veloc.
Venus	: 11Gem29	+0:42’	[-]	4Lib28	+1.230
Jupiter	: 11Gem41	+0:38’	[F]	5Lib02	+0.212
Ascendant	: 13Gem24	_____		10Lib12	_____

When I first calculated Jesus’ natal chart several years ago, I found that 3:50 AM rectifies on account of Saturn’s transit on the meridian cusp: Mars reigns in the eighth house. Moon rules in the fourth house, Sun therein. Mercury rules in the third house conjunct . Uranus rules in the eleventh house. Head of the Dragon is in the tenth house. Vertex seventh house. Neptune is fallen in the sixth house. Tail of the Dragon is in the fifth house with Pluto.

Although in superior aspect at the time Jesus was born (meaning Jupiter was closing benefic), Jupiter, Zeus, Jehovah—Jesus’ fatherly souljourn—is fallen thereon the terrestrial Gemini Ascendant conjoined Venus, Aphrodite, his motherly sojourn who is innate (Jesus was truly born Prince to the Emperor & Empress, verily the King & Queen of heaven). The part of Fortune is with tail of Draco (Thuban, the “whip”) & is debilitate under ruling Mercury. The part of Spirit is conjunct the East Point (i.e., the first Titan cusp of the unadjudicated natal chart).

Thus Jupiter was in superior aspect but is fallen under the weight Mercury, with Moon fourth house, Mars eighth house, , Saturn first of horoscope. Looking at Jupiter & Venus from a topocentric viewpoint at the time must have been breathtaking, since parallax shows the King and Queen of heaven are nearly conjoined. This astronomical union is called the Star of Bethlehem, and Jesus, who was born of Jupiter & Venus, is called Prince for exactly that reason.

His complete natal chart including the “1000 & Two” fiducial witnesses (i.e., stars typically brighter than magnitude five sorted by longitude on the caelestial firmament) follows...
