**"When we get ready to take the United States,
we will not take it under the label of communism;
we will not take it under the label of socialism.
These labels are unpleasant to the American people,
and have been speared too much. We will take the
United States under labels we have made very lovable;
we will take it under liberalism, under progressivism,
under democracy. But, take it, we will."**

"The genius of the Jews is to live off people, not off the land, nor off the production of commodities from raw materials, but off people. Let other people till the soil; the Jew, if he can, will live off the tiller. Let other people toil at trades and manufacture; the Jew will exploit the fruits of their work. That is his particular genius. If this genius be described as parasitic, the term would seem to be justified."

More than 100 million – mostly Christians – died at the hands of Communists (Jews) in the 20th century, far exceeding the alleged 6 million (actually less than 300,000) of the Holocaust. The world Jewish corporate media keeps silent as does the Jewish educational system.
