

THE AMERICAN SOLDIER, 1950

Infantrymen, Pusan Perimeter.

THE AMERICAN SOLDIER, 1950

A North Korean Force of about 10 divisions invaded South Korea on 25 June 1950 and drove the South Korean Army to the south. Stunned by this deliberate Communist aggression, the free world turned to the United Nations. The U. N. Security Council demanded immediate cessation of hostilities and withdrawal of the North Koreans. When that demand failed, the Security Council urged United Nations members to furnish military assistance to the South Korean Republic. The United States and other United Nations members soon responded. President Truman appointed General of the Army Douglas MacArthur to lead the new United Nations Command, and in turn General MacArthur assigned command of ground troops in Korea to the U. S. Eighth Army.

American forces entered Korea piecemeal to trade space for time. During July, American and South Korean troops steadily fell back to the southeast under constant North Korean pressure. Alarmed by the rapid shrinkage of U. N.-held territory, Lieutenant General Walton H. Walker, the Eighth Army commander, early in August abandoned the strategy of trading space for time and ordered a final stand along a 140-mile perimeter around Pusan. While the North Koreans were losing irreplaceable men and equipment during repeated attempts to crack Eighth Army's defenses, the U. N. forces grew in combat power and acquired an offensive capability. The results were seen in September when General Walker's forces acting in concert with an amphibious landing at Inch'on drove the North Koreans facing them out of South Korea.

All of the troops in this painting wear summer combat clothing that had been supplied to U. S. Army forces in the Pacific theater by the end of World War II. These were the herringbone-twill, two-piece summer combat or fatigue uniform, the M-1 steel helmet, and the flesh-out leather combat boot. These stocks of apparel had been shunted from one Pacific island to another after World War II, and finally into Japan. The troops shown are members of the 2d Infantry Division (Indian Head) as shown by their shoulder patches, an Indian Head on a white star, superimposed on a black shield.

In the right foreground is an automatic rifleman armed with a Browning automatic rifle, .30-cal., M1918-A-2. In the left foreground his assistant carries extra ammunition for the automatic rifle and is armed with a rifle, .30-cal., M-1 as is the KATUSA (Korean Augmentation to the United States Army) soldier directly behind them.

In the right background is a multiple .50-cal machine-gun motor carriage M16, and in the left background is a medium tank, M26.

Christmas is here again, my friend,
And again we think of you,
The same old gift is packed in here,
But the verse, at least, is new.

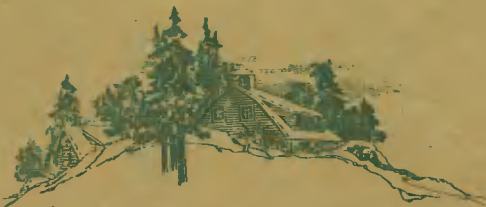

The thought is the same as ever,
Good Luck, Good Health and Cheer,
Our warm regards we send to you,
Best wishes for next year.

Times have changed a little bit,
The cork screw's lost his pull,
But, I bet my hat you've thought of that,
And filled your cellar full.

But, if your cellar's full of coal,
Or, piled up high with wood,
You're better fixed in heart and soul,
And the cake is just as good.

We hope the folks will join you
And laugh and sing and chat,
The times have changed a little bit,
But they're not so bad at that.

The watercolors that Roy Ward is exhibiting at this time reveal a gradual transition from a faithful copying of nature and its moods to a proper forming of the sensations received from nature.

As the work becomes more plastic, the pictorial incident, the passing moment, becomes less evident, but this does not mean that the pictures are being superficially modernized. The artist intends, as is apparent in his later pictures, to support emotions of the moment that have inspired him with the structure that gives these emotions permanence.

The leaves fall, the sun sets, but the artist, by observing the true limitations of his medium, retains all . . . not by recording the fleeting impression, but by building a plastic image in terms of space and independent of time.

Ward's informal and courageous attitude towards all aspects of nature, simply drawing and painting what he has seen, will stand him in good stead in the future, for the artist occupied with formal problems from the very beginning is frequently stilted and arbitrary in his compositional arrangement.

Gifted with technical facility and intelligence, and never forgetting that he must subject these two important gifts to his poetic will, Roy Ward should continue to give our eyes great pleasure as his career unfolds before us.

Bishop's Building Fund

This is the status of the Bishop's Building Fund in our parish:

Assessment	\$155,000.00
Amount contributed	125,968.55
Balance due	29,031.45

We appreciate the generosity of the members of the parish, who have contributed so much to this diocesan fund.

It is this realization that prompts us to follow the method suggested last Sunday for the completion of this campaign.

We realize this is asking another sacrifice on the part of those who have always done their duty, but it is the only way in which we find any hope of fulfilling the burden placed on the parish by the Diocesan office.

We hope you will understand our position. Please help us to reach our goal of \$29,031.45 as soon as possible. This amount must be raised before the first of September.

Sunday Masses:

On next Sunday we shall take another collection for the new parish. Your generosity is appealed to, for until the services begin, the parish will have no source of revenue.

Bishop's Building Fund

Everyone in the parish, who enjoys some income, will receive a letter relative to the Bishop's Building Fund. Sending a letter to every adult has been a larger task than we anticipated and therefore we are a little behind schedule in getting the information to everyone. However, this has the advantage of giving you more time to consider this matter.

We realize it is asking another sacrifice on the part of those who have so generously given in the past, but we need the cooperation of everyone to reach the goal assigned by the Diocesan Office. Please send in your contribution as soon as possible.

The construction of new schools and churches, and the new parish of Our Lady of the Assumption is an example, is made possible by the Bishop's Building Fund and all who live within the area assigned the new parish should be extra generous in their contributions.

Daily before Mass and on the eve of the First Friday and Saturdays: 4:30 - 6:00 and 7:30 - 9:00.

On week-days when only one priest is at the Co-Cathedral there will be only one Mass. On these days Holy Communion will be distributed at 7:15. When other priests are here, an additional Mass at 7:00 will be said. We cannot guarantee this additional Mass.

Bishop's Building Fund

We do not wish to tire you with a weekly discussion of the Bishop's Building Fund, but it will be necessary to mention it until we are within sight of our goal of \$29,000.

By this time you have received a letter relative to this matter and we hope you will realize we need the cooperation of every adult in the parish to do the part assigned us.

We expect everyone to do something and hope you will do it immediately. You know what you can give to this fund better than we. But even a small donation from everyone will help considerably. Were every adult in the parish to contribute \$10 we would receive approximately \$10,000. Were we to receive the sum of \$20 per person, it would mean \$20,000. As you know, our goal is \$29,000. PLEASE help us to reach it in the immediate future.

Bishop's Building Fund

Thus far we have received the sum of \$2,535.00 in our campaign for \$29,031.45. This leaves a balance of \$26,496.45 to be raised before September of this year.

While you are thinking of this campaign, recall the fact that we as a parish are responsible for our Assessment and it must be paid. Only recently we paid off the entire indebtedness of the parish and it would be an unfortunate thing to return to debt. This will be the case, should we fail to raise the money by subscription. You can keep us from going into debt by subscribing to the Bishop's Building Fund. Thus far 64 people have subscribed to this campaign. WE ANTICIPATE A CONTRIBUTION FROM EVERYONE.

ABBHEY OF
OUR LADY OF THE HOLY GHOST //

CONYERS, GEORGIA

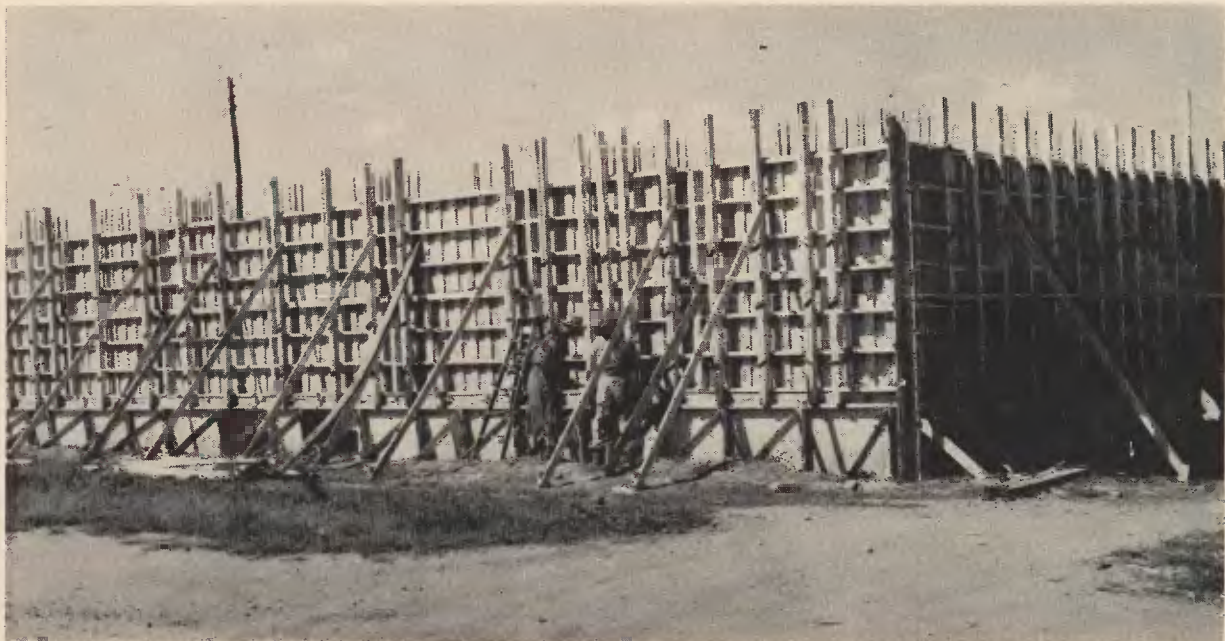

October, 1952

Dear Friend in Christ:

If you were not interested in the office the Trappist fills in the Church, if you were not interested in our monastery in particular, you would not be helping us, not only with financial assistance but with the invaluable support of your prayers.

We feel that your interest did not cease with the giving of your donation and, therefore, that we owe you an occasional 'report' on what is being done with the funds you have sacrificed to help build our abbey.

This report will not be one of dry statistics but we shall try, from time to time, to let you know in a few words what has been accomplished to the date of writing and, perhaps, what remains to be done, backing up our words with visual evidence because we know that "seeing is believing," and a picture tells a story better than many words.

In spite of our slim pocketbook, but with an undaunted trust in God's holy providence, we resumed operations on our construction in August, four years after we had been forced to abandon our work on the foundations just short of their being completed.

Since our abbey is to be entirely of monolithic concrete, a certain amount of ground work, preparing of forms, etc., had to be finished before the first concrete could be poured. This first pour was made on September 30th and the accompanying picture shows the forms for the section poured at that time.

It is only the beginning but we know that you will share with us the joy that the start has been made, and that you will continue to join us in prayer thanking God for what He has given us thus far and begging Him to see us through to a happy conclusion, all for His greater honor and glory.

With the continued assurance of our prayers, I am

Very gratefully yours in Christ,
M. Robert McGann, O. C. S. O.

AN APPEAL

Many persons making reservations at resort hotels do not realize how important it is for reservation commitments to be definite. Last minute cancellations or changes in dates are understandable in times of emergency, but those due to simple uncertainty at the time the reservation is confirmed cause great hardship to the hotel in these days of costly operation and capacity bookings. We earnestly request that you notify us well in advance should you desire to make any change in your reservation.

COTTAGE RENTALS

There are a number of privately owned homes on Sea Island which are available for rental through The Cloister. They are completely furnished, range in size from two to five bedrooms, and rent for \$350 to \$1000 per month. All are on, or within two blocks, of the beach. Facilities of The Cloister are available to cottage occupants. For full information address the Manager of The Cloister, advising the period of rental and the size house desired. Complete description, floor plans and rates will be sent.

HOW TO REACH SEA ISLAND

BY RAIL . . . From the West via Southern Railroad to Brunswick, Georgia. From North or South by Seaboard to Thalmann, Georgia, 30 miles away; or by the Atlantic Coast Line to Nahunta, 50 miles distant. Guests are met at trains by car when The Cloister is notified in advance.

BY AIR . . . From North and South via Eastern Air Lines; from West and South via Delta Air Lines to Brunswick (St. Simons) airport, 3 miles from Sea Island.

BY MOTOR . . . From North and South via U. S. Highway No. 17; from West U. S. Highways No. 341 or 84. Sea Island is half-way between Savannah, Georgia and Jacksonville, Florida. Enter paved causeway, off route 17, at Brunswick, Georgia 12 miles from Sea Island.

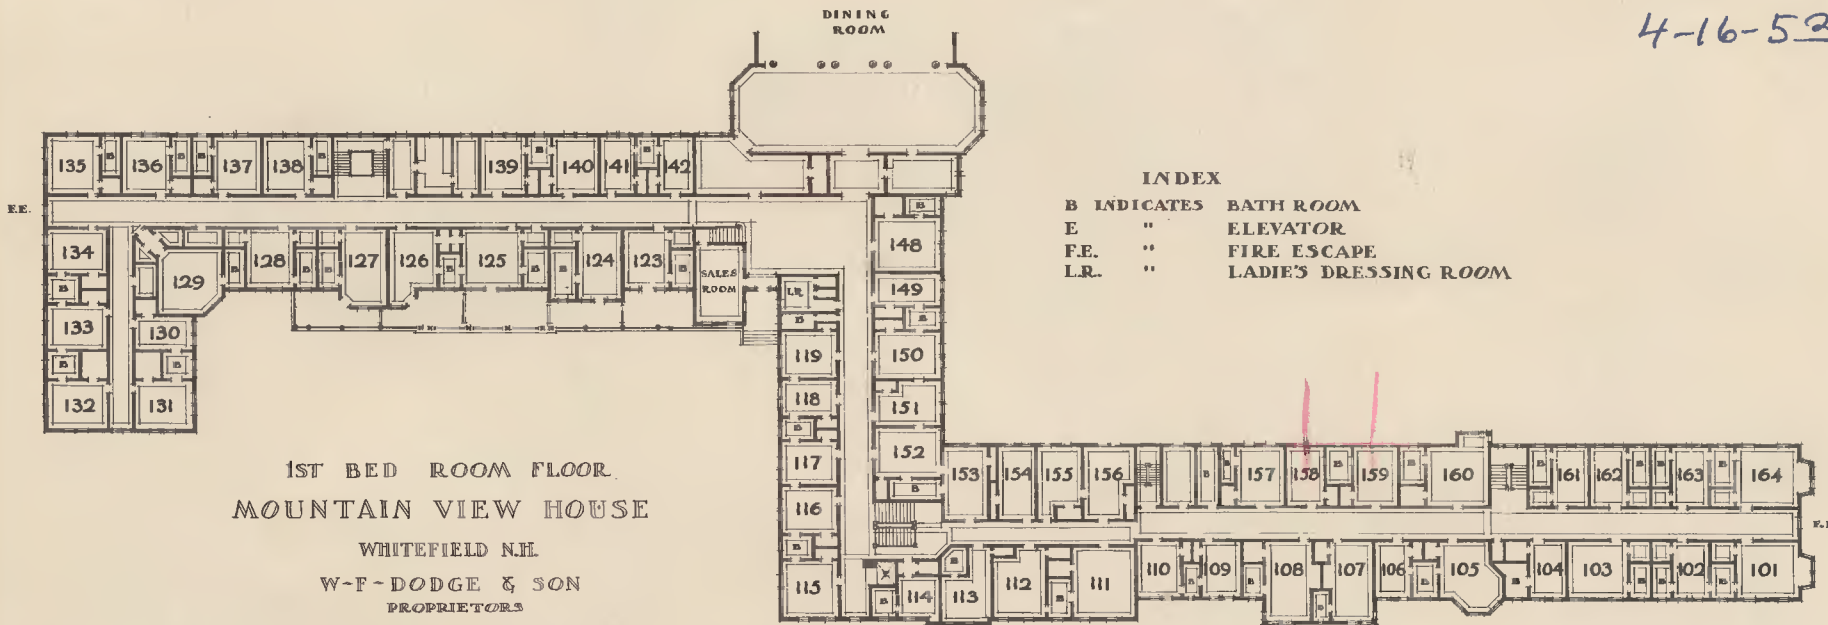

HOW TO SEND BAGGAGE

Address all baggage to The Cloister, Sea Island, Georgia as follows:

- 1) Express baggage should be sent to The Cloister via Brunswick, Georgia. Allow one week enroute.
- 2) If checked on Atlantic Coast Line, buy ticket to Brunswick, Georgia and send via Nahunta, Georgia.
- 3) If checked on Seaboard Railroad buy additional ticket from Everett City, Georgia to Brunswick, Georgia on Southern Railroad.
- 4) If checked on Southern Railroad, buy ticket to Brunswick, Georgia.

IT IS IMPORTANT that you send your baggage checks, registered mail, to the Manager's Office at The Cloister, so that the Transportation Department may have your baggage here on your arrival.

ATLANTA, GEORGIA

SEASON TICKET ALLOCATION AND DISTRIBUTION

With seven major teams coming to Grant Field this fall, we have had the largest advance sale of Season Tickets in our history. In line with the policy laid down by the Ticket Committee of the Georgia Tech Athletic Board in January, 1953, we have tried to accommodate as many friends and alumni as possible.

If you are a Georgia Tech alumnus, you may find that your seats have been changed. We have tried to place our oldest alumni in the best seats. Regardless of your location, you should be sitting with and among members of your own class, with active alumni naturally receiving priority.

If you are not a Georgia Tech alumnus, the policy established by the Ticket Committee is that you may receive two tickets between the goal lines, provided you purchased these seats in your own name in 1953. We have placed the rest of your tickets in the best locations possible.

Enclosed please find your Football Tickets for 1954. You will note on the enclosed diagram that the sections in our stadium are now designated by numerals rather than by letters, with no change in the seating arrangement. For example, old Section G, West Stand, becomes Section 5; old Section E, South Stand, becomes Section 16; etc.

Thank you for your continued interest in Georgia Tech Football.

Sincerely,

YELLOW JACKETS TO PLAY GREAT 1954 FOOTBALL SCHEDULE

The Georgia Tech YELLOW JACKETS, facing one of the toughest schedules in the school's history, offer to ticket purchasers the finest home slate in many years at Grant Field this season. The Jackets will play host to the Tulane Green Wave, the Florida Gators, the L. S. U. Tigers, the Auburn Plainsmen, the Kentucky Wildcats, the Tennessee Vols and the Alabama Crimson Tide — all Southeastern Conference opponents.

Road games in 1954 will be against Southern Methodist, Duke, and the University of Georgia.

Coach Dodd

To face this terrific schedule, Coach Bobby Dodd will have twenty-five lettermen returning from the squad which took the Jackets through an 8-2-1 regular season record in 1953, and a 42-19 victory over West Virginia in the Sugar Bowl game at New Orleans, January 1, 1954. Many of the regulars who carried Tech to three successive Bowl appearances will not be back. However, the Jackets expect to have a colorful, though inexperienced team. The fine squad of players plus the great schedule add up to many afternoons of superb entertainment for lucky Jacket ticket holders.

INSTRUCTIONS FOR ORDERING: READ CAREFULLY

1. This is your GEORGIA TECH 1954 FOOTBALL TICKET APPLICATION. All tickets are to be ordered on this one form.
2. Please fill out the application PROMPTLY AND COMPLETELY as alumni and season ticket PRIORITY expires at 9:00 a.m. on June 1, 1954. Orders received after that date will be filled in the order in which they are received.
3. Detach and return application along with check or money order to GEORGIA TECH ATHLETIC ASSOCIATION. No order will be accepted without full payment. DO NOT INCLUDE HANDLING CHARGE.
4. We are glad to pass on to you a savings represented by the reduction in Federal Excise Tax on admissions.
5. Season ticket holders occupy the entire West Stand and two sections in the South

Stand, students and visiting teams the East Stand. INDIVIDUAL GAME ORDERS will be filled in the South or North Stands with the best available tickets.

6. The sale of tickets for the GEORGIA game in Athens is restricted to alumni, limit of two tickets.
7. Tickets will be mailed to you early in September.
8. A postal card ACKNOWLEDGING YOUR ORDER should reach you promptly. A refund will be made at the time tickets are mailed for any portion of the order which cannot be filled.
9. When mail orders are received on or after Wednesday before the dates of home games, the tickets WILL BE HELD at the Athletic Association office, 190 Third St., N. W. No refunds will be made on uncalled for tickets.

THE ATLANTA
CIVIC, SOCIAL & CULTURAL
REGISTER
1954-55

Published in Atlanta by Atlantans

Beautifully bound in rich, blue leather, with Atlanta's seal in gold stamped on the cover, this book will be a beautiful and valuable addition to any home or office library.

For quite some time the editors of The Town and Country Foundation have envisioned this register, the only one of its kind for Atlanta. They considered it a very needed tribute to the men and women who have made and are making Atlanta the hub of the Southeast that it is today.

Publication of this register would not be possible without the encouragement and cooperation of the following patrons and patronesses:

EXECUTIVE DEPARTMENT

WEEK OF SIGNS OF GEORGIA

Proclamation

GREEK EARTHQUAKE RELIEF WEEK 1955

BY THE GOVERNOR:

- WHEREAS:** Greece is a staunch and loyal ally of the United States and a bulwark of the free world against the menace of Communism in the Mediterranean and Near East; and
- WHEREAS:** The people of Greece have made great sacrifices to rebuild their country from the ravages and utter destruction of World War II, and totalitarian aggression; and
- WHEREAS:** These efforts were seriously impaired by the catastrophic earthquakes of 1953 in the Ionian Islands and of 1954 in Thessaly and the Peloponnesus; and
- WHEREAS:** The cruel forces of nature have struck again, shattering Volos, the fourth largest city in Greece, an industrial city, by a tragic series of earthquakes leaving 60,000 persons homeless and destroying property in excess of \$80,000,000.00; and
- WHEREAS:** To meet this emergency the Greek Government has imposed additional personal and excise taxes upon already existing heavy taxation which will not meet more than one-third of the needs for reconstruction; and
- WHEREAS:** In this grave hour of crisis Greece is in desperate need of assistance for survival as a nation and to maintain her commitments as a vital member of the North Atlantic Treaty Organization; now
- THEREFORE:** I, Marvin Griffin, Governor of Georgia, do hereby proclaim June 12-19, 1955 as GREEK EARTHQUAKE RELIEF WEEK, during which every citizen of this state is implored to contribute for the alleviation of the suffering of these heroic and respected people, and to assist them in rebuilding their devastated land.

In Witness Whereof, I have hereunto set my hand and caused the Seal of the Executive Department to be affixed. This 30th *day of,* MAY, 1955

HICKORY SMOKED VIRGINIA BACON

Makes America's Finest Breakfast . . . Yours

READ WHAT MY CUSTOMERS SAY:

Recently we received a slab of your bacon as a present. We liked your bacon so much that I'd like to order some more.

It's definitely the tenderest and finest flavored bacon I have ever been able to find.

We have just finished a slab you sent in December. It's the finest bacon I have ever eaten.

Several months ago my brother gave me a slab of your Virginia Bacon. We found it very excellent.

It was quite the most delicious bacon that I have ever eaten.

The last one was very fine, please send another bacon.

We have been doing business for quite a few years with notable satisfaction to me. Please ship me one slab of your fine triple smoked bacon.

The bacon is certainly delicious.

Mail your order now and in a few days enjoy the bacon treat that will make yours—America's finest breakfast.

ST. JOSEPH'S CHURCH

ATHENS, GEORGIA

SUNDAY, JANUARY 22, 1956

Dear Parishoner:

It is the inherent responsibility of the pastor of a Parish to attempt in every way to provide for the needs of his parishoners. It has become crystal clear to me that immediate steps must be taken to cope with a situation which, as each day passes, becomes more urgent. I refer to the provision for the education of the children of the parish within the next few years.

PARISH AND SCHOOL EXPANSION

As you may know, the population of this parish, disregarding transients, has increased more than threefold since 1949. This is an increase from 150 to 500 in six years!

The number of Catholic children attending school has multiplied almost five times or from 35 pupils to 150 pupils in the same period of time. Fortunately, through the foresight of our predecessors, the facilities have been adequate to accommodate this expansion. Such will not be the case at the end of the next five years.

The number of third grade students equals the combined totals of the fifth, sixth, seventh, and eighth grades. In these higher grades we have been able to accommodate two grades in one room. However, as the "bulge," represented by the third grade, moves upward, such an arrangement will no longer be possible.

Most significant, moreover, is the startling realization that for the next several years the population of the lower grades and prospective entering classes will average as high as the present third grade's population.

In short, the school population "bulge," so perplexing to the entire nation that the President saw fit to convene a special group of educators this past year to study and advise him regarding the problem, is not going to by-pass our school.

HIGH SCHOOL NEEDS

In addition to planning now for above-mentioned impending problems of school facilities, I am most aware of the demand and need for a Catholic high school for our children. It seems most logical to combine these two requirements when doing any advanced planning.

The immediate objective is to purchase land, conveniently located, so that appropriate space is available upon which to erect necessary buildings. At present, I foresee the eventual construction of a new grammar school on this property, and conversion of the present school to a high school.

Not only will the land be ample for the school building, but immediately it can be put to excellent use as a playground for the children. The desirability of this feature can be easily appreciated by a quick glance at our present "play" area.

A BUILDING FUND

Obviously, our needs are going to cost money. I confidently hope and expect that during this calendar year parishoners will contribute \$30,000 which will be used for the purchase of land.

Basically, the \$30,000 will have to come from parishoners, although no potential source of funds will be neglected. A group of men have volunteered to assume the task of contacting each parishoner in his home to secure a pledge of financial assistance which will enable us to achieve our goal.

It will be possible to make a lump sum contribution or to make monthly donations throughout the year. I found it most heartening when, among these volunteer solicitors, 21 of them pledged a total of over \$5,000. This represented an average of \$225 per family from a representative cross section of the parish.

TO HELP YOUR CHILDREN

Finally, I am fully aware of the financial demands that exist in your daily lives. I am also aware that from all reports, national, state and city, we are in the midst of the greatest period of economic prosperity in the history of our nation.

Does it not seem reasonable that after a decade of little or no significant solicitation in this parish, it is now appropriate to ask each of you to offer support to a cause which is for your benefit?

My plea is for your children, and has been based solely upon common sense reasoning. Over and above this, let us not forget our spiritual and moral obligations as dictated by the precepts of the Church that we are bound to support such Parish efforts.

SINCERELY YOURS IN CHRIST,
Walter J. Donovan
FATHER DONOVAN

THE ANACONDA COMPANY

25 BROADWAY

NEW YORK 4, N. Y.

March 20, 1957

To All Shareholders:

Re: Federal Tax Aspects of Capital Stock Subscription Offer

Stockholders of record of The Anaconda Company on February 14, 1957 received rights to subscribe to additional shares of capital stock at the rate of one additional share for each five shares held. The subscription price for each share was \$50.

This memorandum, prepared by counsel and based on a ruling received from the Internal Revenue Service, outlines for the convenience of stockholders the federal income tax treatment of the receipt and exercise or sale of these rights.

1. **Receipt of Rights.** The receipt of rights did not constitute taxable income to the stockholder of The Anaconda Company.

2. **Exercise of Rights.** No taxable income or realization of gain or loss resulted if the stockholder exercised the rights.

3. **Expiration of Rights.** No loss deductible from taxable income was sustained by stockholders if they allowed the rights to expire without being sold or exercised.

4. **Election If Rights Are Sold or Exercised.** In determining the cost for tax purposes (basis) of the rights in order to compute gain or loss on the sale of the rights and in order to compute the basis for capital stock acquired by the exercise of the rights, stockholders may use either of two methods.

(a) The first and simplest method is to consider that the rights had no cost basis. In this method the basis of the stock with respect to which the rights were distributed would remain unchanged. This method will govern unless the stockholder elects the alternative method (b).

(b) The alternative method is to allocate to the rights, a portion of the basis of the stock with respect to which the rights were received. This allocation must be made according to the respective values of the rights and the stock on the date the rights were distributed. The Internal Revenue Service has ruled that if a stockholder elects this method he should allocate 3.0581% of the basis of his stock to the rights and that 94.9419% would remain the basis of the stock. If the stockholder wishes to elect this allocation method he must so state in his 1957 income tax return. The Internal Revenue Service suggests that a stockholder should retain a copy of his return and the election for possible future reference.

5. **Sale of Rights.** If the rights are sold by the stockholder the profit or loss on the sale constituted a capital gain or loss. If the stock with respect to which the rights were issued was purchased more than six months before the rights were sold the gain was long term, if less than six months, short term. If the stockholder uses the method described in 4(a) the entire proceeds from the sale of the rights constituted capital gain. If the stockholder elects to use the method described in 4(b), the stockholder will have gain or loss depending on the basis allocated to the rights and the amount received from the sale of the rights.

6. **Tax Basis for Capital Stock Acquired Pursuant to Exercise of Rights.** If the taxpayer uses the method described in 4(a), his basis for capital stock acquired upon the exercise of rights is the sum of:

- (a) the subscription price (\$50) per share of the stock; and
- (b) the price paid for any rights purchased and exercised.

If the taxpayer elects to use the method described in 4(b), he should add to the sum of (a) and (b) the basis allocated to rights received and exercised.

7. **Holding Period.** The holding period for the stock acquired upon the exercise of the rights began on the date on which the rights were exercised.

C. E. MORAN
Secretary-Treasurer

This memorandum should be retained for income tax reference.

LEADERS IN SOUTH ACT TO EASE BIAS

Regional Council, Marking
14th Year, Notes Aid to
Troubled Areas

Special to The New York Times.

ATLANTA, Dec. 24—The Southern Regional Council will mark its fourteenth anniversary at the end of this year.

The council, widely regarded as the South's foremost interracial organization, is composed of leaders of both races representing civic, church, newspaper, business, labor and professional activities in twelve Southern states.

The organization's work in the field of race relations has come increasingly to the forefront during the period of transition and stress touched off by the Supreme Court decision in 1954 outlawing public school racial segregation statutes.

Harold C. Fleming, executive director of the council, recently emphasized the importance of "a wholly Southern organization working to ease the inevitable transition to a new social and economic order in the region, free of public distinctions based on race."

Headquarters in Atlanta

The council maintains a central headquarters here with a fourteen-member staff. It provides specialized educational services to community leaders and groups concerned with problems of interracial adjustment in each of the states.

Through its publication and information services, the council has sought to contribute to a climate of opinion in which Southerners of the two races "can come together in mutual respect and agree on adjustment programs."

In an average year, Mr. Fleming said, the council distributes about 200,000 pamphlets dealing variously with techniques for desegregating transportation, schools and colleges, recreational facilities and public libraries. It also has fostered employment of Negro

policemen and elimination of barriers to Negro registration and voting.

To implement its programs in these fields, the council's main effort consists of consultation and field services in which community relations experts are dispatched to local scenes when official or private groups request planning assistance.

Over the years the council has established a number of human relations organizations at state and local level. These are associated with the parent group for guidance and coordination of their activities.

Mr. Fleming stressed that "a new dimension has been added to the council's efforts in the past year as scores of influential foreign visitors have called at the council headquarters in Atlanta."

Visitors From Abroad

"These visitors," he said, "have included twelve British Members of Parliament, some thirty journalists, a dozen educators, ten churchmen and ten Government officials from twenty-five countries in Asia, Africa and Europe."

He added:

"These opinion-makers from other lands have shown tremendous interest in facts and interpretations that will help them reassure their people who are vitally concerned by the Southern crisis.

"The council has found it is of great value to have these visitors see at first hand an example of Southerners of both races working in common harness for democratic solutions to their vast social problem.

"Our aim in each instance has been to put the widely publicized trouble spots into a broader and more meaningful perspective by relating them to the social and economic upheavals which a changing South is now experiencing.

"We have found great responsiveness, particularly when we draw the parallel between the basic changes in the South and those taking place in the emerging nations of Asia and Africa.

"We feel it is significant for Americans, North and South, to recognize that there are Southerners working quietly against great odds for progress that will prove to ourselves and to the world the vitality of the American creed."

Capital City Club

Atlanta, Georgia

Seventy-fifth Anniversary

Today, April sixteenth, Nineteen Hundred and Fifty-eight, is the "SEVENTY-FIFTH ANNIVERSARY" of your Club - The Capital City Club.

History informs us the Club was founded on April Sixteenth, Eighteen Hundred and Eighty-three, by sixty-two social and business leaders of Atlanta. Dedicated to conviviality and culture, it has been nurtured by succeeding generations of Atlanta's and the South's foremost citizens. Now in its maturity, it symbolizes the progress of the new South with the gentility of the old.

Traditionally the center of Atlanta's social activity, the Capital City Club situated on the world famed Peachtree Street premiered the South's movie, "Gone With The Wind", and here within, in an atmosphere of southern hospitality entertained many visiting notables - including former Presidents of the United States, Grover Cleveland, Theodore Roosevelt, William Howard Taft, and Franklin D. Roosevelt - and other dignitaries from all parts of the world. It has been host of such occasions as - the original formation of the Federal Reserve Bank - gathering of the Governors of the Forty-eight States in dedicating the Stone Mountain Memorial, and many other prominent social, civic, business and political functions of the South.

Here the scars of war, fresh in the minds of the Club's founders, gave way to the friendships of progress and may it continue its notable success to a century of heritable hospitality to its people of Atlanta and the South.

POLLED HEREFORD NEWS

Moultrie, Georgia, December 1958

A large group of breeders of registered Polled Hereford cattle met here December 5, to discuss problems affecting the beef cattle industry in this section and their interest as breeders of seed stock.

They perfected a regional organization based on a resolution offered by W. E. Aycock of Moultrie and seconded by I. L. Shiver of Albany and unanimously adopted.

THE RESOLUTION

Whereas;

It now appears, to even the most casual observer, that the future **AGRICULTURAL** economy of the great southeast depends on the production of pulpwood, timber, pastures and **LESS ROW CROPS** with emphasis on more intelligent land use, such as higher fertilization, crop rotation, moisture control and **MORE** and **BETTER LIVESTOCK**, and,

Whereas;

These changed conditions mean increased demand for **BEEF CATTLE SEED STOCK**, and,

Whereas;

HEREFORDS being internationally known as; "**THE BEEF BREED SUPREME**", the demand is increasingly for the **HORNLESS BRANCH** of the family, which has no objectionable characteristic as evidenced by their acceptance by the **INDUSTRY**, and,

Whereas;

POLLED HEREFORDS are constantly winning in open competition and commanding **PREMIUM PRICES** at most of the shows and sales being held throughout the Nation, and,

Whereas;

The American Polled Hereford Association, supported by its members and leaders in the industry, has acquired land and have let contract for a \$150,000.00 headquarters building at Kansas City, Mo., near the center of the nation, to best serve **POLLED HEREFORD BREEDERS** in the matter of registration and transfers.

Now therefore;

We breeders of registered Polled Herefords, the only strictly **AMERICAN** developed beef breed, assembled at Moultrie, Ga., on December 5th, 1958, believe it is high time to perfect an organization to **PROMOTE POLLED HEREFORDS**

EXCLUSIVELY in this area and also believe the best method is plan **PERIODIC SHOWS & SALES** at Moultrie, and at other strategic places in the great southeast, with emphasis on well grown out bulls for farm and commercial herds and matured heifers for purebred breeding farms, thus assuring improved and acceptable seed stock at reasonable prices for further breed improvement, and,

Therefore;

We approve and suggest such an organization be perfected without further delay — and further suggest the organization be known as:

The Dixie Polled Hereford Association

with headquarters at Moultrie, Georgia

Officers elected by the group were H. Young Tillman, Valdosta, Ga., President; J. M. Odum, Vice-President, Mrs. Myrtle Aycock, Secretary-Treasurer, both of Moultrie, Ga. In addition to officers the following were elected Directors; R. E. Currin, Broxton; G. O. Rentz, Brinson; I. L. Shiver, Albany A. D. McKee and Sam Sells, Moultrie.

The first show and sale was set for Friday, March 6, 1959 to be held at the Livestock Auditorium here. President Tillman said a cordial invitation is extended all breeders of registered Polled Hereford cattle in the area to join the association, the membership fee being only \$10.00.

President Tillman also said breeders desiring membership should mail check to Mrs. Myrtle Aycock, Sec.-Treasurer, Box 23, Moultrie, Ga. and, if they wish to enter any cattle in the March 6th show and sale they should promptly notify Mrs. Aycock.

REGULATIONS GOVERNING SCHOLARSHIP AID GRANTS
BY THE STATE OF GEORGIA

QUALIFICATIONS

1. The Board of Regents of the University System of Georgia grants scholarship aid to qualified Negro citizens of the State of Georgia for study in those fields offered to the white citizens of the State by the University System of Georgia, but not offered at the Negro institutions of the University System.
2. Scholarship aid shall be granted only to legal residents of the State of Georgia. To be considered a legal resident of Georgia for the purpose of receiving scholarship aid, an applicant must present evidence as follows:
 - (a) If under 21 years of age, that the supporting parent (or guardian) has been a bona fide resident of the State of Georgia for at least one year next preceding the school registration date.
 - (b) If over 21 years of age, that bona fide residence in the State of Georgia has been established for at least one year next preceding registration for school, and that he is eligible to become a registered voter.
3. A person making application for aid the first time is required to submit a certificate of residency signed by the Ordinary or the Tax Collector of the county in which he resides.
4. No person shall be deemed to have gained residence while a student at any institution in the State of Georgia.
5. No person shall be deemed to have lost residence while attending school out of the State of Georgia if he can give satisfactory evidence of his intention to maintain his Georgia residence.
6. A person over 21 years of age who has been out of the State of Georgia for a period of one year or longer (excluding study at educational institutions and military service) must comply with Regulation 2(b) above.

APPLICATIONS

7. Application for scholarship aid must be filed with the Secretary of the Scholarship Aid Program before the student is registered in the institution for the term the application is to cover. No application will be considered for a term for which the student is already enrolled.
8. Approval for aid will be given for only one quarter or semester in advance. When an application for aid is approved, the student and the institution will be notified for such approval.
9. Application for renewal of aid must be made well in advance of each subsequent term by requesting renewal blanks from the secretary of the Scholarship Aid Program.

A change in field of study or a change from one institution to another may be made only upon approval of the secretary of the Scholarship Aid Program.
10. Scholarship aid is not retroactive. Therefore, consideration will not be given to an application which covers study completed at some previous time.
11. Only applications for aid in study at fully accredited institutions will be considered for scholarship assistance.
12. An applicant who has been conditionally admitted to graduate standing will not receive aid to remove such conditions if they may be removed in any institution for Negroes in the University System of Georgia.

13. An applicant who enrolls at an institution for courses other than those included in his approved program of study forfeits his right to scholarship aid.

PAYMENTS OF SCHOLARSHIP AID

14. The amount of scholarship aid is the differential between the cost of tuition and fees at the institution where the applicant wishes to study and the cost of tuition and fees at the unit of the University System of Georgia which offers the same program.
15. A fixed allocation (\$100.00 for 36 weeks) for room and board supplement is included in the total differential.
16. The differential in a two-way coach railway fare is paid once each calendar year. For summer school study only, the differential in a round-trip coach railway fare is paid.
17. The railway fare differential is allowed only in connection with a definite period of study and not for purposes of special trips for examinations, interviews, and college events.
18. Payment of scholarship aid is made after the institution files with the secretary proper forms giving information concerning the applicant's registration and fees.
19. Payment is made directly to the institution in which the student is enrolled unless the secretary is informed by the institution that the applicant's fees have been paid in full and that payment should be made to the student.
20. Failure of the secretary to receive the Institutional Certificate of Attendance or the renewal application within 60 days after the registration date of each term the grant of aid is to cover may result in forfeiture of the grant.
21. An applicant who enrolls for less than six semester hours of credit during any one term of study is not entitled to the railway fare differential and the room and board supplement except when less than six semester hours are required for completion of an approved degree program.
22. An applicant attending school under the G.I. Bill of Rights is entitled only to the differential in railway fare to the institution, plus the room and board supplement.

The Kappa Alpha Toast
to
Robert Edward Lee

With unbroken regularity and with unfailing reverent tenderness, the Kappa Alpha Fraternity celebrates the nineteenth day of January. Upon that day was born Robert Edward Lee of Virginia.

Lee himself, living, loving, labouring perfectly in daily sight of young men, was the proof and indication of the belief that it was possible for a living man to live up to the loftiest level of all human ideals.

KNIGHTS, GENTLEMEN, BRETHERN:

Lift high your glasses here tonight, and in the liquid spotless as his name, let us pledge for all time the Spiritual Founder—the First, last, and incomparable Knight Commander of The Kappa Alpha Order—Robert Edward Lee of Old Virginia.

ALMA MATER

(BY J. B. WRIGHT, JR., '12)

From the hills of Georgia's northland
Beams thy noble brow,
And the sons of Georgia rising
Pledge with sacred vow.

'Neath the pine trees' stately shadow
Spread thy riches rare,
And thy sons, dear Alma Mater,
Will thy treasure share.

Through the Ages, Alma Mater
Men will look to thee;
Thou the fairest of the Southland,
Georgia's Varsity.

Chorus

Alma Mater, thee we'll honor,
True and loyal be,
Ever crowned with praise and glory,
Georgia, hail to thee.
