The Democratic National Convention Logo is

An Open Tribute to SATAN!

It states that Satan OWNS the United States!

Lorraine Day, M.D.
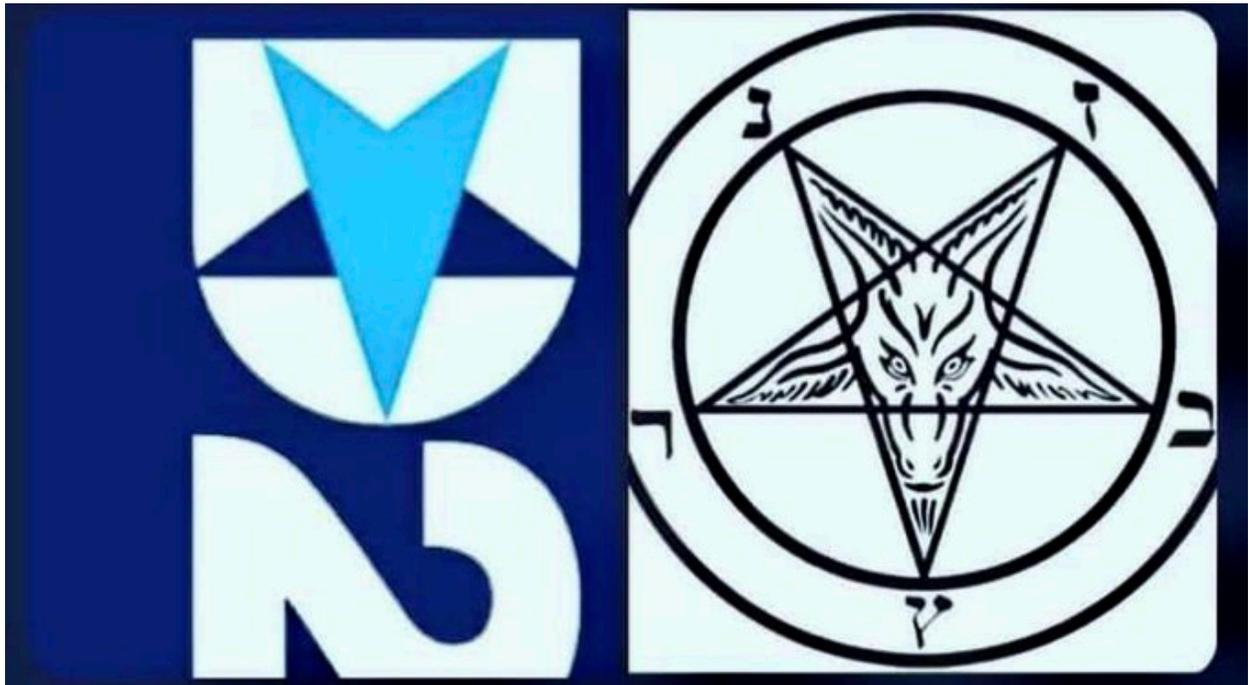

Supposedly, the logo of the Democratic National Convention is just a stylized version of "D20" for "Democrat 2020." However, the Satanic implications are obvious to those who are aware.

The 5-pointed star actually represents Baphomet, a male/female figure that represents Satan worship. Many will say that it's not "really Satanic" yet it is the figure that appears with temples of Satan worship.

The center of the "zero" of the number "20" in the logo, is supposed to represent a map of the continental U.S. So, in essence, the logo proclaims:

"Satan rules the United States in 2020"

The motto of Communism is: "Order out of Chaos" and certainly the Jewish Communists, through (Jew) George Soros and other wealthy Jews, are funding plenty of "Chaos" in cities across America. The "Order" that they plan to bring out of this "Chaos" is the "New World Order" – a Satanic Global Government of slavery, famine, and population extermination perpetrated on America by the Jewish Illuminati: Rothschilds, Soros, Gates, and all their other Jewish agents in various places of power in the U.S. and around the world.
