

Their Goal

of the “Return to (sort of) Normal”

is to

Turn the Vaccinated Against the Unvaccinated

Lorraine Day, M.D.

Here in California, Governor Newsom has declared that on June 15, all shops will open and businesses will return to NORMAL!

But now he’s hedging. He says, “People will still have to wear masks, even if they’re vaccinated.” (How is THAT “normal”?)

And apparently, they will still have to “social distance” indoors. (How is THAT “normal”?)

But, according to the California Secretary of HHS, a “Return to Normal” can only occur if a) hospitalizations stay low, and b) teenagers are willing to DIE by taking the Kill Shot for a non-existent disease that doesn’t even affect people in their age range!

This is a Ploy to demonize those who don’t want to DIE (from taking the Kill Shot)!

The apparent Plan is to promise that businesses will return to “normal” (and maybe they will for a very short time), but suddenly, there will be a (supposedly) huge increase in the (non-existent) cases of Covid-19 caused by those “EVIL ANTI-VAXXERS” who will be reviled as selfish and uncaring members of society who need to be destroyed! And even more so if they are White! And even more so if they are White Christians!

The Governor and his thugs are behaving as Domestic Abusers:

EVIL Government is a “Domestic Abuser”

Domestic Abuser

Humiliation of the spouse
("You're worthless! I control
Everything you do.")

“You're stupid! Shut up!”

Isolation from family and friends

If you don't obey, I'm going to hurt you

**If you behave, I'll let you see your family
once in a while (if I'm with you)**

If I get angry enough, I'll kill you!

Jewish-controlled Gov't

Humiliation of the Population
(We control everything you do:
You're worthless! Do EXACTLY as we
say: Wear a mask: Stay 6 feet apart.)

“You're stupid! Don't ask questions!”

Isolation from relatives and friends

If you don't obey, we will hurt you
(you will be arrested or fined, or
vaccinated against your will)

**If you behave, we'll lighten the
restrictions a little and let you do a few
things (for awhile).**

**We hate ALL Gentiles. We will Kill
you!** (with the Kill Shots, with famine,
with Isolation, with war, and (soon) in
concentration camps!

I Wonder!

**Have any of the Directors of the CDC
been Jewish?**

How about:

Tom Frieden

Julie Gerberding

Jeffrey Koplan

William Roper?

David Sencer

And the present Director of the CDC:

ISRAELI JEW, Rochelle Walensky

Do you think these people are really interested in the “Health” of Americans?
