ODE

Tune of Pleyel's Hymn

Solemn strikes the fun'ral chime,
Notes of our departing time;
As we journey here below,
Through a pilgrimage of woe.

Mortals, now indulge a tear,
For Mortality is here;
See how wide her trophies wave
O'er the slumbers of the grave.

Here another guest we bring;
Seraphs of celestial wing,
To our fun'ral altar come,
Waft a friend and brother home.

Lord of all below, above,
Fill our souls with Truth and Love;
As dissolve our earthly tie,
Take us to Thy Lodge on high.

King Solomon

This is the general title of a series of complete Instructors for blue Lodges, for the use of officers and all who are ambitious to become bright workers. They contain the Opening, Work, Lectures and Closing, in the degrees of Entered Apprentice, Fellow Craft and Master Mason; thus embracing everything in its regular order as worked in each degree except the essential secrets the whole given by a system intelligible only to the initiated, but easily understood by them. Carefully edited and printed from new type.

There are separate editions of these instructors, each edition containing the standard work of a particular State.

Having recently been critically revised by competent authorities in the different Grand Jurisdictions, their accuracy may be relied upon, and being bound in pocket size (3½ x 5¼), with complete index, are very convenient for ready reference, enabling one to refresh his memory during his spare moments.

No practical member will be without one after he has examined it.

H. T. W. S. S. T. K. S.—A complete Instructor for Officers and Members of the Chapter in accordance with the standard work and lec-

tures. Intelligible only to R. A. Ms. Also recently revised.

ROYAL AND SELECT MASTERS.—Containing the Ritual of the Council Degrees, revised.

IN HOC SIGNO VINCES.—Containing the Revised Ritual of the Commandery.

The above books are firmly bound in emblematic colored leather, making them nearly indestructible and at the same time flexible for pocket use.

For want of an authentic instructor, it is a well-known fact that members are using the Open Exposes, old and spurious works, published in New York and Chicago. As they are highly erroneous and sold to the public at large, as well as to the Fraternity, their use is corrupting the ritual and subverting the order. To correct this evil and meet the demand for a work of this nature that is both accurate and legitimate, these Instructors have been prepared.

No further occasion now remains for the embarrassing breaks and delays in working the degrees; for by the aid of one of these instructors an officer is always enabled to accurately and promptly exemplify any degree, and the members can qualify themselves for any position.
