Introduction

“The understanding of the Nephilim is the “Rosetta Stone” for understanding all of Scripture.” —Steve Quayle

Why does God tell the Israelites to wipe out entire villages: men, women, children, animals, and everything. Then you get to the New Testament, and Jesus preaches love, “If you’ve seen me, you’ve seen my Father.”

It is difficult to reconcile this discrepancy between the Father and the Son without an understanding about the Nephilim.

00::02:25

00::05:20

Synchronized, Biblically Endorsed, Extra-Biblical Texts

The Book of Enoch, the Book of Jasher, and the Book of Jubilees tell a very detailed account of what is going on in Genesis chapter 6, and they all sync up with each other.

They tell the same story in the same chronological order of events. When you put all four of them together (including Genesis 6), you get a very detailed account; each book filling in some of the blanks.

The Bible itself endorses these books by referring to them and by quoting them.

A fair amount of the book of Jude is taken right out of the Book of Enoch. If you view the Bible as inspired, God told Jude to quote from the Book of Enoch.

There is indication Moses was familiar with the Book of Enoch as well, because we get through 5 chapters of the first book of the Torah and then all of a sudden he mentions the Nephilim and doesn’t give any further explanation for it. That’s because most everyone at that time was familiar with the Nephilim, who they were, and what they did. How did they know that? It was written in the other chronicles with which they were familiar.

The book of Jasher is actually named twice by the Biblical writers: Joshua 10:13 and 2 Samuel 1:18.

Joshua 10:13

“And the sun stood still, and the moon stayed, until the people had avenged themselves upon their enemies. *Is not this written in the book of Jasher?* So the sun stood still in the midst of heaven, and hastened not to go down about a whole day. “

2 Samuel 1:18

“(Also he bade them teach the children of Judah *the use of* the bow: behold, *it is* written in the book of Jasher.) “

Each time, the inspired writer is using the book of Jasher to give his own account credibility.

That is evidence that these texts were known and accepted historical documents of the day.

00::09:10

Several references in the Bible also come from the Book of Jubilees.

00::09:40

Who or What is an Archon?

Ephesians 2:2

“Wherein in time past ye walked according to the course of this world, according to the **prince** of the power of the air, the spirit that now worketh in the children of disobedience:”

Greek: Archon (masculine noun) = chief ruler, prince, leader, commander with authority

In the book of Enoch, there are 20 named archons: the chief princes or leaders over the 200 “Watcher” class that landed at Mount Hermon in the days of Jared.

Matthew 24:37

“As it was in the days of Noah, so shall it be at the coming of the Son of Man.”

Noah lived 950 years:

600 years before the flood

350 years after the flood

Most of the time, when we think of Noah, we only think of Noah and the ark. His days extended 350 years beyond that.

A whole lot of strange things happened before and after the flood. Some of that is going to happen again.

00::11:24

The Genesis Six Experiment

Genesis 6:1-2

And it came to pass, when men began to multiply on the face of the earth, and daughters were born unto them, that the **sons of God** saw the daughters of men that they *were* fair; and they took them wives of all which they chose.

Compare verses 1 and 2 to Enoch and Jubilees

“And it came to pass when the children of men had multiplied that in those days were born unto them beautiful and comely daughters. And **the angels, the children of the heaven**, saw and lusted after them, and said to one another: ‘Come, let us choose us wives from among the children of men and beget us children.’” —1Enoch 6:1-2

“And it came to pass when the children of men began to multiply on the face of the earth and daughters were born unto them, that **the angels of God** saw them on a certain year of this jubilee, that they were beautiful to look upon; and they took themselves wives of all whom they chose, and they bare unto them sons and they were giants.” Jubilees 5:1

Here we see clearly that we’re talking about angels, not the sons of Seth, as is taught in many Seminaries today. That theory is completely absurd and unsupported.

00::12:30

Even the respected Flavius Josephus confirms these were angels.

“For many angels of God accompanied with women, and begat sons that proved unjust, and despisers of all that was good, on account of the confidence they had in their own strength; for the tradition is, that these men did what resembled the acts of those whom the Grecians call giants.” —Antiquities of the Jews 1.3.1

In the New Testament, they are called “the angels that sinned” in 2 Peter 2:4-5. they were delivered into “chains of darkness.” God “cast them down to hell” (Gk: Tartarus). That is the only time this Greek word is used in Scripture.

In the Odyssey, Tartarus is where the Titans were cast.

In Jude 1:6

“And the angels which kept not their first estate, but left their own habitation, he hath reserved in **everlasting chains under darkness** unto the judgment of the great day.”

Jubilees 5:6

“And against the **angels** whom he had sent on the earth, He had boiling anger, and He gave commandment to root them out of their dominion, and

He commanded us to **bind them in the depths of the earth, and look, they are bound in the middle of the earth**, and are kept separate.

God's Judgment Against These Angels That Sinned

And to Gabriel said the Lord: "Proceed against the bastards and the reprobates, and against the children of fornication: and destroy the children of the Watchers from amongst men: sinned them one against the other that they may destroy each other in battle; **for length of days shall they not have**. And no request that they make of thee shall be granted unto their fathers on their behalf; for **they hope to live an eternal life**, and that **each one of them [the Nephilim offspring] will live five hundred years**." And the Lord said unto Michael: "Go bind Semjaza and his associates who have united themselves with women so as to have defiled themselves with them in all their uncleanness. **And when their sons [the Nephilim offspring] have slain one another, and they have seen the destruction of their beloved ones, bind them [the Watchers] fast for seventy generations** in the valleys of the earth, till the day of their judgment and of their consummation, till the judgment that is for ever and ever is consummated." —1 Enoch 10:9-12

00::15:20

The first generation Nephilim would live 500 years and would kill each other off in that time. God was going to cause a civil war. The Watchers are going to be made to watch their beloved ones die. That was part of their judgment. Then they were to be put in chains of darkness in Tartarus.

There was no second incursion of Angels mating with humans, as many who research these things believe.

There are no confirming scriptures of this. There are no indications in the Biblically endorsed Extra-Scriptural texts.

Five reasons there were not multiple incursions:

1. The Judgment against the Watchers was extremely Severe!
2. There are NO confirming Scriptures!
3. Size began to drop dramatically.
450' before the flood; 150' MAX and shorter after that, typically 35'
4. The world should have again become completely corrupted after the flood

The incursion on Mount Hermon in the days of Jared happened roughly 3550 BC. Nephilim were on the earth for about 1200 years (up to the flood). They completely corrupted God's creation in 1200 years.

5. Why science instead of sex?

All accounts of Alien abduction, probes, “alien grays” are all re-packaged Genesis six activity. You don’t see these entities having sex, they are extracting seed, eggs, and doing scientific experimentation to create embryos. Why go through all this lab work if all you have to do is have sex?

00::20:16

God’s Severe Judgment

Do Angels Tremble at the Judgments of God?

“And the angels, the sons of heaven, saw and lusted after them, and said to one another: “Come, let us choose us wives from among the children of men and have children with them.” And Semjaza, who was their leader, said to them, “I **fear** you will not agree to do this deed, and I alone shall have to pay the penalty of this **great sin**.” —1 Enoch 6:2-4

Mount Hermon is called Hermon because of this mutual oath. The word “Hermon” has something to do with taking an oath.

“Then I went and spoke to them all together, and **they were all afraid, and fear and trembling seized them**. And they besought me to draw up a petition for them that they might find forgiveness, and to read their petition in the presence of the Lord of heaven. For from thenceforward they could not speak (with Him) nor lift up their eyes to heaven for shame of their sins for which they had been condemned.” —1 Enoch 13:3-5

They wanted Enoch to plead to God on their behalf.

“On that day Michael answered Raphael and said: “The power of the spirit grips me and **makes me tremble because of the severity of the judgment** of the secrets, and the judgment of the angels. **Who can endure the severe judgment which has been executed**, and before which they melt away?”

And Michael answered again, and said to Raphael: “Who would not have a softened heart concerning it, and **whose mind would not be troubled by this judgment** against them because of those who have led them out?” —1 Enoch 68:2-3

00::23:08

“Therefore all that is hidden shall come on them for ever and ever; for **no other angel or man shall have his portion in this judgment, but they alone have received their judgment for ever and ever**.” —1 Enoch 68:5

“Michael is prophesying that no other angel will ever be judged for this act again ...because the hosts of heaven, both good and bad, saw how severe that particular act was judged by God.” —Rob Skiba

Just another reason that there were not any additional incursions
Some interesting things pop up toward the end of the 500 year titan's time period. You see the Aztec/Myan calendar (3114BC), the death of Adam, then about 25 years after that is the end of the first-generation Nephilim. (3050BC)
Enoch 10:10

Shortly after, the Watchers are judged and buried. Enoch 10:12
The Enoch is raptured
65 years later, Noah is born.
600 years to the flood

What is a demon?

Is a demon a fallen angel?

Angels are angels. They already have bodies. They have no need to inhabit bodies of their own.

Who are demons?

“And now, the giants, who are produced from the spirits and flesh, shall be called evil spirits upon the earth, and on the earth shall be their dwelling. **Evil spirits have proceeded from their bodies; because they are born from man and from the holy Watchers is their beginning and primal origin; they shall be evil spirits on earth, and evil spirits shall they be called.**

[As for the spirits of heaven, in heaven shall be their dwelling, but as for the spirits of the earth which were born upon the earth, on the earth shall be their dwelling.] And **the spirits of the giants afflict, oppress, destroy, attack, do battle, and work destruction on the earth, and cause trouble; they take no food, but nevertheless hunger and thirst and cause offences.**

And these spirits shall rise up against the children of men and against the women, because they have proceeded from them.” —Enoch 15:8-12

Demons are disembodied spirits of the Nephilim.

God created Angels in Heaven.

God created Humans.

God never intended for angel-human hybrids to exist. It is an abomination. So when that body dies, the spirit has no place to go. It wanders in dark places and goes to and fro on the earth.

Deuteronomy 32:17

“They sacrificed unto **devils**, not to God; to gods whom they knew not, to new *gods that* came newly up, whom your fathers feared not.”

“Why did Moses refer to the demons as ‘new gods’? He goes on to use the word ‘elohim’ which is translated as ‘gods.’ Moses uses two words used specifically for real spirit beings, which are shed [pronounced ‘shade’] and elohim. He was not simply referencing idols. If the demons are new and came newly up, what was Moses talking about?

There are two different words used here for the word 'new.'
Occurrence #1: Chadash [Strong's #2319] – New, fresh new thing.
Occurrence #2: Qarob [Strong's #7138] – Shortly, lately, near of kin

These were new beings that had recently come to exist. Even more interesting is the second use which could be translated as 'near of kin,' if the demons did indeed come from the dead Nephilim, they would be near of kin in the same sense that they were part human."
—Minister Dante Fortson (www.ministerfortson.com)

The Genesis 6:4 Pre-Flood Return of the Nephilim

Genesis 6:4

“There were giants in the earth in those days; **and also after that**, when the sons of God came in unto the daughters of men, and they bare *children* to them, the same *became* mighty men which *were* of old, men of renown.”

Genesis is a linear book. It describes a chronological order of events.

The Torah is a linear work.

Genesis 6 is in a pre-Flood context.

00::30:00

(See also Return of the Nephilim.doc)

In Hebrew,

Giants is Nephilim;

After is achar [a-car] – immediately after, the next thing that happened;

When asher (Strong's 834) – shown as “when” in the verse, but better translated as because (can be translated either when or because, but is “**because**” 73 times and when 44 times in the OT). It is a first-cause issue instead of a repeat-offense issue Rob believes here it is intended as “because”

Mighty Men is GEBOREN = mighty men, can sometimes mean giant, but not always. It has to be taken in context.

Of old is OLAM (Strong's 5769) – the VERY distant past. Also translated everlasting, and forever

Expansion of Genesis 6:4, amplified based on the above information:

There were **Nephilim** on the Earth in those days, **that being the days of Jared**, and also after that, **being the days after the first generation of Nephilim were killed off, but still before the flood, because of the fact that** the Sons of God **inserted their seed** into the daughters of men, and they bare children to them, the same, **from the pre-flood after that**, became mighty men which were of old, **long, long, long ago**, men of renown.

The Douay-Rheims Bible supports this thesis as well

“Now giants were upon the earth in those days, for after the sons of God went in to the daughters of men and they brought forth children, these are the mighty men of old, men of renown.”

How did the giants come back?

Synchronizing the Ancient Texts to Genesis 6

Genesis 6:1-4 – **Angels mating with humans**

Syncs with Enoch 6:1-7:2 and Jubilees 5:1 (with a recap of 7:21-23)

Genesis 6:5-7 – **Shows how God feels about the resulting violence**

Syncs with Enoch 7:3-6 and Jubilees 5:2-4

Genesis 6:8-10 – **Reveal how Noah and his sons were genetically pure**

Syncs with Jasher 4:12-15 (see also Jasher 5:13-17) and Jubilees 5:5

Genesis 6:11-12 – **Earth and ALL flesh become corrupted**

Syncs with Jasher 4:16-18 and Jubilees 5:19

Genesis 6:13-17 – **God grows increasingly angry and tells Noah to build the ark and how to do it**

Syncs with Jasher 4:18-21, Jasher 5:25-29, and Jubilees 5:21-22

Genesis 6:18 – **First mention of the wives of Noah’s three sons**

Syncs with Jasher 5:32-36 (Noah chose the three wives just 7 days before the flood)

If the wives weren’t chosen until after Genesis 6:12, then they were among the flesh that had become corrupted. Tainted seed could have entered the ark through them.

“That’s absurd! Why would God destroy the whole earth just to let tainted seed go through the ark?”

We’re talking about genes here — Microscopic codes in the DNA that would later be wiped out by Israel’s sword. “But why would God allow that?”

You’re focusing on the symptom.

God focuses on the root cause.

It’s far more absurd to say that if the corrupted seed came as a result of Watchers mating with women, that God would allow that to happen again immediately after the flood. It would create new tainted seed again.

Either way, you have a tainted seed problem. In the one case, it’s just through three individuals with diluted Nephilim seed, in the other case, you have first-generation, full-strength potent Nephilim seed.

The diluted Nephilim genetics also explains why the giants were significantly shorter after the flood.

And God looked upon the earth, and, behold, it was corrupt; **for all flesh had corrupted his way upon the earth.**

Genesis 6:12 – All flesh had become corrupted

Jasher 4:18 – “And their judges and rulers went to the daughters of men and took their wives by force from their husbands according to their choice, and the sons of men in those days took from the cattle of the earth, the beasts of the field and the fowls of the air, **and taught the mixture of animals of one species with the other**, in order therewith to provoke the Lord; and God saw the whole earth and it was corrupt., for **all flesh had corrupted its ways on the earth**, all men and all animals.”

As it was in the days of Noah... What has been on the news in recent years? Animal-human chimera Labs in Europe have announced that they have produced over 150 of these animal-human hybrids. And that’s just what they’re telling us about! How much have they done that they’re *not* telling us?

Jubilees 7:24 – “And **after this they sinned against the beasts and birds, and all that moveth and walketh on the earth**; and much blood was shed on the earth, and every imagination and desire of men imagined vanity and evil continually.”

Sinned Against the Animals

“Sinned against animals” is a reference to genetic manipulation, which created the animal-human hybrids of mythology... which appears to have also made a way for the disembodied spirits of the Nephilim to have ‘host’ bodies to once again inhabit, thus bringing about their return.”

[Rob’s radio program www.blogtalkradio.com/revolutionaryradio]

“Despite the loss of their physical bodies [from dying in the Flood], there is reason to believe that the giants’ spirits continued to exist. In this state, they were (and are) demonic entities. Like other sentient creatures, they have an eternal spirit at their essence. Therefore, the Nephilim and related tribes of giants never really ceased to exist; only their physicality was lost.”

—Dr. Judd Burton *Interview with the Giant*

00::41:57

The disembodied spirits want a body back. What if the creation of something God never intended to exist created that opportunity? The only spirit fit to enter an animal-human hybrid are the disembodied spirits of the Nephilim.

What about Dinosaurs?

00::43:18

Where did the dinosaurs come from?

Job 40:15-20

Behold now behemoth, which I made with thee; he eateth grass as an ox. Lo now, his strength *is* in his loins, and his force *is* in the navel of his belly. He moveth his tail like a cedar: the sinews of his stones are wrapped together. His bones *are as* strong pieces of brass; his bones *are* like bars of iron. He *is* the chief of the ways of God: he that made him can make his sword to approach *unto him*. Surely the mountains bring him forth food, where all the beasts of the field play.

Rob believes God created the Herbivore-class of dinosaur. He believes Nephilim created the Carnivore-class of dinosaur. As a result, he believes only the herbivores came through the flood. However, Scriptures speak of Leviathan after the flood and the flying fiery serpents. Also, in Scandinavia, there are T-Rex creatures commonly depicted in the carvings of their buildings, and there is reason to believe grendel in Beowulf was a T-Rex. ("After the Flood" —Bill Cooper)

Genesis 6:12-13

“And God saw the earth, and behold, it was corrupt; for **all flesh had corrupted their way upon the earth**. And God said unto Noah, the end of all flesh is come before me; for **the earth is filled with violence through them**; and behold, I will destroy them with the earth.”

1 Enoch 7:5

“They (the Nephilim) began to sin against birds, beasts, reptiles, and fish...”

Jubilees 5:2b

“Men and cattle and beasts and birds **and everything that walked on the Earth were all corrupted in their ways and in their orders and they began to devour each other.**”

00::48:10

00::48:12

<Discussion on Names: I don't put a lot of stock of names. It would have to be demonstrated that

1. The particular name was given to the person at birth.
2. The name had that meaning at the time of the person's birth.

Often, names are given to entities after the fact –even generations later, based on the person's behavior in his life

Often a word receives a meaning at a later time. A modern day example "Bork" or "to Bork" – to vilify and attack someone systematically as was done to Robert Bork.

Also, Rob himself has demonstrated that a particular Hebrew word can have many meanings. So select one, and say that's what the parent meant when he named the child is speculative at best, and self-serving.>

00::51:40

Changing Man's Nature

"And their fathers [the Watchers] were witnesses of their [the 1st generation Nephilim] destruction, and after this they were bound in the depths of the earth for ever, until the day of the great condemnation, when judgment is executed on all those who have corrupted their ways and their works before the Lord. And He destroyed all from their places, and **there was not left one of them whom He judged not** according to all their wickedness. **And He made for all His works a new and righteous nature**, so that they should not sin in their whole nature for ever, **but should be all righteous each in his kind always**. —Jubilees 5:12

This was perhaps a preventive measure to prevent Angels and humans from mating sexually ever again.

"As far as this author is aware, the re-creation of man's nature is mentioned in no other book. This idea of human nature being altered as it existed before the flood is found nowhere else but in Jubilees." —Joseph B. Lumpkin

He is wrong.

Daniel 2:43

"And whereas thou sawest iron mixed with miry clay, they shall mingle themselves with the seed of men: but they shall not cleave one to another, even as iron is not mixed with clay."

Seed of men... cleave is a marriage term. God changed man's nature so angels could no longer mate with women. God put a barrier in place, which is why "plan B" had to be instituted.

00::53:53

The Days of Jared vs. the Days of Noah

The days of **Jared** were marked by the mating of angels and humans.

However, it was in the days of **Noah** that the creation of animal-human hybrids brought about the “corrupting of all flesh” we read about in Genesis 6:12, which ultimately led to God’s judgment with the flood.

To take Jesus’ words in Matthew 24:37 quite literally, all we need to do is turn on the evening news. There we are seeing the repeat not of angels mating with humans (as in the days of Jared), but rather the recreation of animal-human hybrids, *exactly* as it was in the days of Noah.

Two books that just came out, one by Douglas Hamp and the other by Tom and Nita Horn:

Corrupting the Image and *Forbidden Gates*

They sort of go together side-by-side: By *Corrupting the Image*, you are opening *Forbidden Gates*.

00::55:03

Who or What are Nephilim?

Nephilim (Strong’s #5303): or Nphil (nef-eel’); from [naphal](#); properly, a feller, i.e. a bully or tyrant – a giant.

Nephal (Strong’s #5307): **cast down, cease, die, divide by lot, let fail**, A primitive root; **to fall**, in a great variety of applications (intransitive or causative, literal or figurative) – be accepted, cast (down, self (lots), out), cease, die, divide (by lot), (let) fail, (cause to, let, make, ready to) fall (away, down), fell, **fugitive**, have (inheritance), **inferior, be judged**, lay (along), (cause to) lie down, light (down), be lost, lying, overthrow, overwhelm, **perish**, present(-ed, -ing), (make to) **rot, slay, smite out, throw down**

There is nothing in the definition of Nephilim or Nephal that makes it mean the offspring of angels and humans exclusively.

Other Uses of the Word Nephal in Scripture

00::56:42

Genesis 2:21

“And the Lord God caused a deep sleep **to fall** upon Adam, and he slept; and he took one of his ribs, and closed up the flesh instead thereof;”

Numbers 5:21

“Then the priest shall charge the woman with an oath of cursing, and the priest shall say unto the woman, The LORD make thee a curse and an oath among thy people, when the LORD doth make thy thigh **to rot**, and thy belly to swell;”

Numbers 6:12

“And he shall consecrate unto the LORD the days of his separation, and shall bring a lamb of the first year for a trespass offering: but the days that were before **shall be lost**, because his separation was defiled.”

Nephal is something that is fallen or is less than what God originally created it to be. Nephilim are said to be “Fallen Ones”.

Some associate the Nephilim with being the Fallen Angels —not so— they are the offspring of the angels.

Can Nephilim be produce in other ways besides being the offspring of angels?

Yes!

00::58:30

Created in Whose Image?

Genesis 1:27

“So God created man in his *own* image, in the image of God created he him; male and female created he them.”

We were created in the image of God.

The angels may have been trying to create something in *their* image. There are a variety of angels described in the Bible. One particular class is described here. Ezekiel 1:5-10

“Also out of the midst thereof *came* the likeness of four living creatures. And this *was* their appearance; they had the likeness of a man. And every one had four faces, and every one had four wings. And their feet *were* straight feet; and the sole of their feet was like the sole of a calf’s foot: and they sparkled like the colour of burnished brass. And they had the hands of a man under their wings on their

four sides; and they four had their faces and their wings. Their wings *were* joined one to another; they turned not when they went; they went every one straight forward. As for the likeness of their faces, they four had the face of a man, and the face of a lion, on the right side: and they four had the face of an ox on the left side; they four also had the face of an eagle.”

It's sort of a satyr with wings. It has four faces. This is something God created.

Could it be they were trying to create themselves — to create something in their image and likeness; which is why they were mixing animals and humans together?

Would that create a host body that their demonic spirits could enter? Yes.

01::00:21

The movie *Splice* (**NOT RECOMMENDED** for Christians to see) seems to also have this thought: a genetically engineered angel (the movie makers say this was the goal). Could the demons be channeling their concepts through the creativity of writers and movie makers? “Our goal was to create a genetically engineered angel.” – The Movie Writers

Could it be that these writers and film makers are channeling some of the things the fallen angels may want them to portray?

That's the conclusion of our examination of the pre-Flood Return of the Nephilim.

The Post-Flood Return of the Nephilim

01::04:35

This is “Lord of the Rings” territory. This is “Narnia.” This is all the fantasy films you’ve seen combined. It has crazy giants, Incredible battles—we’re not taught this in Sunday School or Church. When you plug Nephilim into the equation and take the Scriptures literally, and stop trying to make it all allegorical and symbolic, you get an entirely different picture.

The Israelites fought wars against giants!

The Post-Flood Accounts

Arphaxad’s son Kainam

Canaan

Mizriam

Cush

Nimrod

Arphaxad: was Shem’s son. Kainam’s wife was the daughter of Shem’s son, Elam, so Kainam married his cousin.

Kainam: finds and reads the writing from the pre-flood world that contained knowledge of the Watchers.

Jubilees 8:1-5

“In the twenty-ninth jubilee, in the first week, in the beginning thereof Arpachshad took to himself a wife and her name was Rasu’ija, the daughter of [Shem’s son] Elam, and she bare him a son in the third year in this week, and he called his name Kainam. And the son grew, and his father [Arphaxad] taught him writing, and he went to seek for himself a place where he might seize for himself a city. And **he found a writing which former (generations) had carved on the rock, and he read what was thereon, and he transcribed it and sinned owing to it; for it contained the teaching of the Watchers** in accordance with which they used to observe the omens of the sun and moon and stars in all the signs of heaven. And he wrote it down and said nothing regarding it; for he was afraid to speak to Noah about it lest he should be angry with him on account of it.”

However, we don’t find Kainam in the lineage of Genesis 10. Maybe Jubilees is giving us the reason Kainam was excluded from the patriarchs in Genesis 10.

Canaan – Genesis 10:15-19

The “ites” —These are the people the children of Israel constantly had to deal with (kill).

Mitzriam: He begat Caphtor (Genesis 10:13-14) who settled Crete and was the father of the Philistines (Jeremiah 47:4, Amos 9:7). We know some of the Philistines were giants. **All of Greek Mythology** originated in Crete. Could it be all of the Greek gods are based on the offspring of Mitzriam?

Cush: Married his daughter Semiramis and begat Nimrod.

Nimrod “began to be a mighty one [Gebor/Geboren] in the earth...”

1. Nimrod simply became a strong and powerful man
2. Nimrod began to become a giant himself
3. Nimrod began to become a hunter of giants

Rob believes all three are true.

Consider what the Septuagint says on the subject. The Septuagint was written by 70 Hebrew men who spoke and read and Greek. They were a lot closer to the original subject matter than King James’ translators.

Septuagint (LXX): Genesis 10:8-9

“And Chus begot Nebrod: he began to be a giant upon the earth. He was a giant hunger before the Lord God; therefore they say, as Nebrod the giant hunter before the Lord.

01::11:13

This is confirmed by *numerous* other cultural sources.

01::11:30

Fringe TV series

They are examining the body of an animal-human hybrid. Think about Nimrod who “began to be a geboren.” Through injections of retro-viral DNA, this person began to be an animal-human hybrid, modifying his own body dynamically.

Some of the statements of Walter Bishop in Fringe:

“Perhaps the Sumerians....” “This tattoo — its cuneiform.”

Another character analyzing it: “Renewal and rebirth...” “They want to create a new species.... Mutation by design.”

(For more detail, see *Mythology and the Coming Great Deception* and *Babylon Rising*)

This may help us understand what happened in the post-flood world. It may even be related to the kind of things Kainam discovered in the writings on the rock.

Baalbek

01::14:45

Baalbek is in the Beqaa Valley of Lebanon situated east of the Litani River. The history of Baalbek reaches back approximately 5000 years. "Excavations beneath the Great Court of the Temple of Jupiter have uncovered traces of settlements dating to the Middle Bronze age (1900-1600 BC) built on top of an older level of human habitation dating to the Early Bronze Age (2900-2300BC) which makes roughly contemporary to the tower of Babel."

"After the flood, when Nimrod reigned over Lebanon, he sent giants to rebuild Baalbek which was so named in honor of Baal, the god of the Moabites and worshippers of the sun." –Michael Alouf, *History of Baalbek*, p.41
Baalbek stone. It's huge.

Modern historians and archaeologists don't understand how it was quarried, moved, lifted, and placed. With our resources today, we can't move something that big. These stones are called the "trilithon," the largest stones ever used in construction. The construction is so tight, not even a piece of paper will fit between the stones. There are no cranes in the world that can lift such stones.

We know how it was done: (These are images of men scaled up to 36 feet.)

This explains the various megalithic structures around the world.
01::18:05

Josephus also describes giants: (Antiquities of the Jews 5.2.3) Bodies so large and countenances so totally different from other men that they were surprising to the sight and terrible to the hearing.

“There were till then left the race of giants, who had bodies so large, and countenances so entirely different from other man, that thy were surprising to the sight, and terrible to the hearing. The bones of these men are still shown to this very day, unlike to any credible relations of other men.” —Antiquities of the Jews 5.2.3, Flavius Josephus

It is likely that the Great Wall of China was built to keep out 35 foot giants from the north. (That’s why it is so immense.) (Originally called the Ramparts of Magog)

- There is no indication of these being the offspring of angels
- All post-flood giants described in the Bible are the offspring of other giants in the lineage of Canaan, Mizriam, Cush, and possibly Japheth (Gog and Magog).

There is evidence that Gog and Magog were giants. The original name for the Great Wall of China was “The Ramparts of Magog.”

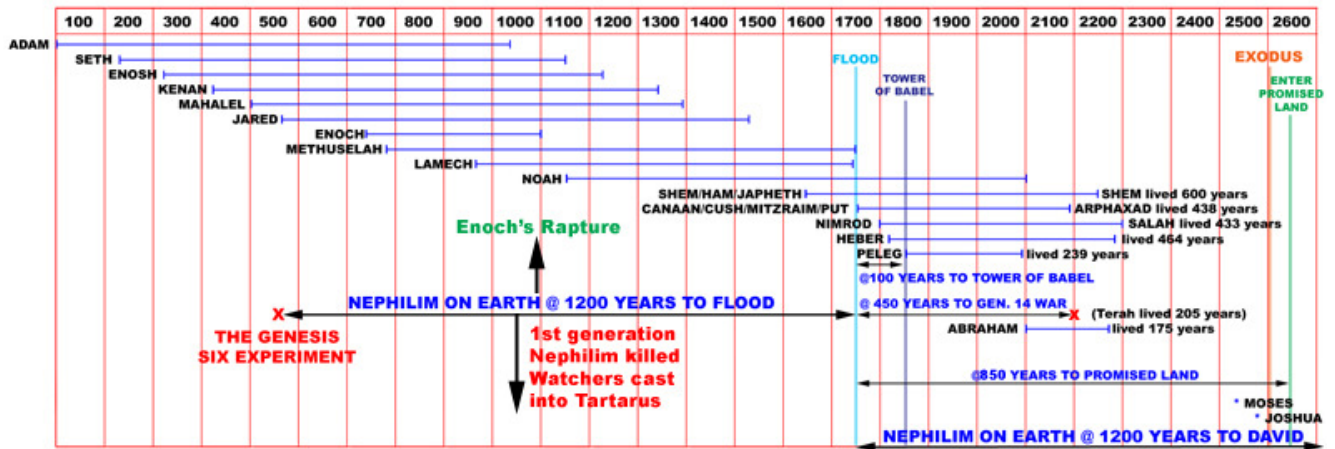

God wiped the last (most?) of these giants out with Israel’s sword.

Mizriam: begat Caphtor (Genesis 10:13-14) settled in Crete, the father of the Philistines (Jeremiah 47:4, Amos 9:7). All Greek mythology originated in Crete.
 Nimrod: began to be a mighty one (Geboren) on the earth – Became a giant? Hunter of giants? Septuagint: says he began to be a giant

Amos 2:9 Amos describes the Amorites:

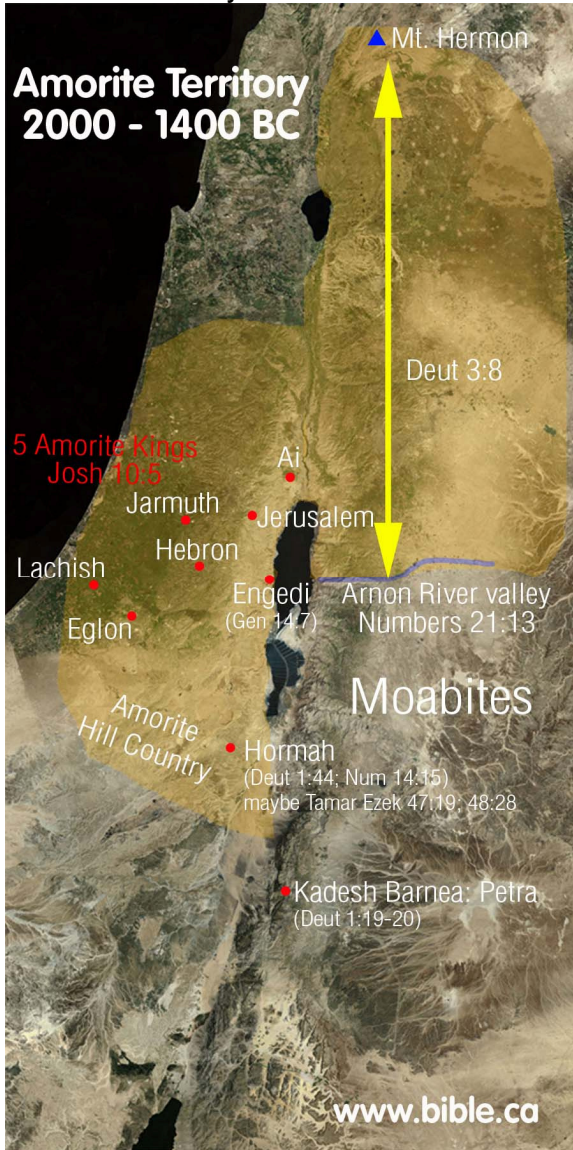

Yet destroyed I the Amorite before them, whose height *was* like the height of the cedars, and he *was* strong as the oaks; yet I destroyed his fruit from above, and his roots from beneath.

Timeline of the Nephilim (Giants)

You can see how long the patriarchs lived. The Genesis Six Experiment; the death of the 1st Generation Nephilim; the flood; after the flood, you see the lifespan of men begin to drop off.

Amorite Territory:

The Genesis 14 War (The Battle of the 9 Giant Kings)

Genesis 14:5-9

“And in the fourteenth year came **Chedorlaomer**, and the kings that *were* with **him**, and smote the **Rephaims** in Ashteroth Karnaim, and the **Zuzims in Ham**, and the **Emims** in Shaveh Kiriathaim, And the **Horites** in their mount Seir, unto Elparan, which *is* by the wilderness. And they returned, and came to Enmishpat, which *is* Kadesh, and smote all the country of the **Amalekites**, and also the **Amorites**, that dwelt in Hazezontamar. And there went out the king of Sodom, and the king of Gomorrah, and the king of Admah, and the king of Zeboiim, and the king of Bela (the same *is* Zoar;) and they joined battle with them in the vale of Siddim; With **Chedorlaomer** the king of Elam, and with **Tidal** king of nations, and **Amraphel** king of Shinar, and **Arioch** king of Ellasar; four kings with five.”

- Chedorlaomer, the king of Elam, a General under Nimrod
- Tidal, king of nations
- Amraphel [Nimrod], king of Shinar (Amraphel is likely a title: Sayer of Darkness)
- Arioch, King of Ellasar

1 Chronicles 11:22

“[22] Benaiah the son of Jehoiada, the son of a valiant man of Kabzeel, who had done many acts; **he slew two lionlike men of Moab**: also he went down and slew a lion in a pit in a snowy day.”

Animal-human hybrids

01::24:55

Giants that the four kings were said to have smitten:

- the Rephaims in Ashteroth Karnaim
- the Zuzims in Ham
- the Emims in Shaveh Kiriathaim
- the Amalekites
- the Amorites, that dwelt in Hazezantamar

The opposing army of the five kings came from Sodom, Gomorrah, Admah, Zoboim, and Bela. With the exception of Bela (Zoar – a “tiny town”), these are all areas settled by the children of Canaan.

Note: There are no Fallen Angels anywhere in this picture. The Genesis 14 War deals exclusively with the grandchildren of Noah – Specifically the offspring of Canaan (and in the case of Nimrod/Amraphel, the offspring of Cush).

The Five Kings:

- Bera, king of Sodom
- Birsha, king of Gomorrah
- Sinab, king of Admah
- Shemeber, king of Zeboiim
- the king of Bela (the same is Zoar)

The Greatest Archaeological Find of All Time:

Genesis 14:10

“And the vale of **Siddim** *was full of slimepits*; and the kings of Sodom and Gomorrah fled, and fell there; and they that remained fled to the mountain.”

“These kings had laid waste all Syria, and overthrown the offspring of the giants. And when they were come over against Sodom, they pitched their camp at the vale called **the Slime Pits**, for at that time there were pits in that place; but now, upon the destruction of the city of Sodom, that vale became the Lake Asphaltites [**the Dead Sea**], as it is called.” —Flavius Josephus, *Antiquities of the Jews* 1.9

The greatest archaeological find of all time is waiting for us at the bottom of the dead sea—which, by the way, is drying up.

No angels are mentioned here.

Numbers 13:33

“We saw the Nephilim there (**the descendants of Anak come from the Nephilim**). We seemed like grasshoppers in our own eyes, and we looked the same to them.” (NIV)

No angels mentioned here.

Who were the Anakim?

01::31:03

Numbers 13:33

“And there **we saw the Nephilim (the sons of Anak, who come from the Nephilim)**, and we seemed to ourselves like grasshoppers, and so we seemed to them.” (ESV)

(On the video, instead of using ESV, it seems Rob has taken KJV and substituted Nephilim for Giants.)

- **Amorreus**: the father of the Amorites was a son of Canaan and thus a contemporary cousin of Nimrod, Caphtor, and Shem’s grandson, Selah. That places his birth sometime between 35 and 70 years after the flood.

The only way that’s possible is if somebody has bad genetics. The only option is the wives of Noah’s sons.

- **Arba**: As an Amorite and a contemporary of Abraham, Arba would have been born sometime between 150 and 350 years after the flood.

- **Anak**: Arba had a son named Anak who must have been born sometime prior to Joseph being sold into slavery or the house of Jacob going down to Egypt. His descendants filled the land of Canaan while the Israelites were in Egypt.

- **Sons of Anak**: Immediately following the Exodus from Egypt, the Hebrew spies described the sons of Anak as being so big that they felt like grasshoppers by comparison. If the sons of Anak (who was a son of Arba) were that big, those genes must have been passed down from their great grand dad, Amorreus who was a direct descendant of Canaan, son of Ham!

Transition to the present day

01::32:50

Ligers

<Video> Nightline-Animal House —Martin Bashir, ABC News

“What do you get when you cross a lion and a tiger? This 900 lb. flesh-eating beast.”

Hercules: 900 lbs. 12’ tall (on his hind legs); Father is a lion; Mother is a tiger
He eats about 100 lbs. of meat a day.

Everything about him seems exaggerated: bigger, stronger, faster

The inhibitor growth gene exists in the female tiger and in the male lion. When you mate a female lion with a male tiger (a Liger), you get an animal that just grows huge!

And Human Giants

The same happens with human hybrids.

Amos 2:9

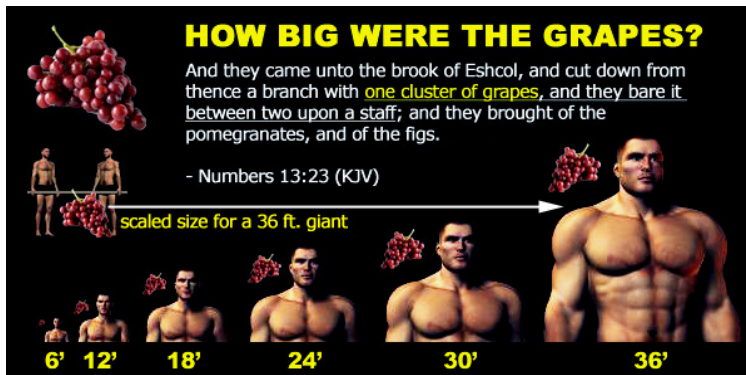

“Yet destroyed I the Amorite before them, whose height *was* like the height of the cedars, and he *was* strong as the oaks; yet I destroyed his fruit from above, and his roots from beneath.”

Numbers 13:33

“And there we saw **the Nephilim (the sons of Anak, who come from the Nephilim)**, and we seemed to ourselves like grasshoppers, and so we seemed to them.” (ESV)

01::37:44

Sometimes, when you read through scripture, it seems the writers insert things that don't have anything to do with anything. Like the grapes in Numbers 13. It took two guys to carry a cluster of grapes on a pole.

The cluster of grapes helps you understand the scale of the giants. These grapes were genetically manipulated. But if you've got big humans, you've got to have big food to feed them!

Re: Og of Bashan (Numbers 21:33) who was 15-18 feet tall

"If we use the more conservative weight calculation then he would have needed to consume at least 22,657 calories per day just to stay alive as per the Basel Metabolic Rate which calculates, based on a person's height and weight, how many calories they need to live if they are not doing any significant work per day." —Doug Hamp, *Corrupting the Image*

Og would probably have needed about 30 pizzas or 150 cheeseburgers per day in order to maintain the lifestyle of a warrior. We're talking about Og—the third guy from the left! Just think how many calories the 36-footer would have had to eat!

01::40:48

The Sins of the Fathers

Exodus 20:4-5

"Thou shalt not make unto thee any graven image, or any likeness *of any thing* that *is* in heaven above, or that *is* in the earth beneath, or that *is* in the water under the earth: [5] Thou shalt not bow down thyself to them, nor serve them: for I the LORD thy God *am* a jealous God, **visiting the iniquity of the fathers upon the children unto the third and fourth generation** of them that hate me;"

Numbers 14:18

"The LORD *is* longsuffering, and of great mercy, forgiving iniquity and transgression, and by no means clearing *the guilty*, **visiting the iniquity of the fathers upon the children unto the third and fourth generation.**"

Is God just applying the sins of parents to their offspring just to be vindictive? Or is there a reason for this? Is there something going on in our genetics that when we commit sin, it actually passes on to our offspring as far as the third and fourth generation?

Epigenetics

01::41:49

“Epigenetics” —Courtney Griffin (TED seminar)

Epigenetics differentiate one cell from another. It distinguishes a muscle cell from a neuron. The Epigenetic instruction tells the cell which feature to turn on and turn off in order for it to be a particular type of cell. This happens during our embryonic development. As the cells begin to divide, the chromatin begin to receive signals and information from surrounding cells the epigenetic marks begin to accumulate. Then the genes begin to get turned on and turned off, and a muscle cell becomes very different from a neuron.

Epigenetic “marks” can be influenced by the environment both inside and outside the embryo. Food, cigarettes, stress, chemicals, vitamins can all contribute to the influencing the Epigenetics. These can all be laid down as epigenetic marks in the fetus. These traits can be passed on to the offspring! These epigenes can be manipulated. The researcher is talking about mice, but think instead about Nephilim.

A focus group study found that people who had committed various “sins” (Murder, Adultery, Thievery) had a scar on their DNA in the same location for the same sin. [But since these people were not diagnosed before the fact, it’s possible the marker may indicate a genetic predisposition rather than a “scar” for the past sin. It also could be something else entirely.] This is indicating a genetic consequence of our sins.

Scriptures may be talking about the effect of obedience on our genetic markers.

Numbers 14:18 fourth generation

Genesis 15:16 The iniquity of the Amorites is not yet full

Deuteronomy 7:9

“Know therefore that the LORD thy God, he *is* God, the faithful God, which keepeth covenant and mercy with them that love him and keep his commandments **to a thousand generations;**”

It would be interesting to do the study again after some of these people are saved to see whether the epigenetic marks are suddenly gone. “A new creature”

Jesus is going to give us a genetic re-write (?)

Now regarding Nephilim genetics, what if this is the key to why some of the offspring in generations after the flood were giants and some of them were not?

God had a way of “saving people” before Christ came. Maybe obedience tended to offset the epigenetic marks. Maybe this explains why Shem’s offspring produced no Nephilim, while Ham’s offspring produced Nephilim.

Genesis 9:24-25

“And Noah awoke from his wine, and knew what his younger son had done unto him. And he said, Cursed *be* Canaan; a servant of servants shall he be unto his brethren.”

Ham offended Noah, and Noah cursed his grandson Canaan instead of Ham. Canaan may have been born with six digits on each appendage.

Canaan Was Cursed – Not Ham!

Not all of Ham’s offspring were corrupted:

- There is no evidence of bad genetics in Phut’s lineage
- Canaan’s children appear to be loaded with Nephilim
- There’s only evidence of **one** in Mizriam’s lineage –that being Caphtor
- With the exception of whatever was going on with Nimrod, there are no Nephilim in the rest of Cush’s lineage either, except for probably Semiramis, but she is not discussed in Genesis 10

Clearly, Ham had other children who did *not* have bad genetics.

- I am not advocating, nor suggesting, that Ham’s line is cursed
- This is not a race issue, it is an obedience issue with genetic consequences; obedience both before and after the flood.

Obedience:

Deuteronomy 7:9

“Know therefore that the LORD thy God, he *is* God, the faithful God, which keepeth covenant and mercy with them that love him and keep his commandments **to a thousand generations;**”

Disobedience:

Numbers 14:18

“The LORD *is* longsuffering, and of great mercy, forgiving iniquity and transgression, and by no means clearing *the guilty*, **visiting the iniquity of the fathers upon the children unto the third and fourth generation.**”

Genesis 15:16

“But in **the fourth generation** they shall come hither again: for the iniquity of **the Amorites is not yet full.**”

01::53:55

The Post-Flood Giants

- **Nephilim:** the fallen ones
- **Raphaim:** the dead ones
- **Zuzim** (a.k.a. Zamzummim): roving creatures/ contrivers of evil/achievers
- **Emims:** the terrors
- **Horites:** troglodytes, cave dwellers
- **Amorites:** the sayers
- **Amelekites:** people of lapping/licking up
- **Anakim:** the long neck ones

Deuteronomy 7:1-2

“When the LORD your God brings you into the land where you are entering to possess it, and clears away many nations before you, the Hittites and the Girgashites and the Amorites and the Canaanites and the Perizzites and the Hivites and the Jebusites, seven nations greater and stronger than you, [2] and when the LORD your God delivers them before you and you defeat them, then **you shall utterly destroy them. You shall make no covenant with them and show no favor to them.**”

They're wiping out Nephilim genetics.

In order to possess the land God had promised their ancestors, Abraham, Isaac, and Jacob, the Israelites had to completely cleanse the land of Nephilim seed. And for the most part, they did a pretty good job. However, Joshua and his boys failed to get them all. After a number of victorious battles, we find this report concerning the giant sons of Anak that remained:
Joshua 11:22

“There were no Anakim left in the land of the sons of Israel; only in Gaza, in Gath, and in Ashdod some remained.”

And for the better part of the next 400 years or so, these remaining false god worshipping giants would pose a constant threat and prove to be very problematic for the children of Israel — especially the Philistines (who were descendants of Mizraim's son Caphtor from Crete). These giants and their offspring were mentioned even more times in the Bible than the Amorites. They became one of Israel's primary enemies with about 270 references in the Bible. They were a constant problem for God's chosen people. But then along came a shepherd boy, filled with the Holy Spirit and the fire of God running through his veins!

David picked up five stones, not because he thought he would miss. David picked up five stones because he knew Goliath had four brothers.

End of Part 1

Archon Invasion, the Return of the Nephilim

01-00::02:38

The Return of the Nephilim Now and in the Future

L. A. Marzulli *The Cosmic Chess Match*: God makes a move and the Devil makes a move

Why is any of this important?

Very few people are talking about this stuff.

Because of Jesus' statement that the last days will be like the days of Noah, and we need to prepare ourselves mentally and spiritually for what is about to take place.

Starting with the 20th Century

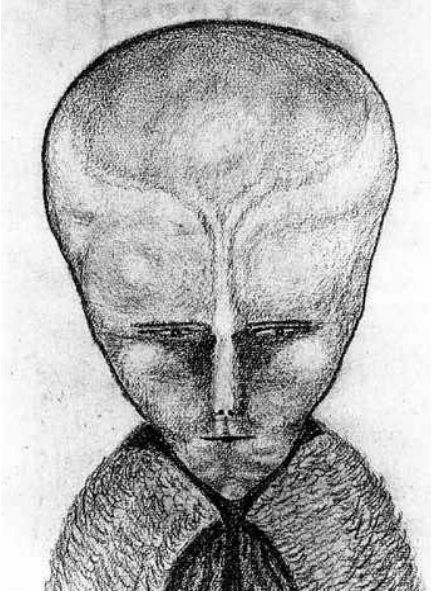

The Amalantrah Workings

Aleister Crowley: a very evil individual

Famed occultist Aleister Crowley was said to have had connections with Theosophists, Ordo Templi Orientis, the Golden Dawn as well as with the founder of Scientology, L. Ron Hubbard. He had a major impact on a number of famous actors, artists and musicians throughout the 20th century (and today). He wrote *The Book of Law*, supposedly channeled from Horus through his wife during a stay in Egypt. He also founded Thelema.

In January through March of 1918, Crowley began a series of magical experiments called the **Amalantrah Workings** in which he is said to have opened a portal to another dimension allowing an entity (demon) named "Lam" to enter through it.

This is a drawing of the demon he called Lam:

01-00::06:57

This looks surprisingly similar to what we see on TV Documentaries and in the movies called “The Grays.” Could that be the beginning of when these entities started entering our world?

The Babalon Working

Aliester Crowley had a profound impact on Jack Parsons.

Supposedly, Crowley’s portal was further enlarged by Jet Propulsion Laboratory founder and rocket fuel scientist **Jack Parsons** and Scientology and Dianetics founder L. Ron Hubbard in March of 1946 at a location that later became known as “Area 51.” Their experiment was called the **Babalon Working**: Like the Amalantran Working, it was based on ceremonial sex magic.

Parsons desired to take the spirit at Babylon, the “Whore of Babylon,” and invest it into a human being. The idea was to create a physical child, and then call down the spiritual power and direct into the woman’s womb. When born, this child would incarnate the forces of Babylon, which they considered to be a good thing. Unlike Crowley however, they were not as adept at opening and closing portals. Theirs apparently stayed open and the modern UFO era began one year later (the same year Aliester Crowley died).

In 1947, we have the Roswell “crash.” 1947 is also when the Dead Sea Scrolls are discovered. Move and counter-move between Satan and God. God’s saying, “Oh, yeah? I’m going to tell everyone what’s going on.” The books of Enoch, Jasher, and Jubilees were among the Dead Sea Scrolls. They tell us who these creatures are and how they came to be.

God preserved them for us for such a time as this...

02-00::00:0

...to help us understand what's going on in the canonized scriptures.

One year later, Israel becomes a nation.

Rob believes the Holocaust in WWII was a blood ritual that had very significant spiritual ramifications. They were opening up portals.

Have the Fallen Watchers Been Released?

Enoch 10:12

“And when their sons have slain one another, and they have seen the destruction of their beloved ones, bind them fast **for seventy generations** in the valleys of the earth, till the day of their judgment and of their consummation, till the judgment that is for ever and ever is consummated.”

Psalms 90:10 defines a generation as 70 years (80 if by strength)

“The days of our years *are* threescore years and ten; and if by reason of strength *they be* fourscore years, yet *is* their strength labour and sorrow; for it is soon cut off, and we fly away. ”

[Wrong, Rob. It's defining a man's lifespan, not a generation. A generation is 20 years.]

$70 \times 70 = 4,900$ –years away from 3,000 BC = 1900 AD

[$70 \times 20 = 1,400$ –years away from 3,000 BC = 1,600 BC]

How else do we explain the massive explosion in technology, science, and transportation that's taken place in the 20th century? We went from horse and buggy for 6,000 years to planes, trains and automobiles. We've sent out space probes. We have a space station. We have the Hubble telescope looking past the farthest reaches of the universe.

This fulfills what Daniel says about the last days: “knowledge will increase.”

Daniel 6:4

“But as for you, Daniel, conceal these words and seal up the book until the end of time; many will go back and forth, and knowledge will increase.”

The Hebrew is “The Knowledge” will increase.

Based on the advancement of technology and “knowledge” Rob proposes the 70 generations of Fallen Angels being bound has come to an end.

Nuclear advancement

The Age of War

“A class of fallen angels known as The Watchers taught men the art of war.”

“And Azazel taught men to make swords, and knives, and shields, and breast-plates, and made known to them the metals of the earth and the art of working them.” —1 Enoch 8:1

“2053 Nuclear bombs were exploded from 1945 – 1998.”

“In 3,000 BC, The Watchers were judged by God and bound for 70 generations.”

—1 Enoch 10:12

What is that doing to our atmosphere?

Petris Romanus –Tom Horne: the Pope and the Antichrist

Based on the research...

02-00::09:45

03-00::00:00

...I've done, Nimrod is the Anti-Christ. Nimrod is Apollo. Nimrod is the Beast.

Revelation 17:8 tells us the Beast comes from the Abyss.

“The beast, which you saw, once was, now is not, and will come up out of the Abyss and go to his destruction. The inhabitants of the earth whose names have not been written in the book of life from the creation of the world will be astonished when they see the beast, because he once was, now is not, and yet will come.”

Revelation 9:11 tells us exactly who comes out of the abyss

“They have as king over them the angel of the abyss, whose name in Hebrew is Abaddon, and in Greek, Apollyon.”

In mythology, Apollo is Nimrod.

The Last Days = The Days of Noah

Matthew 24:37

“As it was in the days of Noah, so it will be at the coming of the Son of Man.”

Again: the Days of Jared vs. the Days of Noah

- The days of Jared were marked by the creation of angel-human hybrids
- The days of Noah were marked by the creation of animal-human hybrids

Transhumanism – A Doctrine of Devils

Genesis 3:4-5

“And the serpent said unto the woman, Ye shall not surely die: [5] For God doth know that in the day ye eat thereof, then your eyes shall be opened, and **ye shall be as gods**, knowing good and evil.”

Promises of the serpent:

1. immortality
2. eyes opened (knowledge)
3. you shall be like gods

They already had all these things and lost it when they followed the Serpent.

1. They already were immortal. Death did not arrive until Adam ate of the fruit!
2. They walked with God during the day! They had direct access to ultimate Wisdom!
3. They were made in the image and likeness of God! They were already like God!

Transhumanism is the endeavor to apply animal abilities to humans to extend life, have greater perception, and greater abilities.

A documentary called “Building Gods.”

Nick Bostrom – Co-funder of the Transhumanism Movement on reaching our full potential

How we might use technology to enhance ourselves or go beyond what we currently think of as our human nature. Whether it be by radically extending the human lifespan through solving the problem of aging; or increasing our intellectual capacities—improving our memory or taking control of our emotional states. ...becoming enhanced humans.

The three promises, in the same order.

The Appeal of Transhumanism

The Space of Possible Modes of Being

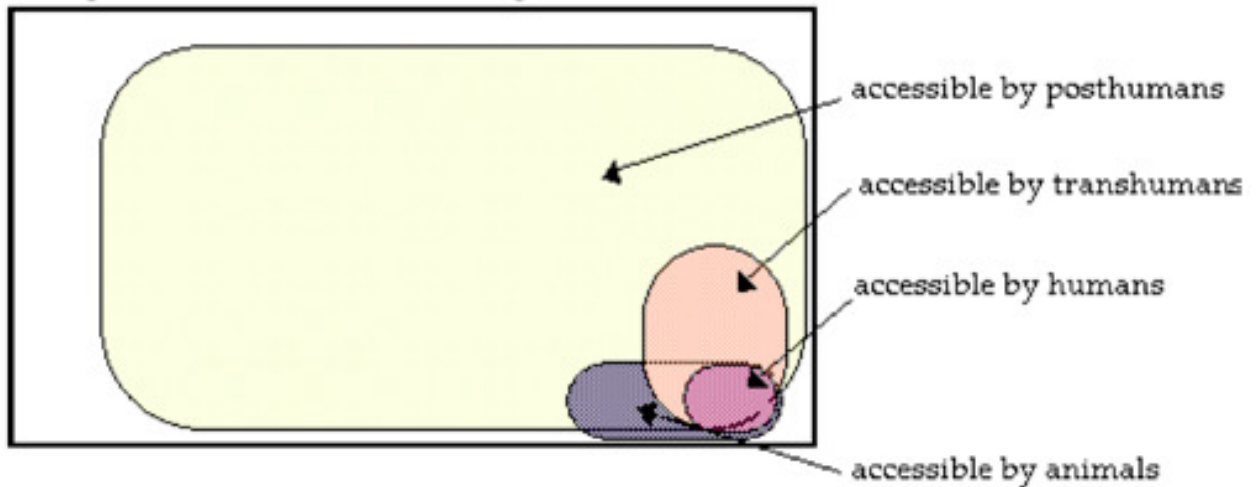

Figure 1. We aint seen nothin' yet (not drawn to scale). The term “transhuman” denotes transitional beings, or moderately enhanced humans, whose capacities would be somewhere between those of unaugmented humans and full-blown posthumans. (A transhumanist, by contrast, is simply somebody who accepts transhumanism.)

The pink circle is what current humans can currently do.

The larger purple circle is accessible by animals.

If we blend animals, we might get the abilities indicated by the beige circle.

If we kept the process going, we can have the abilities indicated by the big circle.

We're being programmed by the media to be conditioned to accept these ideas: X-men, super heroes, etc. Just imagine! If you could be an enhanced human! Wow! Colors I've never seen before, sounds I've never heard before, things I could never do before!

Animal-Human Hybrids

BBC Documentary

Human-Cow hybrid

Cytoplasmic hybrid –Cybrid embryos

Start with a cow's egg that is cut open by a laser. The DNA is sucked out. The next step is to take a human cell and inject it into the egg. This is the crucial point at which an embryo is created because by using an electric shock, the Cybrid embryo starts growing. It makes stem cells that can be “programmed” to become any cells in the body.

Antibodies are created in our bodies to fight disease. No one has found a way to mass produce them —until now—by using embryos that are part animals and part human.

Extracting human antibodies from the cows.
04-00::00:00

To make a human chromosome, one scientist uses the cells of four animals in a sequence Mice > Chickens > Hamsters > Cows. This is because each cell type has its own peculiar qualities that allows for a specific kind of manipulation at each stage. However, in order to really take advantage of the technology, we're going to have to embrace it.

What are we embracing?

This is how genetics becomes corrupted! If we take Matthew 24:37 literally, that's it! This is what happened in the last 120 years of the pre-flood world, and this is what's happening in our day today. That will tell you where we are along the prophetic time-scale. Do I think we're at the point of being in the days of Noah right now? No. I think we're taking the early steps. When you corrupt the image of things reproducing of their own kind, you open up the forbidden gates inviting the return of at least one form of the Nephilim.

Corrupted Flesh in the Days of Noah (Genesis 6:12)

Here's corrupted flesh for you:

It's called a Minotaur.

We should be very careful about vaccinations. There are an awful lot of animal parts in vaccinations — and other things that you don't know about that will get you in a lot of trouble.

They like to bring up Alzheimer's, Parkinson's, and Diabetes a lot with regard to this genetic research. How many cases of these diseases do we find recorded in the 1800's? Few, if any. Starting about the 1950's and beyond, how many cases? It's an explosion of cases. These are dietary and environmentally caused diseases that they're trying to cure with genetic manipulation.

Avoiding the Corruption of our Flesh

There are people out there who are suffering and who put a lot of stock in what a Doctor tells them. Where do the Scriptures tell us to go when we have sickness and disease?

James 5:14-15

“Is any one of you sick? He should call the elders of the church to pray over him and anoint him with oil in the name of the Lord. And the prayer offered in faith **will make the sick person well**; the Lord will raise him up. If he has sinned, he will be forgiven.”

There aren't a lot of churches teaching that anymore.

John 14:12

“I tell you the truth, anyone who has faith in me will do what I have been doing. He will do even greater things than these, because I am going to the Father.”

Mark 16:17-18

“**And these signs will accompany those who believe:** In my name they will drive out demons; they will speak in new tongues; they will pick up snakes with their hands; and when they drink deadly poison, it will not hurt them at all; **they will place their hands on sick people, and they will get well.**”

We need to have this kind of faith. We've got to believe it.

[

And yet... Paul couldn't heal Timothy or Trophimus

2 Timothy 4:20b “...I left Trophimus sick in Miletus.”

1 Timothy 5:23 “Stop drinking only water, and use a little wine because of your stomach and your frequent illnesses.”

]

As Christians, we should not go to the Doctor. Going to the Doctor, you're going to get THIS (Genetic corruption). We're looking at Genesis 6:12 in the works today!

The Dangers of Organ Transplants

Documentary on “Transplant Memory”

Memories and tastes transplanted along with the human heart

“More and more I got the feeling that I was living with the presence of another within me.”

Food preference changes, handwriting changed. Dreams with the person's name being revealed. They are receiving musical preferences, memories, fears, and so on, of their donors.

Where all this leads, is to a suggestion that ...

04-00::09:50

05-00::00:00

...the brain doesn't have an exclusive role in information processing. Professor McCrayte (?) "It's quite plausible then, that if we transplant a heart from one person or another that that transplanted heart to a field—that field of information from the person they got that heart from (*sic*). And it feels like there's somebody else inside them."

Presently, research shows a personality change reported in 5-10% of heart transplant recipients. "The information that exists in a human being is transferred from one to another in this solid organ."

05-00::02:03

"Living with the presence of another," "me and the donor are joined, like a third being," "I'm never alone, he's always with me," Information is transferred from one to another in a solid organ," "I'm living with a part of him, I'm living for him, and I'm living for myself through him."

Some of those are the kinds of thing we would say as Christians with Jesus in our heart.

If you start taking on the memories, tastes, behaviors of another person, you've put someone else inside of you. That's not just a chunk of tissue that went inside of you. "The life is in the blood." [Should we not do blood transfusions.] The Torah has a bit higher preference than other scripture; rather than being divinely inspired, the first five books were dictated to Moses.

The Torah spends a lot of time talking about blood. Remember the account in the video about the woman who had a blood problem, spent all her money on doctors, and was made worse?

[Sounds like Mark 5:25-26 to me

"And a woman was there who had been subject to bleeding for twelve years. She had suffered a great deal under the care of many doctors and had spent all she had, yet instead of getting better she grew worse."

]

Regarding Doctors: any institution that starts off with the premise that we came from monkeys is suspect in my eyes. They teach that the foundational principle of Biology is Evolution.

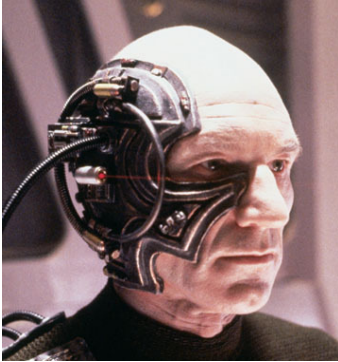

Even if you need a new heart, it's not beyond God to be able to give you a new heart.

It's not about prayer. The "healer" charges up with prayer. You don't pray about the sickness, you cast the sickness out. You cast any demons out, too!

[I simply don't have the faith.]

The days of Noah are here and they're getting worse.

The Singularity

The Singularity is the technological creation of smarter-than-human intelligence. There are several technologies that are often mentioned as heading in this direction. The most commonly mentioned is probably Artificial Intelligence, but there are others: direct brain-computer interfaces, biological augmentation of the brain, genetic engineering, ultra-high-resolution scans of the brain followed by computer emulation.

Some of these technologies seem likely to arrive much earlier than the others, but there are nonetheless several independent technologies all heading in the direction of the Singularity — several different technologies which, if they reached a threshold level of sophistication, would enable the creation of smarter-than-human intelligence...and thus, the Singularity will emerge.

<video> People delving in blending humans with computers:

Merging with Machines

Dr. Kevin Warwick, Scientist and professor of cybernetics

“We are going to get to the ‘terminator scenario.’ Intelligent machines calling the shots.

End of 05-

Start of 06-

Humans become subservient slaves— we’ll be on farms if we’re lucky. Looking at how we are ourselves now, I don’t think the future is good. If you are a human after the singularity, forget it. There are certainly some humans that are against having implants; that are against becoming a cyborg and having extra abilities. It’s difficult to see much of a positive future existence for them. Clearly, the world is going to be dominated either by intelligent machines or cyborgs. As a cyborg, if a human came to see me and it starts making silly noises, a bit like a cow, if a cow comes to me and goes “moo, moo, moo,” I’m not going to say, “Yeah, that’s a great idea, I’m going to do what you tell me,” so it will be with a human. They’ll come in and start making silly noises that we call speech and human language and so-on, those silly noises, I’m not going to do those things. Why should I? This creature is absolutely stupid compared to me.”

Peter Diamandis, Chairman, X-Prize Foundation

“As we merge with machines, and I think it is inevitable that we will, we will transform into something new.”

Dr. Hugo deGaris, Former A.I. professor at Xiamen University

“As the technology becomes vastly superior to what we are, then the small proportion that is still human gets smaller and smaller until it is utterly negligible. There’s more computing capacity in a little grain of sugar that is ‘nanotech’:

one bit per atom, flipping back and forth in femto-seconds, there's more computing capacity in that grain of sand [He said sugar before. Can a man this confused be thinking clearly?] than our human brain [It sounds to me he's talking about simple storage: bits flipping back and forth. Something has to control what bits to flip. That's the brain.] by a factor of billions. So these machines, if we decide to build them, we're building gods."

"Consider the analogy of the way we, as human beings, we look towards ants, or mosquitoes as pests. We kill them and we don't give a dam because we feel so superior to them, they are so inferior to us. Who's to say that an Archilect which then becomes trillions and trillions of times above human capacities may look upon us in the same kind of way. We could never be sure."

"As a brain builder myself, am I prepared to risk the extinction of the human species for the sake of building an Archilect? Because that's what it comes down to."

Dr. Michio Kaku

"What happens when machines become smarter than us? Merge with them."

"The human brain: the most complex object in our sector of the galaxy: a hundred billion neurons that can be scanned by MRI, neuron for neuron. This means we can digitize all the information we accumulate during our lives and upload it into a giant mother computer; a vast database of all human knowledge. A resource we can share by downloading programs we want to give us instant knowledge. So when the singularity arrives, we will be in control. By merging with machines, we will enter a new age of super-human existence. In the post-human era, we become homo-superior. We're talking about a new species. We're talking about humanity becoming like the gods. What do you think? How many want to sign up?"

I can just hear the pitch: (holding the Bible) just image that you could download the entire Bible with every commentary ever written about the Bible. Go ahead! Just plug-in!

Jesus talks about a great deception that is coming that may deceive even the elect. Oh, it will be possible. Jesus said in Luke 21:8 "be not deceived." Other writers say, "Let no man deceive you." I believe the Church is already deceived about many things!

It's going to be very enticing. It may feel like it's mandatory. They may release some pandemic, and the only solution is the acceptance of their "treatment," their shot.

Rob believes this is what is going to happen with the mark of the beast. The technology could re-write your DNA; or it could be just an injection from this "resurrected guy," Apollo (Nimrod). They may offer the gift of immortality through the blood of the anti-Christ. Whatever this mark is, it will have something to do with the blood of the anti-Christ. The blood of Christ is how we obtain salvation.

It is a counterfeit immortality. Revelation 9:6

“In those days men will seek death and will not find it; they will desire to die, and death will flee from them.”

Whatever the mark of the beast is, it is something that changes you so that you are **not redeemable** after that. It is irreversible.

If the rapture is pre-tribulation...WOO HOO! We won't have to deal with it. However, I'd rather be prepared than not.

Modern Return of the Nephilim?

- Crowley's Amalantrah Working
- Parson's Babalon Working
- Emergence of UFOs from 1947 to today
- Atomic bombs: 2053 in 53 years (opening portals?)
- Transhumanism
- Modern animal-human hybrids
- Machine-human hybrids (cyborgs)
- Joel 2 and Revelation 9 release of Nephilim and Watchers
- Except those days be shortened...

The Norway Spiral

End 06

Start 07

Intriguing

The same thing is depicted in cave drawings alongside a "visitor."

Nazca lines Peru

With a spiral

Sheared mountain

Are these spirals and markings a sign of the return

The 200 Million Man (Nephilim) Army

Joel 2:3-8

“A fire devours before them, And behind them a flame burns; The land *is* like the Garden of Eden before them, And behind them a desolate wilderness; Surely nothing shall escape them.

Their appearance is like the appearance of horses; And like swift steeds, so they run. With a noise like chariots Over mountaintops they leap, Like the noise of a flaming fire that devours the stubble, Like a strong people set in battle array.

Before them the people writhe in pain; All faces are drained of color.

They run like mighty men [gibbor], They climb the wall like men of war; Every one marches in formation, And they do not break ranks.

They do not push one another; Every one marches in his own column. Though they lunge between the weapons, They are not cut down.”

Compare with Revelation 9:7-10

“**The shape of the locusts was like horses prepared for battle.** On their heads were crowns of something like gold, and **their faces were like the faces of men.** They had hair like women's hair, and their teeth were like lions' *teeth*. And they had breastplates like breastplates of iron, and the sound of their wings *was* like the sound of chariots with many horses running into battle. They had tails like scorpions, and there were stings in their tails. Their power *was* to hurt men five months.”

I believe it's talking about the same thing.

Claims of the New Apostolic Reformation:

We've got "Christians" out there claiming *they* are the Joel 2 army.

Rick Joyner, a "founding father" of the "Joel's Army" movement and one of the parsons who originally coined the term "Joel's Army".

The Joel 2 army are NEPHILIM! It's not something believers will be or want to be!

Let's continue with Revelation 9:15-16

"So the four angels, who had been prepared for the hour and day and month and year, were released to kill a third of mankind. Now the number of the army of the horsemen *was* two hundred million; I heard the number of them."

This talks about four angels being released from the Euphrates river, but if all you have are the 66 books of cannon, you have no clue what he's talking about.

07-00::04:49

By reading the Biblically Endorsed extra-Scriptural texts, you know that these four are probably part of the 200 angels that are buried. [But didn't you say earlier these angels were released around the year 1900?]

These are the 200 Million Man Army. They are coming up out of the abyss. We've got 200,000,000 Nephilim coming our way in the near future.

Preparing the Masses

The devil has been preparing the masses for the return of his armies for a long time through all forms of art, media, and entertainment:

- The "Alien Gospel"
- Superheroes, super-soldiers, transgenic-trans-human "X-Men" type characters in comic books, TV, and movies
- Glorification of demonic evil in the music industry

In "Expelled," the movie documentary, Richard Dawkins admits that life was intelligently designed. But it can't be God. It must have been aliens.

07-00::17:33

Aliens came and seeded hominids on this earth.

End of 07

Start of 08

The movie "Paul" the alien. This movie is an outright propaganda piece for the "Alien Gospel" message. It pokes fun [and ridicule] at Christians. It makes us look like morons and psychopaths with guns and Bibles. We're being painted as complete idiots for the future. When the "aliens" do show up, the rest of the world is going to look at us they way we're depicted in this movie.

08-00::01:44

Clips from the movie "Paul."

Note the Christian falls after this "revelation" while the "invincible" secularists remain standing.

“So everything that I have been told my whole life is just a big fat lie. So there’s no heaven, no hell, no right, no wrong, no sin....”

Note that it is the Christian who is blind. (The Christian girl is wearing an eye patch on her left eye.) The alien heals her. Healing the blind was a sign of the Messiah.

Matthew 8:17

“This was to fulfill what was spoken by the prophet Isaiah: “He took our illnesses and bore our diseases.” ”

Christian girl: “How did you do that?”

Alien: “Evolution, baby.”

“You didn’t frighten me, you freed me.”

<video> BBC Commercial, “Superpower”

Presents a being that is helping humanity reach its potential

It claims that “We are the people of the Internet” but its statements are made as if they represent the assistance of “aliens.” It is the “Alien Gospel” thinly veiled.

<video> Marvel Comics Commercial, “Embrace Change”

“We come from another world. We come in peace—to offer you a new way—a better way—to build a perfect future for you humans. We just need you to embrace change.” (Shows a green hand holding a human hand.)

www.embracechange.org

“The aliens are coming. We just need to embrace change.”

In the music industry, we’re seeing the glorification of fallen angels, demons, and just plain evil.

Three clips from three different songs

1. Katy Perry (Started out as a Christian artist)

Says she sold her soul to the Devil.

“Come infect me with your poison.” “Fill me with your DNA.”

2. Thirty Seconds to Mars (song playing in the background of The Guardians)

“The age of man is over”

Jared Leto is the lead singer

In the days of Jared is when the Watchers came down to Mount Hermon and mated with women and created Nephilim. His last name, Leto, is the mother of Apollo in Greek mythology

And the entire song...

End of 08

Start of 09

...is —just imagine a Nephilim looking through his eyes at you. It’s the Nephilim’s theme song.

What he's saying is the Nephilim declaring what their intentions are.
3. Heavy Metal song claiming to be the fallen angels. Black Veil Brides
"We are the fallen angels"

Why am I showing you this? The same way God took Ezekiel into the temple to show him all the occult rituals taking place inside.
This stuff is possibly going on in your house if you have teenagers. They're listening to this stuff.

There truly is a Nephilim Agenda

Clips from TV shows:

Fringe: "Nothing As It Seems"

"We can be born anew—the two of us—together. We can be children of the new world."

"Each generation of gods is overthrown by its children who become new gods with new tools. Science delivers these tools these tools and mankind gains dominion over all he surveys."

"What kind of science?"

"Radical transgenics, hybridization, guided mutation" "Most of this is about encoding foreign genomes with retro-viral DNA."

Star Trek: "What Are Little Girls Made Of?"

Created an exact duplicate android of an individual, complete with memory

"By continuing the process I could have transferred your very consciousness into that android—your soul, if you wish."

"And you understand, that a human converted to an android can be programmed for the better? Can you imagine how life could be improved if we could do away with jealousy, greed, hate? No one need ever die again—no disease, no deformities—why even fear could be..."

End of 09

Start of 10

"...programmed away; replaced with joy! I'm offering you a practical heaven, a new paradise. And all I need is your help!"

Caprica: "Reins of a Waterfall"

Transferral of personalities into androids and into virtual worlds

The Cylons were created by man. They rebelled. Some are programmed to think they are human. There are many copies. And they have a plan.

Battlestar Galactica: "The Farm"

They were conducting research into human-cylon breeding programs. They're called farms.

Tron: Legacy

Lord of the Rings: "The Two Towers"
"A new order will arise."

We're being indoctrinated on a regular basis.

Satan has one third of the angels. He's out-numbered two-to-one. How does he increase his numbers? If he creates a Nephilim, when the Nephilim dies, the disembodied spirit goes out there and creates a demon. So let's just keep creating Nephilim!

Percy Jackson and the Lightning Thief, Clash of the Titans, Thor
What message do these three movies have in common? The son of god saves the World!

But it's the wrong god! Son of Poseidon, Son of Zeus, Son of Odin

Is Fireproof the best we can do?

Is Courageous the best we can do?

"You've got to be as good at telling the truth as the Devil is at telling the lies."

Those movies I showed you are preaching to you, but they never once said preachy things, did they?

End of 10

Start of 11

So why do we always put out movies that say, "the Bible says," "the Bible says," "the Bible says," with a bad southern accent every ten minutes of the Christian film?

The carnal mind cannot discern the things of the spirit because they are spiritually discerned.

We're trying to beat them over the head with "the Bible says," it doesn't compute. First of all, they don't even go to the movie to begin with. They say, "Oh, you've got a Christian movie? Isn't that nice. They have their own movie."

We've got to reach the masses. Churches aren't talking about the stuff I'm talking about here. And there's only a few warriors out there doing conferences and radio shows and putting out books talking about this stuff. But we're not reaching the masses. I mean, even the conference I'm going to in Branson, maybe 800 people there. There's three hundred million people in the country and 7 billion people on the planet. Most of them clueless to any of the stuff we're talking about here.

Why this message is important

Matthew 24:37

"As it was in the days of Noah, so it will be at the coming of the Son of Man."

- Nothing reaches the masses more than media, arts, and entertainment
- The average American watches 4 to 5 hours of TV per day
- The average American is glued to their iPhones, iPads, and similar devices, listening to music, watching shows, and playing games
- The average teenager spends about 53 hours per week glued to some form of media.
- America spends over \$9 billion a year going to the movies

How much time do you think the average American spends going to church. Those who go to church are expecting it to be over in an hour because they have something else to do.

An hour per week vs. 35 hours per week?

Is it any wonder our culture is the way it is.

Where do you read in the Bible that the world should come to the Church to get salvation?

Matthew 28:19-20

“Go therefore and make disciples of all nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit, teaching them to observe all that I have commanded you. And behold, I am with you always, to the end of the age.”

The Church is supposed to go into the world.

SEED

This is a concept animation.

“My name is Zach Randall. Everyone thinks I’m dead, but I’m not. On December of 2002, my unit was sent to Iraq looking for weapons of mass destruction. ON the night of Christmas eve... we found one.”

“I don’t know what happened to me that night, but my quest for answers begins here. (Tucson, Arizona, July 11, 2010)”

People don’t go to the movies to be preached to. They don’t watch “episodic” television to be preached to.

Fireproof and Courageous are for Christians.

Jesus didn’t go around carrying scrolls saying, “Obadiah says,” and “Nahum says.” (with a bad southern accent)

He spoke to the people in parables. He taught culturally-relevant stories to teach Kingdom principles. If we’re going to be culturally relevant, we can’t be talking “christianese” and we can’t be quoting the Bible every ten minutes.

We can still convey the message without preaching.

Unlike any other genre, when people go into a Science Fiction movie, they go into it suspending disbelief. That means you're open to believing whatever we want to tell you. All I've got to do is plant seeds.

Eternity is a long time to be wrong.

Mel Gibson once said, with regard to "The Passion of the Christ," that when the Evangelicals in the country wanted him to put an invitation at the end of the film, he said, "No, that's not my job. That's your job. My job is to put compelling images on the screen. Your job is to do the follow up."

America is the great exporter of "culture." If you go nearly any place in the world and say, "May the force be with you." They'll understand that it's from Star Wars."

If you say, "John 3:16," they'll say, "Huh?"

End of 11

Start of 12

Rob's already got 72 episodes (six seasons) in his head—a million dollars per episode.
