

# **“Cancel Culture” is really Demonization!**

**FALSELY DEMONIZE a person so much  
that everyone believes that person deserves to DIE!**

**The Jews are “Experts” at doing that to Gentiles!!**

**It’s Called COMMUNISM!**

**Lorraine Day, M.D.**

Here’s the way it’s done – and it works every time – because Americans no longer  
Think for Themselves!

The Jews demonize anyone they want – anyone who interrupts their plans for world  
domination and extermination of ALL Gentiles. They demonize:

- a) those who question the Jewish version of the Holocaust
- b) those who don’t jump on board to blame the whites for black slavery in America  
(when it was actually the JEWS who started black slavery in America)
- c) those who question the need for a lockdown for a virus that doesn’t exist
- d) those who question why there is a Black History Month and not a White History  
Month
- e) those who question the truth of “Global Warming” when the “Globe” is NOT  
“warming”
- f) those who believe the government is composed of Criminals
- g) those who believe in freedom of speech

h) those who believe that people who are easily “offended” are actually childish and immature

Unfortunately, so few people think for themselves that the major portion of the population jumps right on board with the demonization, revealing how FAR America has fallen into Communism. Everyone is terrified of being “different” and “not accepted” to the point that they will demonize someone, even in their own family, in order to be liked!
