But Glenn Youngkin IS the ENEMY!

He is a GLOBALIST for the NEW WORLD ORDER!

He was the CEO of the Globalist Carlyle Group

**Osama bin Laden and his family were investors in the
Carlyle Group**

**He is a member of the Council on Foreign Relations,
an organization of the Illuminati New World Order**

Youngkin is now a bright new star for the GOP — a basketball-playing business tycoon who navigated the trickiest path in politics, appealing to moderate voters while still bringing out the most enthusiastic followers of Trump. (excerpt from newspaper)

It is hard to imagine an address closer to the heart of American power. The offices of the Carlyle Group are on Pennsylvania Avenue in Washington DC, midway between the White House and the Capitol building, and within a stone's throw of the headquarters of the FBI and numerous government departments. The address reflects Carlyle's position at the very centre of the Washington establishment, but amid the frenetic politicking that has occupied the higher reaches of that world in recent weeks, few have paid it much attention. Elsewhere, few have even heard of it.

This is exactly the way Carlyle likes it. For 14 years now, with almost no publicity, the company has been signing up an impressive list of former politicians - including the first President Bush and his secretary of state, James Baker; John Major; one-time World Bank treasurer Afsaneh Masheyekhi and several south-east Asian powerbrokers - and using their contacts and influence to promote the group. Among the companies Carlyle owns are those which make equipment, vehicles and munitions for the US military, and its celebrity employees have long served an ingenious dual purpose, helping encourage investments from the very wealthy while also smoothing the path for Carlyle's defence firms.

But since the start of the "war on terrorism", the firm - unofficially valued at \$3.5bn - has taken on an added significance. Carlyle has become the thread which indirectly links American military policy in Afghanistan to the personal financial fortunes of its celebrity employees, not least the current president's father. And, until earlier this month, Carlyle provided another curious link to the Afghan crisis: **among the firm's multi-million-dollar investors were members of the family of Osama bin Laden.** (From: The Guardian)
