

Raja Rogers Meeting Notes
9/19/06

Raja Rogers: Howard Settle is donating \$1 million/mo to support the group in FF. Raja Wynne went to India to facilitate the processing and arrival of the Vedic pandits to the US.

Jane: Can we send Howard and his wife a thank you?

Raja Rogers: Yes, I will talk with Charlie about this.

Please go Center by Center to report your activities as I will do a presentation on the Maharishi Channel tomorrow.

Jeff Moses: In St Augustine, less than 14,000 people in the city. On Sunday night, they had almost the SuperRadiance number (which is 12). They will go for the SuperRadiance number and a Governor there will monitor the news for positive trends. A woman who was scheduled for back surgery is feeling much, much better.

Jane: CBE Tour – Jeff Murphy organized for a mailing. Diana, Jeff L and Ray have also been very focused on the tour.

Raja Rogers: Bobby Roth said some of the open doors were in the schools where grades are low and there is a lot of crime.

Jane: If you know someone who is wealthy and interested in education, ask them on behalf of the organizers for a donation. Need funding for FL and for Raleigh-Durham.

Raja Rogers: Our very top priority always is Maharishi's top priority. In this situation, it is to push and pull people into higher states of consciousness. Get people to go to the Inv America course and have group program in your area. Even people in Europe, on the Raja training course, said that Maharishi really wants everyone to be on the highest level of experience.

Debbie: One local CBE committee member said that the committee should get together and raise the funds for the CBE tour.

Raja Rogers: Get together with the group and see what their ideas are. Invite them to attend the state-wide meeting. Then plan on a tour in your area for the next round.

Jeff L: Local donor is donating finances for the mailing. Event will be at the Central NC Center for School Development – very significant location.

Raja Rogers: I will work on some donors to raise some money too.

Merin: Currently having a CIC with 6 CP's. AT's for 7 are scheduled. Daily SuperRadiance – many evenings we exceed our SR number of 12. Sold about \$1000 worth of products today (was packing them up to send back to MAPI and called people). \$46,000 revenue generated in Boone this month.

Patrick: Spontaneous increase in TM interest. Must be due to the course. Had 2 people learn last week and have another 2 ready to learn next week. The 75 residents of the in-residence facility for drug and alcohol are still very interested in the program. People mention that their experiences are heightened when they lift off at the SR time.

Raja Rogers: Maharishi said that Sat-Yuga is definitely coming.

Diana: Gentleman who has never been in contact with the Center decided that he wants his two sons to learn. Another said they want an Advanced Technique.

Ray: CIC scheduled for October – we have 5. Plus we have the CBE tour. We have 3 people going to the year-long program in Fairfield.

Steve: Will people who take the CIC with scholarship be supported for the year?

Raja Rogers: I don't know right now.

Steve: We will contact ALL the Sidhas and Gobs and Meditators in the area – using the large mailing lists.

Raja Rogers: One way to inspire is to have them go to the course even for a long weekend.

Ruth: If people can't go, then ask them if they can sponsor someone to go. This worked for a couple in this area and they are staying for a year.

Alcine: The Int'l Baccalaureate school is interested in TM – its a magnet school for top students. Starting our SuperRadiance program this week. Do we give them the special instructions when they come?

Raja Rogers: Yes, they can fly longer.

Alcine: Should Ray or Jeff give them to the men?

Raja Rogers: Write me an email about this.

Alcine: Is this for longer time at home or just for group program?

Raja Rogers: Ram Babu is here and we are discussing the property in Atlanta. Pls call me tomorrow.

Dori: A Sidha has donated the earnest money for the downpayment for the land in Alpharetta and can lend more. His heart is in AL, but knows that Atlanta should have a PP.

Raja Rogers: It's always good to support the Center of the domain – Atlanta.

Stuart: Steady stream of people calling who want to learn. 4 parents want 5 children to learn. CIC scheduled for late Nov and early Dec. Good group programs every evening and some mornings.
