GOING GREEN

The following listings have been selected by our authors because they demonstrate a strong commitment to sustainability. We've selected some places for their support of local producers. We've also preferred accommodation options deemed to be especially environmentally friendly, for example those showing real commitment to conservation.

For information on 'green' activities and locations such as hiking, cycling, kayaking and national parks, see the general index. For more tips on travelling responsibly in Thailand, turn to p63.

We want to develop our sustainable-travel content further so if you think we've omitted someone who should be listed, or if you disagree with our choices, email us at talk2us@lonelyplanet.com.au. For more information about sustainable tourism and Lonely Planet, see www.lonelyplanet.com/responsibletravel.
