We Were Warned in 1963: Has Communist Ideology Overtaken America?

Posted on [February 1, 2013](#) by [Dean Garrison](#)

Has Communist Ideology Overtaken America? Education is crucial. Today I want to share two very interesting lists with you, and

sickleflag

rather than adding an extensive amount of my commentary, I want to give you the chance to examine

the facts for yourself. It is my opinion that many communist goals have already been accomplished. I also believe that advancement has been made in other areas. But, you owe it to yourself to do your own research. **I believe not only in the freedom of speech, but also in the responsibility of free thought.** So please don't take my word for it. Examine the facts for yourself.

Again, I want to share two lists with you. **The first is a list that was entered into 1963 Congressional Record. The second is the 10 planks of The Communist Manifesto.**

If you can't see this happening in America, and a ton of progress being made, then I offer two potential explanations:

useful

1. You are one of the "useful idiots" of communist teaching.
2. **I am one of the "village idiots" that your Mama probably warned you about.**

Some of these points will be open for debate and some will not. In some cases it is blatantly obvious that they have achieved their goals. **It is even rumored that our own President has deep communist ties.** You might want to check that out as well but I will withhold my opinion at this point. Let's just lay it out and you can interpret it.

This list was originally printed in "The Naked Communist" by Cleon Skousen. It was entered into Congressional Record in 1963 as the 45 goals of "The Communist Takeover of America."

1. U.S. acceptance of coexistence as the only alternative to atomic war.
2. U.S. willingness to capitulate in preference to engaging in atomic war.
3. Develop the illusion that total disarmament [by] the United States would be a demonstration of moral strength.
4. Permit free trade between all nations regardless of Communist affiliation and regardless of whether or not items could be used for war.
5. Extension of long-term loans to Russia and Soviet satellites.
6. Provide American aid to all nations regardless of Communist domination.
7. Grant recognition of Red China. Admission of Red China to the

U.N.

un1971

8. Set up East and West Germany as separate states in spite of Khrushchev's promise in 1955 to settle the German question by free elections under supervision of the U.N.
9. Prolong the conferences to ban atomic tests because the United States has agreed to suspend tests as long as negotiations are in progress.
10. Allow all Soviet satellites individual representation in the U.N.
11. Promote the U.N. as the only hope for mankind. If its charter is rewritten, demand that it be set up as a one-world government with its own independent armed forces. (Some Communist leaders believe the world can be taken over as easily by the U.N. as by Moscow. Sometimes these two centers compete with each other as they are now doing in the Congo.)
12. Resist any attempt to outlaw the Communist Party.
13. Do away with all loyalty oaths.
14. Continue giving Russia access to the U.S. Patent Office.
15. Capture one or both of the political parties in the United States.
16. Use technical decisions of the courts to weaken basic American institutions by claiming their activities violate civil rights.
17. Get control of the schools. Use them as transmission belts for socialism and current Communist propaganda. Soften the curriculum. Get control of teachers' associations. Put the party line in textbooks.
18. Gain control of all student newspapers.
19. Use student riots to foment public protests against programs or organizations which are under Communist attack.
20. Infiltrate the press. Get control of book-review assignments, editorial writing, policy making positions.
21. Gain control of key positions in radio, TV, and motion pictures.
22. Continue discrediting American culture by degrading all forms of artistic expression. An American Communist cell was told to "eliminate all good sculpture from parks and buildings, substitute shapeless, awkward and meaningless forms."
23. Control art critics and directors of art museums. "Our plan is to promote ugliness, repulsive, meaningless art."
24. Eliminate all laws governing obscenity by calling them "censorship" and a violation of free speech and free press.

creativecursing

25. Break down cultural standards of morality by promoting pornography

and obscenity in books, magazines, motion pictures, radio, and TV.

26. Present homosexuality, degeneracy and promiscuity as “normal, natural, healthy.”

27. Infiltrate the churches and replace revealed religion with “social” religion. Discredit the Bible and emphasize the need for intellectual maturity which does not need a “religious crutch.”

prayerinschool 28. Eliminate prayer or any phase of religious expression in the schools on the ground that it violates the principle of “separation of church and state.”

29. Discredit the American Constitution by calling it inadequate, old-fashioned, out of step with modern needs, a hindrance to cooperation between nations on a worldwide basis.

30. Discredit the American Founding Fathers. Present them as selfish aristocrats who had no concern for the “common man.”

31. Belittle all forms of American culture and discourage the teaching of American history on the ground that it was only a minor part of the “big picture.” Give more emphasis to Russian history since the Communists took over.

obamaapprove 32. Support any socialist movement to give centralized control over any part of the culture—education, social agencies, welfare programs, mental health clinics, etc.

33. Eliminate all laws or procedures which interfere with the operation of the Communist apparatus.

34. Eliminate the House Committee on Un-American Activities.

35. Discredit and eventually dismantle the FBI.

36. Infiltrate and gain control of more unions.

37. Infiltrate and gain control of big business.

38. Transfer some of the powers of arrest from the police to social

sshollow agencies. Treat all behavioral problems as psychiatric disorders which no one but psychiatrists can understand [or treat].

39. Dominate the psychiatric profession and use mental health laws as a means of gaining coercive control over those who oppose Communist goals.

divorce 40. Discredit the family as an institution. Encourage promiscuity and easy divorce.

41. Emphasize the need to raise children away from the negative influence of parents. Attribute prejudices, mental blocks and retarding of children to suppressive influence of parents.

42. Create the impression that violence and insurrection are legitimate aspects of the American tradition;

that students and special-interest groups should rise up and use ["united force"] to solve economic, political or social problems.

43. Overthrow all colonial governments before native populations are ready for self-government.

44. Internationalize the Panama Canal.

45. Repeal the Connally reservation so the United States cannot prevent the World Court from seizing jurisdiction [over domestic problems. Give the World Court jurisdiction] over nations and individuals alike.

10 Planks of "The Communist Manifesto:"

1. Abolition of private property and the application of all rent to public purpose.

2. A heavy progressive or graduated income tax.

manifesto

3. Abolition of all rights of inheritance.

4. Confiscation of the property of all emigrants and rebels.

5. Centralization of credit in the hands of the State, by means of a national bank with state capital and an exclusive monopoly.

6. Centralization of the means of communication and transportation in the hands of the State.

7. Extension of factories and instruments of production owned by the State, the bringing into cultivation of waste lands, and the improvement of the soil generally in accordance with a common plan.

8. Equal liability of all to labor. Establishment of Industrial armies, especially for agriculture.

9. Combination of agriculture with manufacturing industries; gradual abolition of the distinction between town and country by a more equable distribution of the population over the country.

10. Free education for all children in government schools. Abolition of children's factory labor in its present form. Combination of education with industrial production, etc. etc.

Of 55 things listed here I would be curious to what your personal scorecard might read. Feel free to comment below. My interpretation is that progress or completion has been made on almost every single goal or plank laid out today. If you would like to do further research on this topic I would highly recommend a FREE movie that you can access today:
