What Will It Be, An Elite Global Union, Or An Islamic Global Caliphate?

We are in for much trouble in this world. There are two opposing groups trying to take charge. The first group, the Elite international bankers, have been trying to conquer the entire world, both economically and politically, ever since about 1865, or so. Their approach is to dominate the money supply of the world, so that they can buy their way into controlling everything of significance. Their method has become almost successful without them having to fire a single shot.

A few in the past have tried this, but they used deadly force – such as *Genghis Khan, Attila the Hun, Emperor Augustus, and most recently Adolph Hitler and Joseph Stalin.*

Today there is an opposing faction that would try to do the same, but they don't mind using force. In fact they think that they will go to their Heaven immediately if they kill an infidel, and will go much faster if they kill many infidels as they martyr themselves in doing so.

The first group believes absolutely in usury - the practice of lending money and charging the borrower interest, especially at an exorbitant or illegally high rate. For the second group, usury is forbidden by their holy laws.

The first group has an unusually low fertility rate, about 1.36 to 1.82, while the second group has a fertility rate ranging from 4.26 to 7.68. A ratio of about 1 to 3.75. Over a period of time, who will win – money or population? Time gives the prize to the second group.

In both cases the average citizen of the world loses. The first group would make them slaves and the second group would kill them if they don't join their effort.

So, the average citizens of the world cannot sleep while all this takes place, for the quality of life of their children and grandchildren are at stake. Do not discount these two opposing groups, for you very likely will become their victim – a slave or dead. What will it be?

The Elite Control Everything of Significance

by

Robert Gaylon Ross, Sr.

After finding out that there is a curtain, the author has spent all of his spare time since 1992 trying to find out who the people are behind this curtain, who would do everything in their power to dominate everyone in the world. A few in the past have tried this, but they used deadly force – such as *Genghis Khan, Attila the Hun, Emperor Augustus, and most recently Adolph Hitler and Joseph Stalin.*

The present day Elite have learned that they can accomplish this monumental task by not firing a single shot. They do it with money. To add insult to injury, they create this money out of thin air. Yes, they just print it and lend it to the governments of the world at interest. This money is not backed by gold, or anything else of value. This is fiat money – it has value only because of government regulation or law. With this fiat money they bribe the leaders of almost all nations around the world to look the other way as they take over.

You do not have to spend the thousands of hours researching these people, because the author has already done all of this for you. However, you might want to verify a few of these people for yourself to make sure that the author has done his homework well.

In this book you will find irrefutable evidence that they want to have political and economic control of everyone. They control the presidents and their cabinets, the state departments, the military, intelligence agencies, educators, union leaders, financial institutions, manufacturing, legal systems and everything else of significance.

What the Elite Have Done to America and How to Fix It

by

Robert Gaylon Ross, Sr.

(Published in September 2009)

“The Elite Are Doing Terrible Things to Us”

Never before in the history of America have citizens become so alarmed over the direction our nation is going. Many have awakened to a new reality—that an elite clique of super-rich has taken control of what once was a constitutional republic. This criminal elite has rigged our election systems, jettisoned many of the protections afforded the citizenry in our Bill of Rights, and become the virtual dictators of our once, great country.

Banding together in an illegal financial cartel and political combination, the Elite have conspired to deconstruct the United States, terminate our national independence and sovereignty, and integrate our land into their infamously planned New World Order. Through financial machinations, these international outlaws are systematically devaluing the dollar currency; they have become the Money Masters of Wall Street; and our Congress and legislatures do their bidding.

Through propaganda and financial fraud, the elite have bankrupted our treasury, taken trillions of dollars for themselves, increased our taxes, and run public debt to unbearable levels. Still, they want more. They ultimately seek the death of America, intending to bury the wasted corpse once and for all.

Robert Gaylon Ross, Sr. masterfully explains what terrible things the elite have done to us. But more important, he provides remedies and answers. Yes, we can make America a great nation once again, a prosperous and shining city on a hill and a beacon of light for a desperate world. This book points out the way. - Texe Marrs – Power of Prophecy

The Elite Serial Killers of Lincoln, JFK, RFK & MLK

by

Robert Gaylon Ross, Sr.

Published June 1, 2001

The subject matter of this book is one which most of us do NOT want to know about. Why? Because it reveals the abhorrently ugly truths behind world politics and manipulations. Generally we can all agree that our nation is suffering from a critical moral decay in which our society, families and children are fast becoming victims. Why is that? We must become cognizant of these manipulations in order to effectively stop this evil. At some point in your lifetime you will be affected, even perhaps become an unwitting victim of those in power. I pray that would not be the case, but in order to challenge this evil you MUST become aware of its activities and fight against it in whatever ways you are afforded. Prayer, sharing this information with others and holding our leaders accountable are great ways to effect real change.

This book tells who the shooters were, where they were standing when they fired their shots, who organized the events, and who wrote the checks to pay the killers of these four fine men. It also reveals some terrible things that people at the highest levels of our Federal government did to the citizens of this great nation. It also tells about the involvement of our law enforcement agencies at all levels in these assassinations. If it does not shock you, then you need to read it again, for you must have been day dreaming when you read it. In fact, it is best to read this book twice, because the second reading will reveal much more than the first reading, because you will then know what to look for. Also, if this book does not make you angry, then you just don't understand what the Elite are doing to this nation and the rest of the world.

It is very important that you read this book from beginning to end, because each chapter builds on the preceding chapters, and you might not fully understand what is going on if you start somewhere in the middle of the book.

We guarantee that most of the information in this book will be new to you, regardless of how many books that you have read on assassinations. Our sources are "rock solid".

You will read about a social event in Dallas at Clint Murchison's home the night before Kennedy was killed, including the names of everyone who attended, and why they met. Was Lyndon Johnson involved? You will find out the REAL facts in this book.

Protocols of the Learned Elders of Zion

by

Victor E. Marsden

This is a 299 page soft cover book that provides the original translation, from Russian, of the transcripts of a series of meetings of the Elders of Zion. These meetings probably went on for about a month, were attended by the very top echelon of the elders of Zion, and they took place somewhere around 1895-97, somewhere in Russia of Eastern Europe. This book does an excellent job of verifying the authenticity of the Protocols, which give very detailed plans for the Zionist to conquer the entire world. A high percentage of these plans have already been carried out, which verifies that these are authentic records. This is NOT an Anti-Semitic book. It simply provides the translation, and then offers a very logical analysis of the veracity of the Protocols.

Who's Who of the Elite – DVD

Members Since Their Founding

By

Robert Gaylon Ross, Sr.

Those Who Would Control the World

Misguided people have attempted to gain control of their known world for centuries. Prominent examples are the Genghis Khan empire (also inherited by Kublai Khan), Ancient Rome, Mughal Empire of India, Ottoman Empire, Spanish Empire of 15th and 16th century, British empire of 17th and 18th century, Louis XIV's France, Alexander the Great's Empire, Napoleon's empire, Holy Roman Empire, Byzantine Empire, Aztec Empire, Inca Empire, Maya Empire, and the

Safavid Empire, in no particular order, and 20th & 21st century Nazi Germany, Fascist Italy, Imperialist Japan, United States of America, and the Soviet Union.

In the past, these attempts to conquer were done so by brute military force, or otherwise physically harmful methods. In recent years the conquerors-to-be have taken up positions behind the curtains, and have been carrying out their campaigns through the actions of secret organizations, without firing a single shot. The most effective current secret organizations are the Bilderbergs, Council on Foreign Relations, Skull & Bones Society and Trilateral Commission. This CD is intended to identify the members of these secret groups and to provide as much information about these members as we have been able to acquire. We encourage others to help us in identifying those who we have not identified to date. Should you do want to help, please provide the sources of your information, and we thank you in advance for your help.

Over a period of at least 37 years, we have been able to identify every member of these secret groups, starting with the dates of organization's origin – no small task. This research has uncovered 13,795 total members, as of December 31, 2008.

This edition uses FileMaker Pro database software, and is compatible with both Macintosh and PC platforms, and without the need for the buyer to have FileMaker Pro resident on their computer.

The Clint Murchison Meeting in Dallas

November 21, 1963

A 90 minute interview with Madeleine Duncan Brown

Madeleine Duncan Brown was President Lyndon Baines Johnson's mistress for twenty one years, so she knows very important facts that no other living person is aware of. She knows ALL about the Clint Murchison meeting the night before JFK was killed, because she was there the entire evening. She names every person who was there, and what several had to say that evening. She also names several members of the mainstream news media that were there, but who never reported one detail of this historic event. Once you read *The Elite Serial Killers of Lincoln, JFK, RFK & MLK*, then you MUST see this video, because it verifies what you have read.

The American Union by 2005 – 2006

by

Robert Gaylon Ross, Sr.

An 86 minute video, revealing the plans of the international bankers to dominate the entire world both economically and politically. This charge is validated by video clips from C-SPAN, showing David Rockefeller, Vice President Dick Cheney, Secretaries of State Madeleine Albright & Warren Christopher, and White House Councilors Mac McLardy & David Gergen describing what they have in mind for the

U.S. and the rest of the world, as well. You may doubt the author, but you cannot deny what you hear from the lips of the Czar of the Global Union himself, David Rockefeller. Most people have never seen David on video or in real life, so here is your chance to see him in all of his splendor. This video presents probably the most important message that you need to hear in your lifetime – what is to come in the very near future.

&

Skull & Bones Society

by

Robert Gaylon Ross, Sr.

(June, 1995 Edition)

The 1995 edition of this book contains significant information about the Skull & Bones Society, including an extended list of members, such as former President Bush, and his son President Bush. This information was removed from the latest edition in order to keep the size of this book down so as to conserve printing cost. This original edition sells for 1/2 the price of the current edition.

The movie "The Skulls" comes very close to the Skull & Bones Society. One of the more obvious differences is that "The Skulls" had 8 members, whereas the Skull & Bones Society has always had 15 members.

TEXAS IN THE MORNING

The Love Story of Madeleine Brown

and

President Lyndon Baines Johnson

by

Madeleine Brown

There is a lot about President Lyndon Baines Johnson that you do not know but will be fascinated to learn. No one can shed more light on the man who became president by default when Kennedy was brutally murdered in the streets of Dallas than LBJ's longtime lover, Madeleine Brown.

An eyewitness to one of the most momentous times in American History, Brown will share with you the events leading up to Kennedy's assassination and what really happened in Dallas that day, as well as the deep, genuine and intense nature of her relationship with LBJ. You will learn:

-Why she believes LBJ participated in the plot to kill Kennedy, if not initiating it himself, along with the rich and powerful men of Texas.

-How LBJ stole the election that put him in the US Senate.

-What happened when LBJ rose to power and what he was really like as president and as a man.

-Scandals that swirled around him as vice president and a string of murders that may be associated with him.

-Little known facts about H. L. Hunt, Sam Rayburn, Clint Murchison, J. Edgar Hoover, Billy Sol Estes and other famous people of that era.

-How she and Johnson had his only son, Steven, whom LBJ acknowledged and supported.

Madeleine Brown delivers an eye-opening look at some of the most powerful men in Texas history.

This book reads like a juicy romance novel without the offensive language of a XXX rated novel, but provides the loving intimacy between two people who were deeply in love. This relationship produced a love child that LBJ secretly accepted the financial responsibility for, but was unable to publicly acknowledge.

Once you start this book, you will not put it down until it's finished, for Madeleine's experience in marketing gave her the skills to communicate in a most provocative manner, the true history of her 21 years as LBJ's mistress.

Billie Sol Estes (Biography)

by

Pamela Estes

As a high-school student, Billie Sol bought and sold his first trainload of government-surplus grain and started on a roll of wheeling and dealing that made him a multi-millionaire before he was thirty and a resident of Levenworth Federal Penitentiary before he was forty. Before his fall, he brought glamour and excitement to the sleepy desert town of Pecos, Texas. A man who liked giving money away almost as much as he liked making it, Billie Sol was well-known in West Texas as a man who would undercut and ruin a competitor before breakfast, then find a poor black or Mexican student and pay his college tuition before dinner time. He often delivered sacks of money to Lyndon Johnson as kickback for his share of ill-gotten gains from the U.S. Agriculture Dept. At the peak of his career he was worth about a billion dollars.

FRIENDS OF THE EZEKIENS

A Sci-Fi Novel

by

Cecil Ross

The Ezekiens are a colony of small green aliens who inhabit a huge space ship hidden from Earth beyond the moon. Their mission is to help the human inhabitants of Earth save their own planet from self-destruction. But the Ezekiens cannot be directly involved in their mission because they could not survive the conditions of Earth's gravity-all except one: Helen is a young, delightfully mischievous Ezekien female who *is* able to survive in a one-gee environment, and who is being educated and trained to live with a group of human companions that gave her the name.

Friends of the Ezekiens are a growing, worldwide group of humans that have been raised, educated, and specially trained by the Ezekiens to eventually accomplish their mission. In their own words, friends of the Ezekiens were *rescued*-as orphaned or unwanted children who, otherwise, would have grown up to be much less fortunate. Among them are Leona Graham, a middle-aged, much talented human emissary of the Ezekiens, and her young human fighter pilot escort, Cotton O'Brien.

Ben Two Bears and his young physicist daughter, Trudy, are completely unaware of the Ezekiens, and are deeply involved in their own earthly problems-but not for long. Because of an impossible coincidence, Ben and Trudy suddenly find themselves involved in the Ezekien mission. Their story is one of mystery, intrigue, romance, and exciting adventure.

AUTHOR'S NOTE:

This book contains no explicit or otherwise undesirable language, and no sexual behavior, either explicit or implied. It does contain three brief incidents of inoffensive violence. Although it is not intended for preteen aged children, it

should not, in my opinion, be detrimental to their character if they choose to read it.

Publisher's Note:

The above Author's Note is his way of telling the reader that this is not an offensive piece of work. My personal opinion is that this book can be read and enjoyed by anyone who can read. The intent is not to be politically correct, but is simply that the author's moral and ethical base is so straight that he finds the typical novel offensive because of the heavy dependency on violence and sex to tell the stories. It's about time that authors and publishers produce novels for anyone who enjoys reading. This one is a WINNER.
