

What is a Color Revolution?

(It has nothing to do with Black/White Racism)

Lorraine Day, M.D.

The term, color revolution, has been applied to a number of revolutions in various parts of the world, including in the Middle East and the Asia-Pacific region, dating from the 1980s to the present, including the “Yellow vest” protest in France, a massive protest that was handily halted completely by the HOAX Corona Virus “pandemic.”

From black clothes worn by Hong Kong demonstrators to orange banners at rallies in Ukraine, to the velvet revolution in Czechoslovakia, the Rose revolution in the country of Georgia, the purple revolution in Iraq, the cedar revolution in Lebanon, the coffee revolution in Yemen, or green scarves accompanying protests in Iran, here's how colors are adopted to represent the hopes of a movement. These movements generally adopt a specific color or flower as their symbol. The color revolutions are notable for the important role of non-governmental organizations (NGOs) and particularly student activists in organizing creative resistance.

The major problem is that virtually all of these “color revolutions” are not spontaneous uprisings by the citizens of that particular country. They are secretly initiated by the United States CIA along with the Israeli Mossad – both agents of the (Jew) Rothschilds who rule the world from “the City” - a one-mile square area in London that is not subject to any laws of any country.

The non-governmental organizations (NGOs) are also agents of the Jewish Rothschilds and the “student activists” are either local students who are members of underground Communist cells in that country, or “students” brought in from elsewhere – and paid – by (Jew) George Soros or some other Jewish billionaire, to create as much violence as possible.

These “color revolutions” have been orchestrated in country after country to create chaos and mayhem, with the ultimate objective of bringing down the country's leaders and replacing them with new leaders who are puppets of the Rothschilds, so the 1% of the population of the world – the Jewish Illuminati billionaires – can steal both control of the money supply of that country and control of their natural resources.

These color revolutions have been very successful, repeatedly, as the Rothschilds now own the money supply of 192 of the 195 countries of the earth.

Even though the Rothschilds have owned the money supply of the United States for well over 100 years, since the illegal Federal Reserve Act was passed in 1913, a “color revolution” is taking place in America right now. The “color” has not yet been chosen, but it may be “black” – to represent the death of African-American George Floyd – the proposed reason for the massive protests throughout the United States, all of which are planned by the same instigators: the U.S. CIA, in league with the Communist agitators (including Antifa), all funded by (Jew) George Soros.

Very large, and very neat piles of bricks suddenly materialize at every location a “protest” is taking place. Videos showing Antifa organizers paying off their duped agitators are found on the internet. The National Guard has been activated. Curfews are being declared in numerous cities and counties throughout the country. However, when the Soros-paid agitators are arrested, judges – who are also agents of these CIA-instigated Jewish Communist agitators – are immediately setting them free to return to their violence, and the destruction of America.

The Jews who have controlled the CIA for at least 80 years, certainly since the presidency of (Jew) Dwight Eisenhower, have launched these color revolutions in so many countries, their system is highly-tuned!

A Color Revolution is Taking Place in America Right Now

And now the Illuminati Jews and their agents, under the direction of the Jewish Rothschilds, are carrying out a color revolution in the U.S. to turn America into a Communist country with eradication of our Constitution and all of our rights.

Most Americans don't realize that we have not been operating under the Constitution in the U.S. since 1933

GOLD FRINGED FLAG

The flags displayed in State courts and courts of the United States have gold or yellow fringe. That is your WARNING that you are entering into a foreign enclave, the same as if you are stepping into a foreign embassy and you will be under the jurisdiction of that flag. The flag with the gold or yellow fringe means the U.S. has no constitution, no laws, and no rules of court, and is not recognized by any nation on the earth, and is foreign to you and the United States of America.

MILITARY FLAG WITH THE GOLD FRINGE

Martial Law Flag "Pursuant to 4 U.S.C. chapter 1, §§1, 2, & 3; Executive Order 10834, August 21, 1959; 24 F.R.6865; a military flag is a flag that resembles the regular flag of the United States, except that it has a YELLOW FRINGE border on three sides. The

President of the United States designates this deviation from the regular flag, by executive order, and in his capacity as Commander-in-Chief of the military. The placing of a fringe on the national flag, the dimensions of the flag and the arrangement of the stars in the union are matters of detail not controlled by statute, but are within the discretion of the President as Commander in Chief of the Army and Navy." 34 Ops. Atty. Gen. 83.

President, Dwight David Eisenhower, by Executive Order No.10834, signed on August 21, 1959 and printed in the Federal Register at 24 F.R. 6865, pursuant to law, stated that: "A military flag is a flag that resembles the regular flag of the United States, except that it has a yellow fringe border on three sides."

THE LAW OF THE FLAG

The Law of the Flag, an International Law, which is recognized by every nation of the planet, is defined as:

"... a rule to the effect that a vessel is a part of the territory of the nation whose flag she flies. The term is used to designate the RIGHTS under which a ship owner, who sends his vessel into a foreign port, gives notice by his flag to all who enter into contracts with the ship master that he intends the Law of that Flag to regulate those contracts, and that they must either submit to its operation or not contract with him or his agent at all." Ref.: Ruhstrat v. People, 57 N.E. 41

By the doctrine of "four cornering" the flag establishes the law of the country that it represents. For example, the embassies of foreign countries, in Washington D.C., are "four cornered" by walls or fencing, creating an "enclave." Within the boundaries of the "enclave" of the foreign embassy, the flag of that foreign country establishes the jurisdiction and law of that foreign country, which will be enforced by the Law of the Flag and international treaty. If you enter an embassy, you will be subject to the laws of that country, just as if you board a ship flying a foreign flag, you will be subject to the laws of that flag, enforceable by the "master of the ship," (Captain), by the law of the flag.

When you enter a courtroom displaying a gold or yellow fringed flag, you have just entered into a foreign country, and you better have your passport with you, because you may not be coming back to the land of the free for a long time. The judge sitting under a gold or yellow fringe flag becomes the "captain" or "master" of that ship or enclave and he has absolute power to make the rules as he goes. The gold or yellow fringe flag is your warning that you are leaving your Constitutionally secured RIGHTS on the floor outside the door to that courtroom.

This is exactly why so many judges are appointed, and not elected by the people. The Federal judges are appointed by the President, the national military commander in chief. The State judges are appointed by the Governors, the state military commanders. The

judges are appointed because the courts are military courts and civilians do not "elect" military officers.

**Under martial law, you are presumed guilty until proven innocent.
The Ten Planks of the Communist Manifesto**

The Communist Manifesto, written by Jewish Communist Karl Marx, is one of the Roadmaps for the Communist take-over of America.

Here they are:

The Ten Planks of the Communist Manifesto

1848 by Karl Heinrich Marx

How "Marxist" Has
the United States
Become?

Although Marx advocated the use of any means, especially including violent revolution, to bring about socialist dictatorship, he suggested ten political goals for developed countries such as the United States. How far has the United States -- traditionally the bastion of freedom, free markets, and private property -- gone down the Marxist road to fulfill these socialist aims? You be the judge. The following are Marx's ten planks from his *Communist Manifesto*.

1. Abolition of private property in land and application of all rents of land to public purpose.

The courts have interpreted the 14th Amendment of the U.S. Constitution (1868) to give the government far more "eminent domain" power than was originally intended, Under the rubric of "eminent domain" and various zoning regulations, land use regulations by the Bureau of Land Management property taxes, and "environmental" excuses, private property rights have become very diluted and private property in land, vehicles, and other forms are seized almost every day in this country under the "forfeiture" provisions of the RICO statutes and the so-called War on Drugs..

2. A heavy progressive or graduated income tax.

The 16th Amendment of the U.S. Constitution, 1913 (which some scholars maintain was never properly ratified), and various State income taxes, established this major Marxist coup in the United States many decades ago. These taxes continue to drain the lifeblood out of the American economy and greatly reduce the accumulation of desperately needed capital for future growth, business starts, job creation, and salary increases.

3. Abolition of all rights of inheritance.

Another Marxian attack on private property rights is in the form of Federal & State estate taxes and other inheritance taxes, which have abolished or at least greatly diluted the right of private property owners to determine the disposition and distribution of their estates upon their death. Instead, government bureaucrats get their greedy hands involved .

4. Confiscation of the property of all emigrants and rebels

We call it government seizures, tax liens, "forfeiture" Public "law" 99-570 (1986); Executive order 11490, sections 1205, 2002 which gives private land to the Department of Urban Development; the imprisonment of "terrorists" and those who speak out or write against the "government" (1997 Crime/Terrorist Bill); or the IRS confiscation of property without due process.

5. Centralization of credit in the hands of the state, by means of a national bank with state capital and an exclusive monopoly.

The Federal Reserve System, created by the Federal Reserve Act of Congress in 1913, is indeed such a "national bank" and it politically manipulates interest rates and holds a monopoly on legal counterfeiting in the United States. This is exactly what Marx had in mind and completely fulfills this plank, another major socialist objective. Yet, most Americans naively believe the U.S. of A. is far from a Marxist or socialist nation.

6. Centralization of the means of communication and transportation in the hands of the state.

In the U.S., communication and transportation are controlled and regulated by the Federal Communications Commission (FCC) established by the Communications Act of 1934 and the Department of Transportation and the Interstate Commerce Commission (established by Congress in 1887), and the Federal Aviation Administration as well as Executive orders 11490, 10999 -- not to mention various state bureaucracies and regulations. There is also the federal postal monopoly, AMTRAK and CONRAIL -- outright socialist (government-owned) enterprises. Instead of free-market private enterprise in these important industries, these fields in America are semi-cartelized through the government's regulatory-industrial complex.

7. Extension of factories and instruments of production owned by the state; the bringing into cultivation of waste lands, and the improvement of the soil generally in accordance with a common plan.

While the U.S. does not have vast "collective farms" (which failed so miserably in the Soviet Union), we nevertheless do have a significant degree of government involvement in agriculture in the form of price support subsidies and acreage allotments and land-use controls. The Desert Entry Act and The Department of Agriculture. As well as the Department of Commerce and Labor, Department of Interior, the Environmental Protection Agency, Bureau of Land Management, Bureau of Reclamation, Bureau of Mines, National Park Service, and the IRS control of business through corporate regulations.

8. Equal obligation of all to work. Establishment of Industrial armies, especially for agriculture.

We call it the Social Security Administration and The Department of Labor. The National debt and inflation caused by the communal bank has caused the need for a two "income" family. Woman in the workplace since the 1920's, the 19th amendment of the U.S. Constitution, the Civil Rights Act of 1964, assorted Socialist Unions, affirmative action, the Federal Public Works Program and of course Executive order 11000. And I almost forgot...The Equal Rights Amendment means that women should do all work that men do including the military and since passage it would make women subject to the draft.

9. Combination of agriculture with manufacturing industries; gradual abolition of the distinction between town and country by a more equable distribution of the population over the country.

We call it the Planning Reorganization Act of 1949 , zoning (Title 17 1910-1990) and Super Corporate Farms, as well as Executive orders 11647, 11731 (ten regions) and Public "law" 89-136.

10. Free education for all children in government schools. Abolition of children's factory labor in its present form. Combination of education with industrial production, etc. etc.

People are being taxed to support what we call 'public' schools, which train the young to work for the communal debt system. We also call it the Department of Education, the NEA and Outcome Based "Education" .

So, is the U.S. a "free country" today? Hardly! Not compared to what it once was. Yet, very few Americans today challenge these Marxist institutions, and there are virtually no politicians calling for their repeal or even gradual phase-out. While the United States of America may still have more freedoms than most other countries, we have nonetheless lost many crucial liberties and have accepted the major socialist attacks on freedom and private property as normal parts of our way of life.

The present "color revolution" in America is just a Jewish Communist "mopping up" operation to make sure every U.S. citizen is a slave.

Unfortunately, nearly all Americans are still totally blind to this Totalitarian Agenda!
