The UN Promises “Peace and Safety”

(From their Website)

UN **Peace**keepers provide **security** and the political and **peace**building support to help countries make the difficult, early transition from conflict to **peace**.

UN **Peace**keeping is guided by three basic principles:

- Consent of the parties;
- Impartiality;
- Non-use of force except in self-defense and defense of the mandate.

Peacekeeping is flexible and over the past two decades has been deployed in many configurations. There are currently [16 UN peacekeeping operations](#) deployed on four continents.

Today's multidimensional peacekeeping operations are called upon not only to maintain peace and security, but also to facilitate the political process, [protect civilians](#), assist in the [disarmament, demobilization and reintegration](#) of former

combatants; support the organization of elections, protect and promote human rights and assist in restoring the [rule of law](#).

Success is never guaranteed, because UN Peacekeeping almost by definition goes to the most physically and politically difficult environments. However, we have built up a demonstrable record of success over our 60 years of existence, including winning the [Nobel Peace Prize](#).

Peacekeeping has always been highly dynamic and has evolved in the face of new challenges. Recently, Secretary-General Ban Ki-moon [established](#) a 17-member High-level Independent Panel on UN Peace Operations to make a comprehensive assessment of the state of UN peace operations today, and the emerging needs of the future.

Peacekeepers Day 2015

On **29 May**, UN offices, alongside Member States and non-governmental organizations, hold events to honour fallen peacekeepers. Since the first UN peacekeeping mission was established in **1948** until April 2015, 3,358 military, police and civilian personnel have lost their lives in the service of peace as a result of acts of violence, accidents and disease.

'Together for Peace'

As this year's International Day of UN Peacekeepers falls during the 70th anniversary of the United Nations, we are reflecting on the past, present and future of UN Peacekeeping and reaffirm our commitment to working 'Together for Peace'.

United Nations Peacekeeping Operations - Principles and Guidelines ([Capstone Doctrine](#))

The Challenges Partnership, collectively and as individual Partners, has together with others, over the last couple of years been closely involved in supporting the UN DPKO in its work developing the first **capstone** level doctrine for the guidance of modern UN-led peacekeeping operations.

The first workshop in the UN DPKO-led doctrine development series was hosted by the UN DPKO and the Folke Bernadotte Academy with the participation of the Challenges Partner organizations in Stockholm in September 2006. All but one of the subsequent workshops were hosted by the UN DPKO in cooperation with different Challenges Partners in cooperation with and attendance by colleagues from many more countries in different regions and with different focuses for each workshop.

THE PYRAMID CAPSTONE

The Pyramid with the separate capstone has always been a favourite of the Illuminati. This represents hierarchical structures, compartmentalisation and their elevated position above humanity. On the left is the memorial stone of Charles Taze Russell, the man who started the Jehova's Witness's religion.

The above is a street plan of Plaza where John F. Kennedy was assassinated.

All aspects of our organised societies have their own hierarchy. Be they religion, finance, politics or the media, we all recognise that there must be a common structure of those at the top having the most amount of power and responsibility. What we have been conned into doing however, is believing that the total control only ends half way up the pyramid. If you go up high enough you shall come to fewer people with more and more control, to do with as they please as we never get to see them or what they are doing in the public arena.

The 'All Seeing Eye' at the top of the the Freemasonic pyramid is widely regarded as the 'Eye of God' and even the eye of Satan. You would therefore think it might be bad P.A. to use your company logo or to have it on the dollar bill.. unless you were trying to make a point.

The pyramid with the capstone detached has several meanings.

One meaning would be the symbol of an unfinished project (i.e. the Great Work of Ages a.k.a the New World Order) which is very near completion. A similar theme is carried in the classic depiction of the Tower of Babel. An image which has the same feeling as the classic pyramid seen on the One Dollar Bill.

A second meaning would be the symbol of the elite or gods (as they see themselves) at the top of a compartmentalised system/civilisation. The pyramid being a monument built by slaves (allegedly). The elite get to stand at the very top and at their vantage point they get to see all, hence the All Seeing Eye in the capstone.

Homeland Security

We are told that Homeland Security is in business to “keep us SAFE.” It is there supposedly to obstruct Terrorists incidents (the vast majority of which it is responsible for planning) so everyone in America can “feel safe.”

However, Homeland Security continues to pummel the U.S. public with threats of terrorists incidents to gain more control and keep the public terrified. But if they were doing their job, there wouldn't be any terrorism incidents.

The Core Missions

There are five homeland security missions:

1. [Prevent terrorism and enhancing security](#);

Obviously, they couldn't stop the (fake) Sandy Hook massacre, nor the (fake) Boston Bombing. So what good are they for “security”?

2. [Secure and manage our borders](#);

Our border with Mexico is wide open.

3. [Enforce and administer our immigration laws](#);

They're enforcing our immigration laws, alright! The Jews got control of the immigration department and the immigration policy of the U.S. after they assassinated JFK. Before that time, most immigration was reserved for white, Christians of European background.

Once the Jews got control, they have brought every race and color into America, and mostly non-Christians, who know nothing of our heritage, freedoms, or Christian values Americans used to have.

While demanding that ALL non-Jews AND Jews of color (such as Ethiopian Jews) LEAVE Israel, they are making sure that America is “pluralized” to the point that it has lost all of its heritage.

4. [Safeguard and secure cyberspace](#);

That’s “New-speak” for CONTROLLING cyberspace. The internet is the major source of truth these days. The Illuminati/New World Order wants to control it completely.

5. [Ensure resilience to disasters](#);

What does that mean? That we have one disaster after another, and we never investigate who is behind them?

What Does the Bible say about “Peace and Safety (Security)”?

“But of the times and the seasons, brethren, you have no need that I write unto you.

“For yourselves know perfectly that the day of the Lord so cometh as a thief in the night.

For when they shall say, Peace and safety; then sudden destruction cometh upon them, as travail upon a woman with child; and they shall not escape.

“But you, brethren, are not in darkness, that that day should overtake you as a thief.

“You are all the children of light, and the children of the day: we are not of the night, nor of darkness.

“For they that sleep, sleep in the night; and they that be drunken are drunken in the night.

“But let us, who are of the day, be sober, putting on the breastplate of faith and love; and for an helmet, the expectation of salvation.

“For God has not appointed us to wrath, but to obtain salvation by our Lord Jesus Christ. . .

“Rejoice evermore

“Pray without ceasing.”

“In everything give thanks: for this is the will of God in Christ Jesus concerning you.” 1 Thess 5:3-9;16-18

Indeed, they already ARE saying, “Peace and Safety.”

The Coming “Time of Trouble”

Two thousand years ago, Jesus spoke of the coming Time of Trouble!

“For then shall be great tribulation, such as was not since the beginning of the world to this time, no, nor ever shall be.” Matt 24:21

The Bible tells us a great deal, both spiritually and politically, in Revelation, Chapter 13, about a Beast Power, a One World Government, that will set up Ten Kingdoms to rule the world. The whole world, we are told, will worship this Beast power, this One World Government - - - **except true** Christians - - - who will be persecuted and martyred for their belief in Jesus Christ.

Indeed, this One World Government is being put in place today - - right before our eyes.

What is the Goal?

A One World Government ruled by the Communist, atheist Jews – through the United Nations that the Jews founded and funded and still control – a One World Government that will have total rule over the earth AND the killing of 5 1/2 billion people around the world, including in the U.S., to lower the population of the earth to 500 million people.

Cashless Society

Denmark is not part of the euro; they have their own currency, the krone. So far, they appear likely to become the first country to abolish cash. The Danish government is currently pushing to free some stores, restaurants, and petrol

stations from accepting cash payments as Britain was testing last year in Manchester. The Danish government is currently [proposing to scrap cash](#) transactions entirely as part of a package of cost-saving measures introduced ahead of the Danish election in September.

We stand on the verge of **Economic Totalitarianism** that will lead to the total control of money by the state. No one will be able to buy or sell without government approval. The USA has already provided for the revocation of a passport if you owe the government more than \$50,000. Passports in Rome were invented not to travel between nations, but to be able to travel to prove you did not owe money to the state and hence were free to travel. History simply always repeats – only the names change.

Already, in the United States, 95% of ALL transactions are Cashless.

What does the Bible say about a Cashless Society (the ONLY way that all buying and selling can be controlled)?

“And he (the second beast power) causeth all, both small and great, rich and poor, free and bond, to receive a mark in their right hand, or in their foreheads.

“And that no man might buy or sell, save he that has the mark (character), or the name of the beast, or the number of his name.”
Rev 13:17

With the invention and development of computers, this is the first time in the history of civilization that all buying and selling can be controlled. Never, before now, has this been possible. It is only right now that this prophecy can be fulfilled.

Important Events Right Around the Corner

JADE HELM (Joint Assistant Deployment Exercise Homeland Eradication of Local Militants)

This supposed Military “Drill” is scheduled to begin on July 15 and continue through September 15, however, more recent information suggests that it will start in June. But, actually, it has already started. Thousands of tanks and other military armored vehicles are being placed in position, not just in the 10 states of the Southwest, but in many eastern and mid-western states as well, including Maryland and Colorado.

Jade Helm has already begun!

This Military exercise is occurring all over the United States. It is clear that they are getting military personnel and military vehicles in place in every part of the country. Live explosions started in Flint, Michigan on June 4 without notification of the citizens of that city – terrifying them.

It is absurd to call this a Military “drill” or Military “exercise.” The United States has been involved in almost perpetual war for over 20 years. They have had an overwhelming amount of experience in both rural and urban warfare. There is **NO NEED** for a “drill.”

This is nothing but a cover story given to the naïve, ignorant, unthinking American public so the government can position tanks, other armored vehicles and military personnel in key locations all over the U.S., to enforce Martial Law – possibly without even calling it “Martial Law.” We are transitioning into a totalitarian, Communist Police State.

Martial Law Is Already Here!

The Boston Bombing Hoax was a perfect example of “Martial Law.” While the police were looking for the Tsarnaev brothers (to be their patsies), curfews were enforced, homes were searched without a warrant, the residents were told to stay off the streets and in their homes, and armored vehicles were on the streets.

THAT is “Martial Law.”

Other evidence of Martial Law:

Twin Towers on 9/11: The clean-up crews for the Twin Towers (9/11) were sworn to silence regarding what they saw in the remains of the building.

Sandy Hook Massacre Hoax: The Demolition crew for the Sandy Hook school were sworn to silence.

<http://www.globalresearch.ca/the-sandy-hook-massacre-school-demolition-crew-sworn-to-silence/5354593>

“**Free Speech Zones**” are confined to 2 or 3 tiny places on college campuses.

<https://www.thefire.org/infographic-free-speech-zones-on-americas-campuses-2/>

Patriot Act – Congress was not allowed to see the bill before passage. The Patriot Act is no longer in existence, but has been replaced with the “Freedom” Act which, of course, establishes the OPPOSITE of “freedom.”

TPP (Trans Pacific Partnership)– Congress was not allowed to see the bill before passage.

ObamaCare (Affordable Care Act) – Congress was not allowed to see the bill before passage. **Obviously, Congress is NOT running the country! Just “who” kept Congress from seeing the bill before voting on it? Obviously, the authors of the bill – who are the agents of the Jewish Illuminati that runs this country.**

NDAA (National Defense Authorization Act) signed into law on Dec. 26, 2013, allows for **indefinite military detention of civilians**, including U.S. civilians WITHOUT due process: Indefinite detention WITHOUT any charges filed, and WITHOUT any trial. Recently, Barack Obama has publicly announced that the enforcement of the measures found in NDAA has been handed over to John Kerry (real name Kohn – Jewish).

Recent California Water Legislation – Remains **Top Secret** and off-limits to everyone except the chosen few.

Wal-Mart “in-league” with the Government for Jade Helm

Wal-Mart received \$1 Billion Dollars in government subsidies to build Wal-Mart stores all over the U.S. even though they have many stores they have left empty. No one will lease these stores because they are too big.

CNN Money, back on May 24, 2004, had an article about a watchdog group reporting Wal-Mart had received about 1 Billion dollars in government subsidies to expand their business, building stores, buying property and such. Wal-Mart shopping for subsidies? That is a decent amount of money that Wal-Mart is getting to increase the number of stores across the country. Wal-Mart also has a habit of closing down stores and then building new stores in other cities and towns. They still own these closed stores and usually put them up for lease or sale

but very few actually get leased or sold because they are too big and cost too much for most businesses to use.

On average as of March 2005 Wal-Mart had about 350 empty stores across the U.S with a combined total area of about 26.7 million sq ft. www.sprawl-busters.com... That is a large number of empty massive buildings built with the help of government money. Now the average jail cell is 8ft x 12ft. but lets say 10ft x 14ft to include wall thickness as well. That would give you 190,714 cells if you used every inch for cells only. This doesn't work because you need corridors, guard rooms and such so lets drop that number to a conservative 175,000 jail cells. Multiply that by 2 people per cell and you have 350,000 people.

Recent Wal-mart closings for “plumbing” issues: These are very suspicious for at least 4 reasons: 1) the closings are for 6 months (beginning in March 2015 and supposedly ending in September (when Jade Helm supposedly “ends”), and 2) according to licensed plumbers, no plumbing issue in the store could possibly take 6 months to fix or change, and 3) no permits for plumbing for any of these stores have been applied for in their respective cities, 4) heavy equipment, capable of digging large underground tunnels, is being brought into these Wal-Mart properties.

Wal-Mart Stores to be used as Detention Centers or for assembling sites for shipment of detainees to Internment Camps: A reasonable conclusion is that these abandoned and recently closed Wal-Mart stores are to be used as detention centers for dissidents or for holding centers for subsequent shipment of detainees to Internment Camps.

Wal-Mart Underground Tunnels?

A new theory brought forth by researcher and YouTube commentator [Daboo777](#) suggests that Wal-mart might be working directly with the Department of Homeland Security and the so-called plumbing issues give them the pretext to bring in heavy machinery without having to explain the specific reasons for doing so with an overly curious public.

But what would this heavy machinery be used for?

According to one theory, Wal-mart is working in conjunction with DHS to expand the government’s underground tunneling system and is integrating it with a larger national emergency response network designed to move supplies and people during a crisis.

In this information...in digging... we come to find out that there have been projects in different areas... not specifically tied to the exact Wal-marts that have been closed down at the moment... but they can very well be going through a process connecting them to an underground network.

This was brought up years ago when they were getting the funding and passing this... Homeland Security, in order to secure the safety of citizens in case of a nuclear, or biological attack.

However, another, more imminent reason may be to build a tunnel system to transport – underground – the detainees brought to the abandoned and closed Wal-Mart stores, to the Internment Camps without the knowledge of the public.

Wal-Mart Installing Face Recognition Cameras

The New Wal-Mart store in Colorado Springs, CO has installed Facial Recognition Cameras.

Government Cover Story

Again, the government, through the Jewish-controlled media, is stating that Jade Helm is nothing more than a “military exercise” and the public should not be concerned.

Do you think the U.S. government would tell us the truth? Is there a Brooklyn Bridge for sale?

The strategy of the Jewish Illuminati elitists comes directly from Satan. It is heavily embedded with Talmudic, Judaistic paganism, including symbols and chronology.

Jade Helm, according to the government, will occur between July 15 and September 15. At that time, all the military vehicles and personnel will be strategically placed to quell riots.

What will instigate the riots?

“Bail-ins”

Many top economists foretell a **catastrophic financial collapse** that is likely to occur this fall (2015) – a collapse far worse than the depression that began in 1929.

As the banks teeter on the brink of bankruptcy, they will confiscate all our deposits (yours and mine) to bail themselves out – a plan that has already been made “legal” by your Congress.

These are called “**Bail-ins.**” (Do a Google search on your computer.) The American population will be destitute overnight.

(“**Bail-outs**” occurred in 2008 when the Jewish-controlled U.S. government used U.S. taxpayer funds to cover the banks’ losses from their very dangerous “investments” in derivatives and other perilous financial instruments. That was outrageous, but not nearly as “personal” and destructive as **Bail-ins!**)

Is there any significance in the coming “Blood Moons”?

The **Blood Moon Prophecy** is a theory studied and taught by some Christian ministers, such as [John Hagee](#) and Mark Biltz, which states that an ongoing [tetrad](#) (a series of four consecutive lunar eclipses—coinciding on Jewish Holidays—with six full moons in between, and no intervening partial lunar eclipses) which began with the [April 2014 lunar eclipse](#) is a sign of the [end times](#) as described in the Bible in [Acts 2:20](#) and [Revelation 6:12](#).

On April 15, 2014, there was a total [lunar eclipse](#). It was the first of four consecutive total eclipses in a series, known as a tetrad; a second one took place on October 8, 2014, third one on April 4, 2015 and the remaining one will take place on September 28, 2015. It is one of eight tetrads during the 21st century AD.^[1] As with most lunar eclipses, the moon appeared red during the April 15 eclipse.^{[2][3]} The red color is caused by [Rayleigh scattering](#) of sunlight through the Earth's atmosphere, the same effect that causes sunsets to appear red. Pastor John Hagee, and evangelical “Christian” Zionist, also connects the [solar eclipse of March 20, 2015](#) in the middle of the sequence.

The idea of a "blood moon" serving as an omen of the coming of the end times comes from the [Book of Joel](#), where it is written "the sun will turn into darkness, and the moon into blood, before the great and terrible day of the Lord comes."^[4] This phrase is again mentioned by [the apostle Peter](#) during [Pentecost](#), as recorded in [Acts](#),^[5] although Peter says that date, not some future date, was the fulfillment of Joel's prophecy. The blood moon also appears in the book of Revelation chapter 6 verses 11 - 13,^[6] where verse 12 says " And I beheld when he had opened the sixth seal, and, lo, there was a great earthquake; and the sun became black as sackcloth of hair, and the moon became as blood"

Four Blood Moons: The lunar eclipse tetrad

Called a tetrad, such a series of four total eclipses in a row is a fairly rare event. The last such series happened in the years 2003 and 2004. It will only occur seven more times in the current century.

So while a tetrad of total lunar eclipses is somewhat rare, it is not extraordinarily so, and probably nothing to make a fuss about. After all, the only thing that happens during a lunar eclipse is that [the moon](#) spends a couple of hours passing through the Earth's shadow, hardly something to be concerned about. Unfortunately, there are still many superstitious people in the world. Such is the case in the book "Four Blood Moons: Something Is About to Change" (Worthy Publishing, 2013) by John Hagee, which suggests a link between the new total lunar eclipse tetrad and biblical prophecy about the end times.

Coming Financial Collapse

A financial website, **Business Insider**, considered to be legitimate by the mainstream financiers has the following to say:

“Oliver Wyman Group has released a very interesting [piece](#) about the potential for a future financial crisis ([thanks to the FT](#)). They make the case that the next great financial crisis will occur around 2015 and will be the result of a massive bubble in commodity markets that results in widespread economic collapse and sovereign defaults.”

Fortune Magazine

Another mainstream financial magazine, Fortune, states the following:

Optimists hope that an accelerating U.S. economy will have what it takes to drag the rest of the world out of the doldrums, as it has done during so many past recoveries. But David Levy, economist and chairman of the Jerome Levy Forecasting Center, argues that the problems of the rest of the world will end up taking the U.S. down, rather than the other way around.

Levy is calling for a 65% chance that there will be a global recession by the end of 2015, based on the simple fact that emerging markets have continued to invest in an export infrastructure to sell goods to the West that it no longer has the wherewithal to buy.

Levy is an intellectual descendant of the economist Hyman Minsky, a heterodox

thinker who spent many years working at the Jerome Levy Economic Institute and whose theories were largely ignored by economists up until the latest financial crisis. Once the crisis struck, however, Minsky's ideas seemed to make a lot more sense. He argued that capitalist economies slowly and naturally become unstable over time, as banks and private businesses take on more and more debt, until the system finally snaps under the weight of these obligations. After surveying the wreckage caused by an over-leveraged banking system, which had gorged itself on debt backed by overvalued real estate, the economics world has begun to pay much closer attention to Minsky and his views on financial instability.

Indeed, Minsky and his ideas have captured the attention of big-name figures like hedge fund titan Ray Dalio and economist and Financial Times columnist Martin Wolf, who began his latest book with a quote from Minsky arguing that economists ought to formulate theories in which depressions are a naturally occurring state for capitalist economies. These thinkers have been drawn to the Minksian notion that, over the long run, capitalist economies will inevitably suffer from the kind of trouble we've been in recently because capitalist systems encourage the growth of debt.

Global debt: The new bubble

World Economy

Intermoney | March 6, 2015 | ***From 2007-2015, global debt has increased 289% in excess GDP. The rapid increase of global indebtedness and financial asset prices could actually be defined as a global bubble with a major destabilizing factor: the significant surpluses accumulated by certain countries that force others to adopt a deficit position. International liquidity growth has only raised the volume of speculative money flows, which are now able to destabilise any economy, regardless of their economic virtues.***

Many financial experts are predicting that a Global Recession/Depression is coming in 2015 – possibly in September or October (favorite months for economic collapse).

October: the Month of Market Crashes?

October is a unique month. In the west, October is a transitional month, autumn sliding relentlessly towards winter. It also boasts the only holiday where people are encouraged to dress up, scare each other and extort candy with threats of mischief. October has a special place in finance, known as the [October effect](#), and is one of the most feared months in the financial calendar. In this article we'll look at whether there's any merit behind this fear.

The events that have given October a bad name span 80 years. They are:

The Panic of 1907 (October 1907)A financial panic threatened to engulf Wall Street, mostly owing to threats of legislative action against trusts and shrinking credit. There were multiple bank runs and heavy panic selling at the stock exchange. All that stood between the U.S. and a serious crash was a J.P. Morgan led consortium that did the work of the Fed before the Fed existed.

Black Tuesday, Thursday and Monday (October 1929)[The Crash of 1929](#) was bloodletting on an unprecedented scale because so many more people were involved in the market. It left several "black" days in the history books, each with their own record breaking slides. (For more, see [The Crash Of 1929 – Could It Happen Again?](#))

Black Monday (October 1987)Nothing says Monday like a financial meltdown. In 1987, automatic [stop-loss orders](#) and financial contagion gave the market a thorough throttling as a domino effect echoed across the world. The Fed and other central banks intervened and the Dow recovered from the 22% drop quite rapidly.

Taking the Blame for September

Oddly enough, September, not October, has more historical down markets. More importantly, the catalysts that set off both the 1929 crash and the 1907 panic happened in September or earlier and the reaction was simply delayed. In 1907, the panic nearly occurred in March and, with the tension building over the fate of trusts, could have happened in almost any month. The 1929 Crash arguably began when the Fed banned margin-trading loans in February and cranked up interest rates.

September has its share of "Black Days," too:

- **Black Friday**The original "Black Day," [Black Friday](#) (1869), was in September. Jay Gould and other [speculators](#) tried to corner the gold market, working with an insider at the Treasury. The price kept rising until the Treasury broke the corner by selling \$5 million in gold, dropping the price of gold by \$25 in a single day and ruining many speculators.
- **Black Wednesday**[Black Wednesday](#), Soros' raid on the British pound, is another September event considered infamous by people outside of the [forex](#) community (within the forex community, it's revered as one of the greatest trades ever made). Soros made a billion on the deal, but the British government lost billions trying to shore up their currency leading up to the eventual capitulation. (To learn more, see [How Did George Soros "Break The Bank Of England"?](#))
- **Black Swans**September 2001 and 2008 single day point declines in the Dow were bigger than Black Monday 1987, the former owing to the attacks on the World Trade Center and the latter to the [subprime mortgage meltdown](#). The 2008 September plunge went far beyond the U.S. economy, trimming almost \$2 trillion from the global economy in a day. (For more, see our [Investopedia Special Feature: Subprime Mortgages](#).)

◦
Taken as a whole, a very strong argument can be made for September being worse for the markets than October.

Military exercises in Alaska for the next FIVE YEARS

Exercise: Northern Edge to Begin June 15, 2015 in Alaska

The US Navy is planning to conduct wargame exercises in Alaska for the next five years that will involve “heavy bombing”, causing huge disruption to wildlife.

Residents fear that the land will become polluted with 350,000 pounds of spent munitions and fish will die off due to contamination of the sea.

- See more at: <http://yournewswire.com/us-to-heavily-bomb-alaska-in-war-games-exercise-lasting-5-years/#sthash.iVfvNwR5.dpuf>

Why the war games in Alaska?

Obviously, as a “cover” for actual WAR against Russia. The U.S. and NATO have more than 20 bases surrounding the East end of Russia. Now they are undoubtedly preparing many bases in Alaska – on the West end of Russia.

Zbigniew Brzezinski writes in his book, “The Grand Chessboard” that occupying Ukraine (which the U.S. has recently taken over in a coup) is critical for conquering Russia, so the Jews can continue their march toward control of the world through a One World Government.

Does it ALL Come Together in September/October of 2015?

What is the Evidence?

As we have learned from our many other studies, the Jews control America – and the world – from behind the scenes. The most powerful, and wealthiest clan in the world is the Rothschild family, primarily headquartered in London, Jews whose name originally was Mayer.

All the Wall Street and Federal Reserve bankers are Jewish. Even though these Jews are not religious, they often plan their activities relative to pagan signs, pagan holidays, and pagan rituals.

Sabbatical/Shemitah and the Jubilee

In the Old Testament, God commanded that the Israelites rest their agricultural land every 7 years – known as a Sabbatical year (also called Shemitah). At the end of every 7 Sabbaticals (49 years), the fiftieth year was the **Jubilee year**, when all land returned to its original owner and all slaves were freed.

The Sabbatical years and the subsequent Jubilees began when the Israelites entered Canaan.

During the course of an Israelite's life, if he incurred a debt from a business transaction, or if he stole from another Israelite, he could pay his debt by selling his land, or if the land had already been sold, he could sell himself as a slave to work off his debt.

The amount of the sale of the land, or the sale of himself as a slave was determined by the years remaining until the Jubilee – when, again, all land was returned to its original owner, and every Israelite slave was set free.

Obviously, the **Jubilee** had enormous significance to the Israelites – a cause for major celebrations.

Israelites were NOT “Jews”

Even though we know that the present-day Jews are in no way related to the Old Testament Israelites, and are indeed descended from the Khazars – barbarian GENTILE Mongol Turks from Khazaria (an area in and near the Caucasus mountains – near the present Ukraine), the present-day Jews embrace the fiction that they ARE descendants from the Old Testament Israelites, and thus, continue to practice some of their customs.

IT IS OF MAJOR IMPORTANCE TO UNDERSTAND THAT THIS SEPTEMBER, 2015, BEGINS THE 70TH JUBILEE OF THE “JEWS”!

THERE WILL NOT BE ANOTHER JUBILEE FOR 50 YEARS!

Do you really believe they'll wait another 50 years to do their evil deeds?

Let us repeat that in the Israel of the Old Testament, during the Jubilee year, all the Israelite slaves were freed (but the non-Israelite slaves remained slaves).

Because the present-day Jews incorrectly believe they are descendants of the Old Testament Israelites, and that the Old Testament Israelites were “Jews” – and God's “chosen people” - as opposed to “Gentiles” who they viewed as “lower than beasts,” the Jubilee year was a year of Freedom for Jews – NOT Gentiles – (who remained enslaved).

Karl Marx, a Jew – and one of the authors of Communism (that originates directly from the Jewish Talmud – the “holiest” book of the Jews) said,

“The meaning of Peace is the absence of opposition to Communism.”

The Jews believe that when the non-Jews are all enslaved, then the Jews will be FREE! **That is the significance of this 70th Jubilee!**

One more IMPORTANT Fact Regarding the Sabbatical/Shemitah!

We know that 2015 is a Sabbatical year.

So what happened the last Sabbatical year – 7 years ago – in 2008?

Answer: The 2008 Stock Market Crash – and the Recession!

And what happened during the Sabbatical year before that – in 2001?

Answer: The Twin Towers/911 !!!

Do you see the pattern?

Is it not reasonable to expect something major to happen in this sabbatical year – 2015 – particularly when it is the beginning of the “Jewish” Jubilee?

What should we do?

Should we move to another state?

Would Colorado be safer?

Colorado is a major New World Order state: they have just legalized marijuana, and Colorado Springs and Aspen are major centers of Illuminati think tanks.

How about Arkansas?

Because of Bill Clinton’s governorship of Arkansas and the massive drug-running by the CIA through the Mena, Arkansas airport, the whole state is loaded with government crime.

In addition, the headquarters of Wal-mart is in Northwest Arkansas. Wal-mart is a major “player” in Jade Helm.

The bottom line is that there is no place to hide. Heat-seeking sensors can be used from helicopters to find anyone hiding in the woods – anywhere.

Should we move to another country?

The New World Order will involve every country and every government. Most third world countries endure more totalitarianism already than the U.S. does.

Should we grow our own garden?

That's a good idea, but that will also be outlawed by the government, eventually. Furthermore, your neighbors will steal your food.

Should we have a large stash of dehydrated food?

Again, as the famines increase, your neighbors will come with guns to steal your food from you? If you are a true Christian, you will not kill or maim your "neighbor" in order to protect your food.

Should we buy gold?

When the depression hits full force and the price of gold sky-rockets, the U.S. government will no doubt make it illegal to own gold, just as it did in 1933. The Jewish-controlled U.S. government wants ALL the wealth for itself – not in the hands of the rank and file citizen.

Should we take our money out of the bank?

It is already against the law to have money in a safe deposit in the bank. If you keep your money at home, it can be stolen, and it also can be perceived by a surveillance truck driving by your home – as can gold and silver.

Furthermore, the U.S. government is undoubtedly going to eliminate cash soon, as we transition into a Cashless society. And as inflation increases dramatically, the cash will be worth little more than the paper on which it is printed.

Should we be concerned about searching for truth on the internet, as all our searches can be followed and charted?

“Ye shall know the truth, and the truth shall make you free.”

We must never become so fearful that we stop searching for truth.

Should we be concerned about sharing this information with others?

We must share the truth with those who truly want to KNOW truth, and who are willing to listen.

As I have said many times, we are on this earth for one reason and one reason only – to get to KNOW God, and to learn to TRUST God with everything in our life.

God is recreating the circumstances of the Exodus, circumstances in which we will have no ability to get food, water, clothing, air conditioning, or heating – ALL the things that God provided for the Israelites – ALL the things they could NOT provide for themselves in the Sinai desert.

Just like the Israelites of old, we must learn to trust God for all these things.

God fed Elijah through the ravens at the Brook Cherith.

God provided water for Elijah at the brook Cherith.

God provided water out of a rock in the wilderness.

God provided manna from heaven in the wilderness.

These stories in the Bible are not just for the delight of children. They are for us, as adults, to embrace for the increasing of our faith in our Heavenly Father.

Watch and Be Ready!

God commands us to “Watch and be Ready.” We may not know exactly what the Adversary is planning or the specific timing of the events, no matter how much information we receive, but God knows, because He has planned every event in history – and in the future.

As long as we stay close to the One who DOES know what is happening – Jesus Christ – we can be free from fear!
